

### Religious News in Our Churches

NEWS PERTAINING TO ALL THE CHURCHES IN MOUNT JOY BORO AND THE ENTIRE SURROUNDING COMMUNITY

**Donegal Presbyterian Church**  
Rev. C. B. Segelken, D. D., Pastor  
Church School at 9:30.  
D. C. Witmer, Superintendent.

**Trinity Lutheran Church**  
Rev. Geo. A. Kercher, Pastor  
Bible school 9:30 A. M.  
Morning service 10:45 A. M.  
Evening service at 7 P. M.

**The First Presbyterian Church**  
Rev. C. B. Segelken, D. D., Pastor  
Church School 9:30 A. M.  
H. S. Newcomer, Superintendent.  
Morning worship and sermon at 10:30. Theme: "Holding Fast Sound Words."  
Evening worship at 7:30. Theme: "The True Righteousness."

**Methodist Episcopal Church**  
Rev. Wm. H. Beyer, Pastor  
9:15 A. M. Sunday School.  
Dr. E. W. Garber, Supt.  
Preaching by pastor 10:30 A. M.; 7:30 P. M.  
Thursday 7:30 P. M. Prayer service.

Hearty Welcome to all!

**St. Mark's Church of the United Brethren in Christ**  
Rev. H. S. Kiefer, Pastor  
Sunday school at 9:00 A. M.  
H. N. Nisley, superintendent.  
Morning worship and sermon at 10:15 A. M.  
Worship and sermon at 7:30 P. M.  
You are most cordially invited to all these services.

**Church of God**  
Rev. I. A. MacDannald D. D., Minister  
Sunday School 9:30 A. M.  
J. S. Hamaker Superintendent.  
Sermon 10:30 A. M.; 7:45 P. M.  
C. E. 7:00 P. M. Leader Mrs. C. E.  
7:00 P. M. Leader Mrs. Albano.  
Junior Choir Wednesday 3 P. M.  
Prayer service Thursday 7:30 P. M.  
Choir rehearsal and mens' chorus Wednesday 8:30 P. M.  
You are invited to worship with us.

**Evangelical Congregational Church**  
Rev. A. Lee Barnhart, Pastor  
Prayer service Thursday 7:30 P. M.  
K. L. C. E. Business meeting Tuesday 7:30 P. M.  
Choir rehearsal Friday 7:30 P. M.  
Sabbath School Sunday 9:30 A. M.  
Morning worship at 10:30 A. M.  
K. L. C. E. Sunday 6:45 P. M.  
Topic: "What can we do to help improve our Community?"  
Leader: Mrs. John Way.  
Evening worship Sunday 7:30 P. M.  
Come and worship with us.

### ELIZABETHTOWN

A car driven by A. S. Risser of R 2, this boro, was slightly damaged in a collision at Lancaster on Monday.

It was announced here that the newly organized Elizabeth Hughes Club, of Elizabethtown, which was founded to replace the former Delphian Society, whose charter expired some time ago, will give free educational courses to children in the studies of art, sewing and story telling or education.  
Children from 8 to 10 years of age will be entitled to join the art classes, and others from 6 to 16 years of age will be included in the sewing and elocution classes.  
The guests of the Masonic Homes were entertained recently by the Lykens Glee Club, which rendered a musical concert in the Grand Lodge hall auditorium.

### Wonderful Opportunity

A young man started a garage in 1923. He was quite successful and today has a concrete building 40x75 including a 5-car show room, work shop, office, etc., with complete and modern equipment and accessories. Also a private garage, 2 1/2 story brick dwelling with all modern improvements on same lot. Business includes Chevrolet agency. Entire proposition will be sold and possession given within 15 days. Owner will walk out and new man in. Price very reasonable and good reason for selling. If you want a paying business here's a snap. Call, phone or write Jno. E. Schroll, 41R2 Mount Joy, sept14-15.

### Cultivate Asparagus

The popular vegetable, asparagus, should be cultivated during the summer months even though the stalks are not producing. Efforts along this line will be rewarded next spring by big, healthy stalks.

### SOME HIGH SPOTS IN FARM HISTORY

1851—Formation of the first State-wide agricultural society.  
1855—Charter secured from the General Assembly for a Farmer's High School which later became the Pennsylvania State College.  
1859—Organization of the first State-wide society of fruit growers.  
1861—First class graduated from the Farmer's High School, probably the first to graduate from a purely agricultural institution in the United States.—Pennsylvania Department of Agriculture.

### STRAIGHT TALKS WITH AUNT EMMY

ON BUILDING AN INCOME

As Aunt Emmy came out of the savings bank she met young George Oliver.

"Well, well," he said, "it's funny to see you coming out of a savings bank, Aunt Emmy. I thought only poor folks like me had money in savings banks—people like you just clip coupons!"

"Have you a savings bank account?" countered Aunt Emmy.  
"Well, er—I suppose I haven't," he admitted. "You see, it's hard to save money when you're first married. Somehow there never seems to be enough money to go 'round—let alone to put in a savings bank."

