Local Benevolent Society's Appeal

WILL MAKE SECOND ANNUAL DRIVE FOR FUNDS TO REPLENISH ITS TREASURY.

The following letter was mailed to the Business and Professional men of the town, by the Benevolent Society:

The Benevolent Society will start its second annual drive for funds to replenish its treasury, to meet the demands for the year 1927.

Our appeal in October 1925 was met with such cooperation that we are looking forward to equally good results this year.

Owing to the result of our appeal last year, our treasury has a small amount on interest, to take care of an emergency or an epidemic, and by adding to it little by little we will be able to accomplish bigger things.

Let us explain just what we have been doing—There has been quite a few cases every year where sickness has made things difficult in a family, where we have helped with a couple baskets of groceries, milk, bread, etc. These boosts have been appreciated but not abused. We have also helped with clothing, shoes, etc.

One of the best things the society ever did, was to retain the Community Nurse for the year 1926. Her work has been wonderful and appreciated wherever she went. On Christmas the baskets will be sent to cheer quite a number of homes. Every case is investigated before help is given. Only a very small percentage are found not worthy. All drives in Mt. Joy go over the top. Will we go over the top for our own town?

Winter is soon here and we need your help. Will you mail a check to Mrs. Emma Manning, Treasurer. One of the undersigned officers will call between November 27 and December 1 on those who have not responded.

We will thank you for your careful and thoughtful consideration.

Ed—Only those familiar with the local Society, know of the wonderful work accomplished here during the past year. We sincerely hope our people will be quite liberal, thereby assisting the Benevolent Society in accomplishing bigger things.

BEST WAY TO PREVENT CUTTING IN PRACTICE

To prevent other drivers from continually cutting in, drive close enough to the car ahead so that there is no room for the man behind to cut in after he passes. In order to get by he will have to pass at least two cars at once. That will discourage him in this annoying practice. Drive quietly along while he argues the matter out with the next driver he meets.

Prevent Poultry Colds
To prevent colds in the poultry flock keep the hen house dry, allow at least eight inches of perch room per bird, and provide plenty of green food. A dose of epsom salts, at the rate of one pound of salts to each 400 pounds of poultry fed in a wet mash may do a great deal to get the affected flock back into condition.

President Coolidge Issues Proclamation of Thanksgiving

Asks That November 25th Be Set Apart As Day of Praise

In a Thanksgiving proclamation issued on Saturday, October 30th, President Coolidge asked the nation to make November 25th a day of praise to God for a year in which the United States had been "blessed among the nations of the earth."

The full text follows:

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION
As a nation and as individuals we have passed another twelve months in the favor of the Almighty. He has smiled upon our fields and they have brought forth plentifully; business has prospered; industries have flourished; and labor has been well employed. While sections of our country have been visited by disaster we have been spared of any great national calamity or pestilential visitation. We are blessed among the nations of the earth.

Our moral and spiritual life has kept measure with our material prosperity. We are not unmindful of the gratitude we owe to God for His watchful care, which has pointed out to us the ways of peace and happiness; we should not fail in our acknowledgment of His divine favor, which has bestowed upon us so many blessings. Neither should we be forgetful of those among us who, through stress of circumstances are less fortunately placed, but by deeds of charity make our acknowledgment more acceptable in His sight.

Wherefore, I, Calvin Coolidge, President of the United States, do hereby set apart Thursday, the 25th day of November, next, as a day of general thanksgiving and prayer, and I recommend that on that day the people shall cease from their daily work, and in their homes or in their accustomed places of worship, devoutly give thanks to the Almighty for the many great blessings they have received, and seek His guidance through good deeds and brotherly love they may deserve a continuance of His favor.

In witness whereof, I have hereunto set my hand and caused to be affixed the Great Seal of the United States.

Done in the City of Washington, this 30th day of October, in the year of Our Lord one thousand nine hundred and twenty-six, and of the independence of the United States, the one hundred and fifty-first.

CALVIN COOLIDGE

By the president:
Joseph C. Grew,
Acting Secretary of State.
