

BEGIN YOUR NEXT MERRY XMAS. NOW

If you had started saving a few cents a week a year ago today, how much easier it would have been to buy gifts this year.

And how much merrier would the Christmas be with more and better gifts to hand to father or mother, sister or sweetheart, wife or daughter, or to the little kiddies that want them most?

Join Our Xmas. Savings Club--Now Open

And be ready with a nice snug bank account when Christmas comes again. The plan is simple, easy and satisfactory in every detail. Here it is:

In Class 1, you pay 1 cent the first week, 2 cents the second week, 3 cents the third week and so on for 50 weeks. Total \$12.75.

In Class 2, you pay 2 cents the first week, 4 cents the second week, 6 cents the third week, and so on for 50 weeks. Total \$25.50.

In Class 3, you pay 3 cents the first week, 6 cents the second week, 10 cents the third week, and so on for 50 weeks. Total \$63.75.

You May Reverse The Payments If You Wish To Do So

For instance, in Class 2, the payments start with 2 cents and end with \$1.00. If you wish you may pay \$1.00 the first week and 2 cents less each week until the last payment is 2 cents, and so on with all the classes.

We also have five classes in which the payments are always the same, as follows:

- Class 10-\$10 Cents Each Week, Total \$ 5.00
Class 25-\$25 Cents Each Week, Total \$12.50
Class 50-\$50 Cents Each Week, Total \$25.00
Class 100-\$1.00 Each Week, Total \$50.00
Class 200-\$2.00 Each Week, Total \$100.00
Class 500-\$5.00 Each Week, Total \$250.00

You may join as many classes as you wish.

OWL-LAFFS

When one of our muchly married men came home from Lancaster Saturday night, his wife noticed powder on his coat and said: "What does that mean?" The poor sap replied: "Trouble, my dear."

I believe some girls can see in the dark. So thinks one of the fellows who goes to Columbia. He told me that when the lights went out, she said: "Why, Bill, you haven't shaved."

"All's well that ends well," said a Salunga woman as she slapped the cold cream on her face.

You know, I'm beginning to think it's an awful long lane that has no lovers.

A certain farmer, in Rapho, has a mule that indirectly was responsible for his wife's death. The other day a horse doctor wanted to buy the mule and the farmer said: "No, sir, I expect to get married again."

I read this one in one of my county weeklies. The couple referred to are sixty years old. "Mr. and Mrs. E. B. Retter are being congratulated on the arrival of a daughter, Mabel, who has just returned from college."

Remember last week it was so very foggy that night I said to a fellow: "Ever see a worse fog than this?" He said: "Yes, but it was so foggy that time that I couldn't tell just where it occurred."

An East Main street man, while eating at a Lancaster restaurant, told the waiter that his steak was tough. She said: "Sir, we are not responsible for the morals of our food."

One of the pupils in our Eighth Grade asked her father to help her do a problem. He said he would but he knows it wouldn't be right.

They tell me that recently a truck hauled 1300 gallons of milk from Lancaster to Pottsville and I've been wondering ever since what it brought back.

A hobo, walking in the gutter down Main street: "Dis must be a collich town--there ain't a cigar butt on the street."

You know I'm beginning to think that hunting is a very dangerous sport. Nearly all the game gets shot and so many of the hunters get half shot.

One of our West Main street chicks tells me that a girl who is so dumb that he must triple space her letters so she can read between the lines.

Dr. Workman told a certain lady that she had acute appendicitis. She went home and told her husband that the doctor flattered her.

"Guess I'll go on a bencher," said the fly as he started to crawl around on a pretzel.

A young chap from Florin said that his girl's veil is just like a mud puddle--they're both in the road.

A Mongolian weezle face came into my office and asked if I ever aw an oyster's elbows.

Of course, a guy like that don't know much. He even says a horse can't go two miles on a mile track.

Guess you all heard that Abbie Shelly doesn't drink any more--well, he don't. But he says he drinks just as much.

Really, I hate to talk about people but there's a chap strolling about town frequently who isn't much good. Steve Kaylor says the fellow's father would have saved a lot of money if he'd raised a pig instead.

