HARRY M. KLEEMAN, PENNA. FREIGHT CONDUCTOR, HAD HIS HEAD CRUSHED AT MIDDLETOWN

A distressing accident on the Pennsylvania Railroad, a short distance west of the overhead railroad bridge at the western limits of Middletown, about 4 o'clock Wednesday afternoon when Harry M. Kleeman, aged 56 years, was struck and instantly killed by an

east bound passenger train.

Kleeman, a resident of No. 510

West James street, Lancaster, was west James street, Lancaster, was employed as conductor on a shifter that works out of Royalton, and it was while in the course of his duty, that a draft of newly completed repair cars were being drawn out of the yard at the main plant of the Middletown Car Company, that the accident occurred

According to members of the shifter crew, Kleeman had gone to the west bound freight track on the main line, opposite the car works and was signaling to the engineer to draw the cars west-ward. At this time an east bound freight train drawn by two engines approached, and it is believed, that while Kleeman was performing his duty, the sound of the approaching passenger train on the next track was not heard. The passen-ger train, it is said was a few minutes late arriving at the local station, and was running very fast to make up the lost time.

It appears that Kleeman evidently had attempted to step across the tracks when he was struck due to the fact that he was hurl-(Turn to Page 4)

NEXT MEETING WILL BE HELD TUESDAY, JAN. 25, AT THE HOME OF MRS. EBY IN THIS BORO

The Mt. Joy W. C. T. U. met with Mrs. I. D. Stehman last Tuesday evening with six members The meeting was opened the president reading second chapter of Luke and offered prayer. After singing, the roll call was responded to with a Christmas thought. The secretary and treasurer's reports were heard and accepted. Several had been made to the sick and shut-ins.

The Law Enforcement Fund was then discussed and it was decided to ask the churches of the town for an offering. The business men will also be visited. This is a very important work as we all know that nothing can be accomplished without money. Governor Pinchot stated at the county convention this past summer that his hands would have been tied had it not been for the help of the W. C. T. U. women and their friends. What Shall Be Done With the Money?

EX-BURGESS BACHMAN DO-NATES ALL COST MONEY HE COLLECTED WHILE IN OFFICE TO A WORTHY CAUSE

When John A. Bachman elected Burgess of Mount Joy, decided to repay his friends doing the very best he knew h as the boro's chief executive. Was ne successful? We'll say he was. Many will remember his crusade against the speed maniacs several years ago and a number were oftended, when fined, to such an exent that they made some very uncomplimentary remarks about what he intended doing with the money he collected as his share of the costs and to which he was entitled.

Mr. Bachman has done something that not one Burgess in the history of Mount Joy boro has ever done. He kept a separate bank account of every cent of costs collected during his entire term in office. These costs amounted to \$186.50 and he has informed the editor of the Bulletin that he will contribute this entire amount toward any

vorthy cause in this town.

He has asked the writer to get he opinions of our well thinking beople as to just what he should do with this money.

We hereby solicit suggestions from our citizens, male or female,

and sincerely hope they will write us their views on the subject. In next week's Bulletin we will publish all the suggestions and the Burgess will then select the one that in his opinion is the best. In addition the editor will give a year's subscription free to the person whose suggestion is selected as being the best. This offer is open to any one. If you are al-ready a subscriber you will be given a year's credit.

Let's all help to make final dis

position of this money since Mr Bachman is so very generous.
