LOCAL YOUNG MAN ON REPORTORIAL STAFF

WITMER EBERLE

Witmer Eberle, a well known young man of this place, has accepted a position with the Lancaster Intelligencer as reporter. Mr. Eberle was connected with that paper in this town six years, beginning as a newsboy, and working himself up to general manager of the routes in Mount Joy and Florin. He also was a correspondent with the Steinman newspapers for two years, and wrote special Mt. Joy articles for the Sunday News for a period of six months.

He did other extensive writing, and quite a few of his articles appeared in the Mount Joy Bulletin. For a while during the winter months, he conducted a Sports column in the Bulletin called "Joy Town Sport Quibs."

Mr. Eberle is a graduate of Mount Joy High School, and of Commercial Department of Lancaster Business College. He resides at the home of his parents at 102 East Donegal street, Mt. Joy.

"The Honeymoon"

The Men's League of the Trinity Lutheran church will give a home talent play in Mt. Joy Hall, Friday evening, May 14, and Monday evening, May 15, entitled, "The Honeymoon." The admission is 45 cents and a nickel extra for reserved seat.

Feed Grain with Pasture

Continue grain feeding when the cows are turned out to pasture. Early pasture grass is very watery and grain supplements are necessary. Equal parts of corn, oats, and wheat bran make a good mixture for this type of feeding.

The Mt. Joy Bulletin costs only \$1.50 per year.

LOCAL DEALER PUBLISHES THE TRAFFIC TOWER

A very interesting little magazine, called the "Traffic Tower," is being published by Mr. H. E. Garber, local Goodrich tire dealer, and the first issue is being distributed now to car owners throughout the community.

The contents of the magazine are devoted to subjects interesting to motorists—touring advice, hints on the care of tires and care in driving for the sake of greater motorist safety.

Two very humorous stories give the reader fifteen minutes of amusement. One of these stories—"How to Enjoy Jay Walking" is filled with hints to the pedestrian advising him how he can conduct himself in crossing the street to jangle the nerves of motorists.

The magazine will be appreciated by any golf enthusiasts when they read: "Bertie Joins a New Club."

Mr. Garber says he is planning to release three more issues of the "Traffic Tower" during the summer.

**Pratts**  
Years ago the introduction of **Pratts** Buttermilk Baby Chick Food revolutionized and made chick raising safer, surer and easier. The original "baby food for baby chicks"—Pratts—is correctly balanced, mechanically predigested, appetizing, sweet, pure. It makes chicks live and grow.

After starting them right, keep up their health and growth by feeding PRATTS BUTTERMILK GROWING MASH. Gives quickest, most uniform and profitable growth. Every Pratt Product—Feed, Regulator, Lice Killer, Disinfectant or Remedy—is sold under this square-deal guarantee—

—This Year Don't Make This Costly Mistake

Plan this year to keep your cows in the barn, on a Larro ration, until you know you can turn them out without sacrificing profit. Too early pasturing is costly—it will cut milk production, pull down the condition of your cows, and damage the pasture itself. By all means use your pasture when it's ready, but right now your best bet is Larro.

Use Hotbeds Again  
Hotbeds may be used for the growing of melon and cucumber plants in paper bands or pots after the tomatoes have been removed, say vegetable gardening specialists of the Pennsylvania State College. Such crops also may be planted directly in the hotbed, a hill to each sash, and allowed to mature there.

You may as well try to conduct your business without capital as to try and get along without advertising. There's no use, it won't go.

# Firestone TIRE DEALERS

## Serve You Better and Save You Money

We have the tires and the tubes that are delivering thousands of extra miles—

### Firestone Gum-Dipped Tires

Every fiber of every cord is saturated and insulated with rubber. Used by the operators of the biggest taxicab, motorbus and truck fleets. These big buyers measure mileage and demand Most Miles Per Dollar.

### Firestone Steam-Welded Tubes

Steam-Welding vulcanizes the splice in live steam—a special Firestone process—assuring an air-tight tube, so important to the life of your tire.

You, too, can get the extra mileage, economy and comfort now enjoyed by the big transportation leaders and by hundreds of thousands of satisfied motorists, by equipping your car with these wonderful Gum-Dipped Tires and Steam-Welded Tubes.

WE TAKE YOUR OLD TIRES IN TRADE and will give liberal allowance for unused mileage. Come and see us.

### Oldfield Tires and Tubes

Let us show you why Oldfield Tires and Tubes have made such a good name for themselves. Compare these tires and tubes with any others on the market.

Made in the great Firestone factories by expert tire builders, and carry the standard guarantee