There's a chap from Conewago came to the Bulletin office and said he thinks we should send him the paper for 25 cents a year. Believe me, that guy is tight. He wouldn't eat in the sun for fear his shadow would ask him for a dime.

His wife says he is so darned stingy he kicks whenever she takes enough hard to grease her specks.

But if you saw him, you would not wonder. His head is so thin his ears rub together, and if you slipped a thimble over his brains, it would go down on his shoulders.

"I simply can't get over it," said a sweet young miss as she flopped down time and again while trying to walk across the ice pond at Florin the other night.

A young couple here who were recently married had this conversation. She said: "Do you love me?" He said: "Madly." She: "Would you die for me?" He: "Great heavens, no--mine's an undying love."

The orator eats tongue, we hear; The Sultan drinks lunch; The undertaker drinks his hie; The prize fighter his punch.

Due to the enforced use of soft coal, the chimneys at the Church of God parsonage and at the home of S. P. Engle, on South Market street, were found to be on fire. The fires were quickly extinguished.

Mrs. Lloyd Kauffman visited at the home of her parents, Mr. and Mrs. Harman, of Centerville, on Wednesday.

On Monday evening, Miss Fanny Bard entertained the King's Daughters of the Cookman M. E. church. A fine program was rendered, consisting of singing, readings and recitations.

On Wednesday afternoon, John Kauffman Jr., was hurt while coasting down a hill. He knocked into the back of another sled going down the hill and received two deep cuts on his face. The doctor was summoned and it was necessary for him to put a number of stitches into it.

The revival services are still in progress in the Ironville U. B. church. The number of converts at present is 21. On Sunday, the 15th A. M., regular church services at 10:15 A. M., when a number of people will be received into the church membership. Holy Communion will be served.

"Red" Grange, famous football star of the University of Illinois, turned down a movie contract to return to his old job of delivering ice from door to door.

The acrobats spring water drink; The toaster eats toast; Surveyors eat their stakes, we think.

And Editors, a roast. Shoemakers have filed of sole; The printer, pi and sweets; The hungry actor eats his role; While policemen munch their beats.

I suppose you know that Joe Hershey has a new helper. At least so they say, Fred Feasters, muncier, opens the shop in the morning--Saturday was his first.

About the funniest thing we ever saw, our friend, John Swank, sports editor of the New Era, pulled over on us Saturday evening. The printers got the lines mixed and put the totals of a bowling game on the bottom of a basket ball game and as a result Elizabethtown bent Manor. They made 790 field goals and 796 fouts for a total of 2370 points. Some game, eh.

Mail carrier Hoffer was delivering worm shaft to a patron, when Mr. Morton exclaimed: "That worm will never become a snake." Evidently, he thinks worms grow and become snakes. Some one should present him with a Biology book for reference.

I read an ad in a Philadelphia paper Sunday as follows: "Wanted--a boy to deliver oysters that can ride a bicycle."

That's a new kind on us. Wonder what they really look like?

One of our families here claim that the canary is the only bird that fills the home with song. I know a family here that have a new baby and darned if I think the canary, has anything on the stork.

No Demonstration can reveal all of BUICK Excellence

Any time you drive a Buick you will wonder how such a remarkable car can be sold at such a moderate price. In just a few minutes you will realize that you are starting stopping, parking, driving with much greater ease and security. And that you are surprised by quality and luxury workmanship that rank with the very finest.

But demonstration will tell only part of the Buick story, and you should know all of it. A demonstration cannot show you the enduring stamina of body and chassis that belongs to Buick. Years are necessary for that. It can only suggest the powerful ability of Buick's 75 horse-power Valve-in-Head engine, built for hills. It cannot tell you how thoroughly the Buick "Sealed Chassis" and the Buick "Triple Sealed" engine will protect Buick performance on dusty, gritty roads.

And it cannot even hint of the mental ease you will enjoy, with Buick Authorized Service "just around the corner," everywhere in America.

Better Buick Six Cylinder Valve-in-Head motor cars range in price from \$1,125 to \$3,395. For local Buick factories, among the Buick open and closed models there is one that will meet your desires exactly.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM. S. J. ULRICH ELIZABETHTOWN, PA.
