

"So say they all!"

Ask any Willys-Knight owner why he bought his Willys-Knight...

Ask him for a full and frank expression as to the satisfaction he has had in his car...

Ask him about engine-repair bills—about enforced lay-ups because of valve-grinding or carbon cleaning...

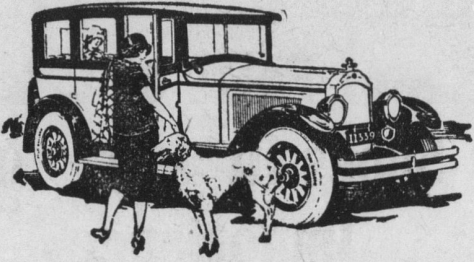

Question him about performance—about the condition of his engine, at 5,000 miles, at 25,000—and-50,000, at 75,000 miles or better...

And, above all, ask "If you ever had to buy another, what car would you next buy?"

An overwhelming majority of Willys-Knight owners will tell you they bought their present Willys-Knights for one of two reasons—

Either they had previous first-hand experience with another Willys-Knight, or because one or more other owners told them in emphatic terms a Willys-Knight was the car they ought to buy!

Anyone of the quarter-of-a-million will tell you that the service he has enjoyed has been

literally flawless, through his entire period of ownership—that his engine-repair bills have been practically nil. As for valve-grinding or carbon complications of any character, these are outside his experience. He has never expended a dollar because of either, nor has he been without the use of his car for a day or a single hour!

There has yet to be discovered the Willys-Knight owner who does not appear to exaggerate when the question of performance is to the fore. A sweet-running car, powerful, quiet, smooth, from the first turn of the engine—at 5,000 miles, as at

25,000-to-50,000, it is still more powerful, still smoother, still quieter. And at 75,000 miles—and-over, an even greater improvement is in evidence. For this car is driven by the patented Knight sleeve-valve engine, the only motor-mechanism that improves with use—the only engine that, up to a mileage-point still undetermined after 16 years' use, increases in power, increases in smooth and silent running, increases in all-around efficiency with every mile!

"Another Willys-Knight"—this is the answer, inevitably, to the query as to what car any one of the 250,000 present Willys-Knight owners again would buy. Extraordinary satisfaction. Extraordinary performance. Extraordinary long life. Naturally, your Willys-Knight owner is an enthusiastic owner. And he is steadfast in his loyalty. He will buy another Willys-Knight. He will recommend the same course to all who inquire.

He knows that neither you nor he can realize such perennially magnificent service in any other car!

Convenient terms. Your present car applied as part payment.

Four-cylinder models from \$1195 to \$1595. Six-cylinder models from \$1750 to \$2495. All prices f. o. b. Toledo. We reserve the right to change prices and specifications without notice.

West Main Street,

MOUNT JOY, PENNA.

OWL-LAFFS

O. W. L. (On With Laughter)

One of our young ladies went to Lancaster and, calling at a store, asked the clerk for something for a fancy dress ball. She was handed a mask.

The sea of matrimony is sometimes very rough. So, for the average person, One voyage is enough.

A Marietta dude made his usual trip here to see his girl Sunday night. While sitting in the parlor he said: See this stick-pin. It belonged to a millionaire." She said: "Who?" He replied: "Woolworth."

One of our young shicks went down street Saturday evening with a shovel. I asked him what it meant and he replied: "I've got a couple girls and I want to dig up another fellow."

"This is certainly a rare old chest," said an antique collector as he encircled the waist of one of our old maids a few days ago.

An East Main street man said to his neighbor: "Do you find it hard to meet expenses?" "Heavens, no," said the man, "I meet them every-where."

A South Barbara street girl said: "I think the Charleston is awful." "I can't learn it either," said her friend.

Dumb Dora is in again. She asked me if the hemlock was a part to a sewing machine.

Enos Rohrer claims he sells shock absorbers that are so good that if a fellow wore a set and sat on the electric chair it wouldn't hurt him.