"You never will have if you don't get started," interrupted Aunt Emmy. "You should make your weekly savings deposit, no matter how small, the first claim on your salary after paying your bills. I make my weekly deposit in this bank faithfully—I put away a certain sum regularly."

"You can't!" Nat commented.  
"It is more a habit than you would suppose," Aunt Emmy continued. "Any one can do it who is willing to let other things wait. I began putting a little money in a savings bank years ago when it was no joke to save a few pennies. I remember what a wonderful thrill I got the first time I saw my interest entered in my bank book. There was money that my money had earned all by itself. After that it was a sort of game with me to put a certain sum in the bank, even if I had to do without things I would have enjoyed having. Now I realize what it means to keep your money busy earning all the time so I continue to put a little in the savings bank regularly and, after it accumulates, I draw some out and invest in safe securities that pay a higher rate of interest than savings. All the time, you see, the money is working for me."

"Of course, when the sum is small, it earns little, but if you start young, as you and Molly are, it is almost like magic the way it mounts up after a few years—then when your savings get grown up into a real investment they earn a real income."  
"I never thought of it in that light," said George.  
"Try it—and see for yourself how it works," urged Aunt Emmy. "Have you ever thought how nice it would be to have a few dollars ready for use in case of an emergency? Accidents and illnesses do happen. Or suppose you had an opportunity to buy something you knew you could sell at a profit and you had to let the opportunity slip for the lack of a few hundred dollars. You and Molly would never miss five dollars a week—and if you keep at it, it will work wonders!"

"You're right, it would!" exclaimed George. "I'll talk to Molly tonight, Aunt Emmy, and see if we can't revise our expenditures."  
"There would be a whole lot less family trouble and worry over money matters if every young couple did the same thing early in life," Aunt Emmy said. "Start young," is the magic slogan."

"I never thought of it in that light," said George.

### BANKERS PROMOTE FARM CONTESTS

Standard methods of farm administration have been made the basis of a contest by bankers of Pike County, Alabama, as a method of bringing a farm and home program to their patrons, says the bulletin of the Agricultural Commission, American Bankers Association. A safe and profitable farm community is the goal in this work.  
The farm and home program has been outlined as follows:  
Standard Farm Scorecard  
Total Net Income:  
Per acre ..... 15 points  
Per worker ..... 15 " 30 points  
Total Diversified Income:  
Cotton ..... 4 points  
Corn ..... 2 " "  
Poultry ..... 2 " "  
Hogs ..... 2 " "  
Cows ..... 2 " "  
Garden produce .. 2 " "  
Dairy products .. 2 " "  
Fruit and melons .. 2 " "  
Miscellaneous .. 2 " " 20 points  
Soil Building:  
Legume crops .. 8 points  
Rotation of crops 8 " "  
Fertilizer ..... 4 " " 20 points  
Farm Supplies:  
Food for stock .. 5 points  
Food for workers 5 " " 10 points  
Business Ability:  
Farm management 4 points  
Records ..... 3 " "  
Investments ..... 3 " " 10 points  
Home Efficiency:  
Conveniences ... 5 points  
Appearance ..... 5 " " 10 points  
Grand Total ..... 100 points  
A booklet explains the contest to the bank patron and urges him to enter by securing a record book from his bank. The winner for the entire county receives a grand prize of \$100. The county is divided into districts with 75 and 850 prizes for each district.

### Marconi Pays Tribute to Operators Lost at Sea

Senatore Guglielmo Marconi and officials of the Radio Corporation of America paying homage at Battery Park, New York City, where there has been erected a Wireless Memorial, the only one in the world. Marconi offered a silent prayer "for those who died that others might live."

### WALTER DAMROSCH TO DIRECT NEW MUSIC EDUCATION HOUR

Walter Damrosch (left) and David Sarnoff, Vice President and General Manager, Radio Corporation, completing arrangements for New Music Education Hour.

Arrangements have been completed for a special series of 24 educational orchestral concerts to be broadcast next season, beginning in the fall. The new Music Education Hour sponsored by the Radio Corporation of America will be under the direction of Walter Damrosch, the dean of American musicians, who made the Hour of the past season one of the great accomplishments of radio broadcasting.  
In response to the nation-wide demand for an educational hour of music for young people and children, next season's program will be given Friday mornings at 11 o'clock Eastern standard time, so that it can be heard in the schools. It is planned to use 23 stations of the National Broadcasting Company and associated stations, covering the entire country between the Atlantic Coast and the Rocky Mountains.  
In making the announcement, David Sarnoff, Vice President and General Manager of the Radio Corporation of America, said:  
"Since the first days of broadcasting we have confidently looked forward to the time when radio broadcasting and reception would be so perfected that it might be used for universal education as well as entertainment. Millions of dollars have been spent in the development of broadcasting, with the belief that this new means of universal communication would become of great public service, supplementing and augmenting other means of education."  
"When Mr. Damrosch came to us some time ago with a plan for incultivating a better appreciation and understanding of good music, we were immediately impressed by its great possibilities. And the many thousands of letters recently received from teachers, parents and educational authorities, from all over the country, following our three experimental lecture-concerts, have confirmed our judgment.  
"The time for music education over the air is opportune, because of the perfected state of radio broadcasting. The best music can now be transmitted to the microphone with the full assurance that it will issue forth from the loudspeaker in the school or the home with a true approximation of the original rendition."

