Young Folks Are Joined in Wedlock

(From Page One)
Moyer Diffenderfer, both of Elizabethtown, were united in marriage by the Rev. Frank Croman.

Sultzbach—Feeser
A pretty wedding was solemnized in St. Mary's Catholic church, Marietta, when Miss Gertrude Feeser, daughter of Mr. and Mrs. Lewis Feeser, of Maytown, was united in marriage to Charles Sultzbach, son of Mr. and Mrs. Peter Sultzbach, of Marietta.

Wadsworth—Wampler
A wedding was solemnized at the home of Rev. and Mrs. H. K. Ober, at Elizabethtown, Christmas morning when Mrs. Emma Wampler, and Rev. William John Wadsworth, Jr., of Pottstown, were married by Rev. Ober. The bride was attended by Mrs. Annie Minnich, Ironville, as matron of honor.

Rettew—Mummaw
Thursday evening in the parsonage of the Otterbein United Brethren church, Cleveland, R. Rettew and Miss Erna Mummaw, both of Ironville, were married by Rev. C. H. Holzinger. The ring ceremony of the church was used. The young couple were accompanied by Melvin R. Wissler, of Lancaster, and Miss Thelma Lewis, of Columbia. The bride was attired in pink satin-back crepe and carried a bouquet of white bridal roses. The bridesmaid was dressed in green georgette and carried pink roses. Mr. and Mrs. Rettew will reside in Ironville.

Geistweit—Myers
On Christmas morning at 10 A. M., Miss Mildred Geistweit became the bride of Mr. Paul Myers, of Elizabethtown.

The ceremony was solemnized by Rev. Ralph Bornman, of the Evangelical church, and was witnessed by Mr. and Mrs. Harry Kaylor and Mrs. Ralph Bornman.

The bride is one of the prominent young ladies of the Evangelical church. She is actively engaged in the various organizations of the church, and is an assistant pianist in the church choir.

Treasurer of the K. L. C. E.; as Assistant Editor of the local church paper, and is a member of the church choir.

The bridegroom has been engaged in work in his home town, where he has been at home with his parents.

Both young people come from good Christian homes, which has resulted in developing noble character.

Plan for the 1927 Garden
A few of the 1927 garden seed catalogs have been distributed by mail. They are more beautiful and interesting than ever. They make very interesting reading after the holiday season when you are looking forward to spring planting. Jot down the varieties and amount of seed you require. Send your order early.

So delicate is a new instrument now being made to measure heat in the more distant stars that fly wings are used in parts of its construction. In making the instrument the craftsman cut down a brass tube to such thinness that it crumples under its weight like a piece of paper.

A good sandwich spread is made by mixing grated orange rind with an equal amount of butter and a small amount of orange juice. These sandwiches are nice for afternoon tea, or for serving with a beverage at an evening party.

Tokio petitioners are being tried for lese majesty for having plotted to present publicly a petition to the Prince Regent. A public petition to the throne is against the laws, regulations and dignity of the Imperial household.

Owing to the unnatural heat of the autumn months, chestnut, apple, and pear trees and lilacs have been blooming in France for the second time this year.

At modern wage rate, it would have cost more than \$6,000,000 to construct the great pyramid of Egypt.

The reformer should be patient with us. After all, the world's wickedness keeps him in a job.

Live hoers are being tattooed in an attempt to trace diseased pork back to its source.

"Inside" Information
Do you measure accurately when you make a cake? Fill your measuring cup and level it off? Level off each teaspoon and tablespoon? Sift dry ingredients as directed? Cream sugar and fat thoroughly? Fold egg whites in last? Success in cake making depends partly on some of these fine points; others will be found in farmers' Bulletin 1450-F, Home Baking.

One Charles Newbold, of Burlington, New Jersey, took out the first American patent on a plow in 1797. Newbold's plow could be drawn by two oxen whereas other plows required strength of eight or ten.

A new British tank has as its armor a special steel which, if attacked by an oxyacetylene torch, will send out a shower of sparks of such magnitude that the burglar will be driven away.

By an experiment in England whereby indestructible tags were attached to their legs, it was discovered that rats would travel 190 miles to obtain food.

Potatoes immaculately scrubbed and carefully wrapped in tissue paper, now come from the state of Idaho.

Are You "Toxic"?

It is Well, Then, to Learn the Importance of Good Elimination.

FUNCTIONAL inactivity of the kidneys permits a retention of waste poisons in the blood. Symptoms of this toxic condition are a dull, languid feeling, drowsy headaches and, sometimes, toxic backache and dizziness. That the kidneys are not functioning as they should is often shown by scanty or burning passage of secretions. Many readers have learned the value of Doan's Pills, stimulant diuretic, to the kidneys, in this condition. Users everywhere endorse Doan's. Ask your neighbor!