Now you tell one.

When asked what he was thankful for Sunday, a little boy here said: "I am thankful daddy gave me \$5 when I didn't see him kiss our hired girl."

A certain young fellow here came home from school recently and told his parents he was a quarter-back on the foot ball team. His mother said: "Pop, better give him twenty-five cents so he can pay his debts."

Have you heard that new song yet? It is called the Livery Stable Blues. The words are fine, but the air is bad.

I went to a dance at Lancaster the other evening. While in the hall a chap said to me: "Look at that girl dancing the Charleston." I learned later that there was a bug down her back.

Henry Garber, the bread man, came into the office Monday morning and said: "Think of good beer at only 5c a glass." I said: "Where on earth can you get it outside of Canada?" He said: "O, I don't know, but just think of it."

Was down at Ed Ream's the other day and he was talking about religious fish—at least I heard him say, "Holy mackerel."

A poor sap from the West end asked his neighbor if cat fish ever get kittens and if they do, what keeps them from drowning.

Of course that same guy walked five miles to a river bank to get a check cashed.

Some fellows claim they get quite a thrill from a kiss but I'll bet it would take at least 50,000 volts to even jar some men after they are married a year.

You know there's one thing I can't exactly figure out. We have a hang about their husbands, yet they live on his account.

However, if a man loves his wife he shows it by doing things for her. Ditto his home town.

Usually the fellow who is always waiting for soft snaps has nothing but hard times.

The short skirt has also revealed the fact that all family skeletons are not kept in closets.

Old Maid: "In all my life I have never seen a man make an improper advance to me." Flapper: "But I'll bet you've witnessed some rapid retreats."

Pick Garden Spot Have you selected the location for this year's vegetable garden? A permanent site has an advantage over the policy of moving the garden each year in that the soil may be more rapidly and permanently improved through the annual addition of quantities of animal and green manures and commercial fertilizers.

Street Car Costs \$17,000 The modern double-track electric street car for city service costs about \$17,000 or double what it cost ten years ago. Eleven years ago a Pullman car could be bought for what a street car costs today.

A pressure tester much like a tire gauge now tests the firmness of apples, doing away with the old-fashioned method of pressing the fruit with the thumb.

Mount Joy Sport Quibs

WRITTEN ESPECIALLY FOR "THE MOUNT JOY BULLETIN" BY WITMER EBERLE

Mount Joy High Varsity basketball team showed that they are composed of the best caliber, Saturday afternoon boys they held the highly touted Manor Township Varsity cage team to a five point lead, the final score being 25 to 20. "Jimmy" Krall, plucky little fellow, just passed over a three forward, but he played better than ever in the Saturday night game. "Bunk" Herman lead with the highest number of points, having four two-baggers to his credit. The local team, as a unit, played the best brand of basketball seen on the local court this season, never failing to pass the ball, when ever the opportunity presented itself. Our local lads also played a fine defensive game, playing the ball instead of the man as they generally did.

That the Manor lads came here expecting a runaway was apparent by the way they seemed to be taken by the locals, passing the ball from player to player, causing the player nearest the basket to try for a field goal. The local lads could have done a little better in their defense, but they were trying for field goals, but you can not see any team which does not miss some of their tries.

The Mount Joy lads took advantage of the Manor team's over-confidence and by their fighting spirit and the support of those along the sidelines, the local lads showed the Manor team a hot time. The students, of the local high school, showed their school spirit by giving organized cheers at the right time. The noise made by them rang over the gymnasium, and the local players transferred the spirit of the cheerers into their playing. This school spirit, cheerleader of the local high school should be complimented in the way she leads the cheering spirit. Even though the scholars have been spread all over the gymnasium in the various games of the season, nevertheless she leads them in cheering for the Alma Mater, at every game. She has the pep and push which every student and every citizen of our town should have.

