STATE HIGHWAY DEPT. WILL COMPLETE THE ROAD

The Elizabethtown Chamber of Commerce for the last month were in communication with the State Highway Department relative to one mile of road from the borough limits to the macadam road built by West Donegal township, which is in a poor condition, asking that the State build and finance this mile of road. A communication received by the secretary of the chamber, D. L. Landis, states that the road project has been considered favorably and the road will be built and financed by the State.

The Elizabethtown Borough Council will be asked by the chamber to lay a macadam surface on Maytown avenue, leading to the macadam road to be built by the State Highway Department, and the West Donegal township road, thus forming a continuous macadam road to Maytown and Marietta. Indications are that the Elizabethtown Borough Council will also reply favorably to the Chamber of Commerce.

Season's Wheat Crop Is Moving

VARIOUS AUTHORITIES URGE EARLY THRESHING TO HALT RAVAGES OF ANGUIMOIS MOTH

Lancaster County farmers have begun to market their \$2,800,000 wheat crop.

They are receiving around \$1.28 for their wheat at the mill.

Wheat harvest this year is later than usual. Slightly more than half the wheat has been housed. Much of it is very ripe.

The season was so backward that the wheat not only ripened late but the farmers were so far back with their other work that they just could not get around to the wheat crop.

A feature of wheat harvest this year is a general use of tractors to pull the binders.
