

Saturday--GARVIN DAY in the Tremendous Sale Celebrating Our Greater Store Opening

Seldom has any sale held so much interest for the thrifty shoppers. Saturday will be known as GARVIN DAY and we intend to make it the record-breaking event of Our Greater Store Opening.

A cordial welcome and real, worthwhile savings await the many customers and friends of Mount Joy and vicinity, who will come to see the larger Garvin Store and take advantage of its scores of Opening Specials.

M. T. GARVIN & CO. 29 to 37 East King Street LANCASTER, PENNA.

MANOR HIGH DEFEATS MOUNT JOY HIGH

Mount Joy High School teams split even in a pair of games on the local court Friday night. The Varsity tossers went down to defeat at the hands of Manor High in the feature game by a score of 36 to 22, while the Reserves tumbled the Maytown High outfit, 41 to 13.

The contest between the Varsity teams was a nip and tuck affair for a half but that Manor swung into her real stride and piled up a safe margin. Mount Joy, however, went to pieces after the first half and missed many easy chances at the basket. Every time Mt. Joy missed, Manor took the ball down the floor for a score.

BETTER SHEEP RESULT OF GRADING PRACTICE

Grading and selling cooperatively has helped materially to improve the livestock of Allegheny County, Va., according to information received by the United States Department of Agriculture from County Agent S. B. Surber. Referring to the grading and sale of sheep, Mr. Surber contrasts the old method the new.

Take Care of Fresh Cow Cows about to freshen should be given special care and attention. A mash made with hot water and wheat bran to which a little salt has been added is excellent just before and after refreshing. Feed the mash at blood temperature. For at least a day after freshing give only warm water to drink.

Strong Demand For Forest Trees Extension foresters of the Pennsylvania State College report that the demand for forest trees for the spring planting is greater than ever before. The supply at state nurseries is close to the point of exhaustion except for a few species.

The man who thought a buggy was good enough

IN THE old days, a solid, conservative citizen might sniff and tell you he didn't read advertising.

He didn't think so much of the horseless carriage, either. The telephone was newfangled, and an insult to the United States mails.

As for radio, aeroplanes, wireless photography—if they had been born then, he probably would have thought them a bit immoral.

But he's changed. He's been educated. His point of view has been made broader and more modern. He has been civilized—by the automobile, the telephone, radio, advertising.

Every single one has opened up new paths for him, taught him new things. Advertising, especially. Advertising tells him the newest things to wear, the best things to eat. Advertising tells him how to make a home up to date and attractive. Advertising tells him the prices to pay for things he buys, saves him from the old-fashioned ways of doing business—helps him live well, keeps him modern.

Advertising can help you. The advertisements in this paper are here to tell you many things that make life more comfortable, more interesting, happier. Read them, faithfully. They'll keep you abreast of the times. They'll prevent you from becoming the type of old foggy—who—sniff—doesn't read advertising.

Give Chicks Clean Feed The all-mash system is the most sanitary method for feeding chicks. It also is a labor-saver. The condition of the grain is more important than the exact mixture. Be sure that the grains are clean and wholesome. Feed both mash and grain in troughs or hoppers.

Spread Tile First In tiling, dig the ditches after the tile have been spread. Start at the outlet and work uphill. Have a depth of not less than two feet. Do not use tile as a culvert from a pound, but lay them below the bottom of the pound.