Physical Director Kontner, of the Lancaster High School, who coaches the Lancaster High School Junior Varsity, expressed the opinion that the Manor High School boys' basketball team could defeat Lancaster High. The writer does not have that opinion, and we beg Physical Director Kontner to look over the Saturday night score, and then change his opinion. It is true that the Manor High boys are a fast passing team. They are all well built and have no Midgets on their team. Rothville defeated Manor on the Rothville floor. Both Rothville and Manor, expected to win the Scholastic Championship of basketball in Lancaster county this season. Two other teams that should be considered are Lititz High and Ephrata High. Neither of these teams appeared here this season, but we can compare Lititz because the Lititz High reserves defeated the local High lads on the Lititz court earlier in the season. Ephrata High defeated Lititz High on the Lititz floor, Saturday night by a 20-15 score. Therefore, their chances of winning the scholastic championship of the county have been boosted. Ephrata High also defeated Millersville Normal Friday night by a score of 31 to 23.

Now we must mention the splendid game the local lads played at Akron Friday night. "Jimmy" Krall was high scorer with four field and four foul goals each to his credit. "Bunk" Herman also scored; so did Ben Charles and Carl Engle. The locals must have played an extra good game, for any team that can defeat Akron on its home floor must play extremely good. A few years ago the local High team won a game there only to suffer through a fight after the game. That town seems to contain a bunch of hard losers. Not so, with Mount Joy. The local fans have been supporting the High School, no matter whether they won or lost. Given two disappointments in the earlier part of the season did not keep the fans from attending the games regularly. If the fans continue to support the local High School in the manner they are at present, next year the local High School should be able to clean up in splendid fashion. Then too, the new gymnasium will be used, and the fans will not always be bothered by the throwing of the ball into the bleachers.

Splendid Girls' Team Mount Joy has a splendid girls' team this year. They have lost only one game so far this season, and that was to the Manor High Lassies in the Manor floor. Incidentally, it was the first game of the season and the local girls were not used to playing together then. Now they seem to be developing into championship caliber, and if they keep up their fine work they certainly can mix with the best girls' teams in Lancaster city and county. The Millersville Normal girls could probably defeat the local girls, but Stevens High, of Lancaster, is the only real logical contender for the championship. "Stranger" Hall should get busy and schedule the Lancaster Lassies for our home girls to play, now that the Manor win is still ringing on the wires. The Manor game was real peppery, and our home girls had to fight from the beginning of the game until the ending whistle. At various times the Manor girls seemed to be forging ahead but, our local lassies continued to pass to "Hun" Engle and Lydia Shank, who passed the ball into the basket. They showed superior team work, and Coach Eshleman must have put the local girls through some stiff practices for the game. When the Manor girls saw that they could not keep up with the local girls' pace, they began to make excuses for losing the game. Our Referee, Lee Ellis, then began to receive the brunt of the attacks, the Manor Girls' coach even going so far as to call time

out and go out and argue with Lee. Miss Bender lost part of one of her lower front teeth, and she was fighting mad. She became so angry that Lee had to send her out of the game. She lost her temper and began to slug, push, and do anything to harm our local girls. "Tood" Schatz was the one who received her affectionate pushes, and Tood did her best not to get put out of the game. "Tood" guarded Miss Bender very closely, thus oftentimes causing a foul. When "Tood" received five fouls, which was in the last quarter, the Manor bunch had "Tood" put out of the game on account of the rule. "Hun" Engle then went back to guard and Ethel Moore went in as forward. The game luckily did not last very long after those two very unsportsmanlike actions, and Mount Joy had preserved her lead sufficiently to win over the Manor Girls.

Hun Engle had the most number of points to her credit, making six field goals. Lydia came next with four two-pointers and two fouls. None of the other girls scored, but they made up for that by passing and playing a close guarding game. "Milly" Lindemuth most always managed to out jump the Manor High Girls' center and one of the other local lassies received the ball which "Milly" tapped.

