THE T. B. TEST

Every day in every way the present method of testing cattle for T. B. is becoming more unpopular. The test is claimed to be neither scientific nor profitable. Medical authorities differ widely as to the transmission of the tubercular germ to the human body from an animal. The farmers are not going into the proposition blindly.

YOUTH

Today is dedicated to youth. He stands at the foot of a hill, eager to begin the ascent. And instead of turning the spotlight on the bumps, which he knows are there, let us give him a glimpse of the sunlit places that lay beyond. It is no occasion for presenting a gloomy prospect intended to subdue his ego. It is a time for cheers, and perhaps even a little stimulant for that egotism which, after all is a force, when not abused, to reckon with.

SHAME ON CANTON

Canton, Ohio has lost a good editor and has been shamed before the world because officers sworn and paid to enforce the law there failed to do their duty and allowed the under world to gain control of the city. The law abiding citizens who would not see because they did not care to see will have to sweat blood in order to reclaim the city, which never should have been lost. Let any city wink at vice and corruption and sooner or later there will be events transpiring there to shame it before the entire world.

ED. REAM Invites You to Attend the First Showing of the Studebaker Custom Sedans

Studebaker Standard Six Custom Sedan \$1385

Big Six Custom Drougham \$1985 The President, a Big Six Custom Sedan (for women), broadcloth or Chase Mohair upholstery... \$2145

Equipment

No-draft ventilating windshield, bumper and bumperettes, engine heat indicator and gasoline gauge on the dash, coincidental lock, oil filter and air purifier, automatic windshield cleaner, automatic spark control, rear vision mirror, and two-beam headlights, controlled from steering wheel.

FOR the first time in an automobile of economical production, these Studebaker Custom Sedans duplicate the master creations of custom design!

Swung low in the body—close-hauled in the coachwork—fleet and flowing in their lines—resplendent with the lacquered loveliness of duotone color schemes—and replete with every detail of correct custom treatment, from broad-lace trim, Butler finish hardware and Chase Mohair interiors to the silvered figure of Atalanta poised on the radiator.

These Custom Sedans combine the lines that appeal to a woman with the stamina that appeals to a man—add custom refinements to the ruggedness of Studebaker perform-

ance—offer disc wheels and four-wheel brakes—reaffirm the inflexible standards of Studebaker quality—and invoke anew the great Studebaker tradition of making good with the public by continually making better in the plant!

They are the latest examples of the Studebaker policy of progressive betterments. To the smoothness and power of the quiet Studebaker L-Head motor is added the custom symmetry of line and treatment that would be absolutely impossible, at the Studebaker price, without Studebaker One-Profit facilities.

These Studebaker Custom Sedans are now on view at our display rooms. You are invited to come in and see them.

thresher has completed the threshing of wheat for Phares Brandt, with an average yield of 43 bushels per acre; Rev. S. S. Shearer, 42 bushels; Charles Riceford, 40 acres, 33 bushels per acre. Isaac Kupp, an extensive alfalfa grower, near Rheems, is turning down a field that has been yielding 3 and 4 crops annually. It requires a special plow on account of the large stalks. He delivered one stalk to Rheems, that had a number of roots forty-five inches in length. J. L. Heisey and Sons, Rheems, who have their delivery trucks pressed into service to their utmost, hauling direct from the threshing equipment to their warehouse, where it is elevated direct into the cars Tuesday, July 27. They broke all records by receiving and loading into cars twenty-five hundred and nine bushels of wheat, price \$1.30 per bushel. The Bowlers' Beach fishing resort created a fishing trip to the following Rheems sportsmen last week who traveled in automobiles: Elmer R. Kraybill, Abner Riser, Charles Riceford, Daniel Erb, Clayton Myers, Walter Espenshade, H. H. Bard, Robert Kready, Winfield B. Heisey, George Flowers, Luther Grove, Jacob Foydy, Charles Raeb-er, Enos Floyd, Raymond Heisey, Leroy Leedom, Harry Leedom, Jno. McBride, S. Baker. They report a catch of 80 fine fish.