The school spirit of most of the High School scholars seems to have reached the highest point available, but there still are some who should show their school spirit in a more showable way. All of the students should sit in a group and then when the cheer leaders call for a cheer for the Alma Mater, better results would help the players get a better fighting spirit. Coach Flaherty must certainly feel good because of the splendid games his local pupils played while he was absent. He certainly will have something to be cheerful about. He is having his tonsils and adenoids removed at the Lancaster General Hospital.

Advertise Your Town Advertise your town. How? One of the best ways to advertise our beautiful and prosperous town, Mount Joy, is by supporting its basketball teams. The high school teams are receiving their full share of the support, but the local BIG FIVE sponsored by the Mount Joy Athletic Association is losing out heavily financially. Manager Benjamin F. Groff says if the local people do not patronize the team better within a few weeks, the team will have to disband or play only games away from home. Folks, let us go out to the games and encourage the local players. So far, they have won three games and lost two games. The three they won were played at home to an audience of less than 50 people. It certainly is disgraceful, to have only 50 people see our splendid team in action. The teams defeated were the Rothville Big Five, Columbia Big Five and Manheim Big Five. Both of these games were played on the opponents' floors.

So far, all in the local Big Five have given their best to support our town. And two of the players are from our neighboring town, Elizabethtown. They deserve praise, and it is up to you citizens to give them the support they deserve. "MIL" Heilman are the two players whom I refer to. The local boys, who play on the team, are "Mel" Weaver, "Toots" Masteer, "Bill" Mateer, Albert Laskewitz, and Lee Ellis. All these young men are giving their time, to playing basketball under the name of the Mount Joy Big Five, thus, boosting Mount Joy. These fellows should be encouraged in their work by all the citizens of the town. Of course, they are not champion basket ball players. If they were, we would not have them here. The way I understand it the Manheim Big Five are paid players. They play for the money, and the Manheim fans have to pay for the players. Not so with our local lads. They play for the benefit of the whole town, in general. Let us all be out and see the game Wednesday evening. And say if ex-Burgess Bachman wants to give that \$186.50 to a good, needy, and practicable cause, I move that he donate it to the Mount Joy Athletic association. Signed, "WIT"

48 COUNTIES CONDUCT ORGANIZED CLUB WORK

Agricultural club work was conducted in 48 of the 65 counties having organized extension work in the state last year, according to Allen L. Baker, state club leader of the Pennsylvania State College. This was an increase of seven over the previous year.

Enrollment for the year in agricultural club demonstrations was 2,710 compared with 2,474 in 1924. The number of clubs was 204, an increase of 13 over the previous period. The leading county had an enrollment in excess of 500 members. Four counties each had an enrollment of more than one hundred, while the average number per county was 54. Sixty-nine per cent of the club members completed the year's work as compared with 66 per cent in 1924.

France has given permission for 36,000 Jewish families to settle in that country. One Jewish family per village is the rule to be followed.

Winter or Summer

BUICK Performance Is Better

At zero, Buick Automatic Heat Control means easy starting and smooth running immediately. In every temperature, this exclusive Buick feature insures gasoline economy, automatically, and at all speeds.

Buick mechanical 4-wheel brakes makesure, footing that is insecure. Through two winters and two summers half a million Buicks have proved the all-year dependability of the Buick type of mechanical action is not affected by weather changes.

And not even a blizzard will harm the Buick Valve-in-Head engine. Every point where metal would rub metal is lubricated under pressure.

You will not find another car today, regardless of its price, with its performance, so perfectly protected. Winter or summer, a Buick is better!

BUICK MOTOR CO Division of General Motors Corporation FLINT, MICHIGAN

Better Buick Six Cylinder Valve-in-Head motor cars range in price from \$1125 to \$1995. f. o. b. Buick factories. Among the Buick open and closed models there is one that will meet your desires exactly.