### NEW SOCKET-POWER RECEIVERS MEET WITH FAVORABLE RESPONSE

The new socket-power receivers are fast replacing the old type set. The simple form of turning on the light switch now supplies an inexhaustible source of uniform power.  
One of the new and improved socket-power receivers recently announced is the Radiola No. 13. In speaking of it, Mr. J. L. Ray of the Radio Corporation of America said, "It is entirely self-contained and extremely compact, requires no batteries or external radio power units, but plugs directly into the nearest A-C electric light socket or outlet. With simplified preclon tuning, substantial volume and realism of tone, and finely balanced sensitivity and selectivity, this new receiver has all the basic features to make it an outstanding success."  
"In addition, laboratory technicians have further improved selectivity so that sharper tuning is provided with the new receiver. An improved form of tuned radio-frequency circuit is employed, comprising three stages of radio-frequency amplification, detector, and two stages of audio-frequency amplification.  
"The operation has been reduced to the simplest form. A power switch turns the set on and off. The current drain from the electric light line is no greater for the new receiver than for the usual 50-watt lamp. Tuning is accomplished entirely by one knob, while an indicator dial moves past a window in the panel. The volume intensity is controlled by a simple, volume control to meet the specific tastes of the listener.  
"This new receiver represents the latest developments in the broadcast reception art, which mass production has made available at a price well within the reach of the average family."

### Base Ball Notes During the Week

MOUNT JOY BLANKS LEBANON TEAM THRU EXCELLENT TWIRLING OF HENDRIX

The Mt. Joy baseball team defeated the Lebanon Club 2-0 in a hard fought contest on the local diamond Saturday afternoon. Several weeks ago the local team was defeated at Lebanon but on this occasion they came thru with a brilliant victory. Both of the Mt. Joy runs were scored in the first inning and after that it was nip and tuck.  
The pitching of Hendrix was largely responsible for the Mt. Joy victory as he was in fine form striking out seven men and otherwise mastering the situation. Weaver and Showalter were the big guns at the plate for Mt. Joy while Firestone starred for the Hebron club.

### Foul Tips

Maytown lost to Victrix on Saturday 8 to 4.  
Bainbridge won a good game from St. Luke's Saturday 4 to 2.  
The Victrix Reserves defeated Klinesville 13 to 4.  
Kinderhook walloped Shawnees.

### OSTRACIZE RECKLESS DRIVERS

An authority on traffic problems says:  
"Every traffic accident is a symptom of something wrong. Something wrong with the driver, the pedestrian, the street or highway, the control system, the vehicle, the ordinance, the police department, or the community. In cities, two-thirds of the victims of fatal motor vehicle accidents are pedestrians. Our great problem is to define clearly the proper use of streets by vehicles and by pedestrians and the obligations of each to the other."  
He urges "an organized campaign of ostracism of the motorist who endangers self and every one through non-observance of traffic signals, boulevard stop signs and the like, and who is generally the same fellow that pulls across the crosswalk, makes elderly people jump out of his way, splashes mud on pedestrians and generally behaves himself like a hog."  
He says public officials promote violation of traffic signals, when they put signals at places where they are not needed, run them at times when they are not needed or run them on too long a cycle."

### AMERICA LEADING IN RADIO COMMUNICATION

The opening of a new, direct radio channel between New York and Lisbon, Portugal, for the transmission and reception of Radiograms was recently announced by the Radio Corporation of America. The inauguration of this radio circuit adds another spoke to the world-wide communication system which has New York as its hub and radiates directly to England, France, Germany, Italy, Holland, Belgium, Argentina, Brazil, Colombia, Venezuela, Porto Rico, the Dutch West Indies, and Dutch Guiana. From San Francisco other direct radio circuits join the United States to Hawaii, Japan, the Philippines, Hong Kong and Shanghai, China, the Dutch East Indies and French Indo China. To further insure the continued supremacy of the United States in transoceanic radio communication the RCA is planning additional circuits for the near future to countries as near as Canada and Cuba, and as distant as Spain, Czechoslovakia, Chile and Siberia.

### Advertising is no longer a theory. It is a science. And it pays.

Advertising is no longer a theory. It is a science. And it pays.

### Another speaker declared that "advertising is greater than any single moral force we know of today. Advertising brings about changes for the betterment of life itself, changes which fuse into the social and political life of the nation."

It is now generally admitted by economic forces everywhere that advertising is the most important development of modern business. And it is also coming to be realized that newspaper advertising is the best kind of paid publicity. In the convention just mentioned the delegates who were advertising experts, agreed that newspaper advertising affords the best publicity medium for the churches and all church activities.

### PENNSYLVANIA AT WORK

\$6,300,000,000 IN LIFE INSURANCE IN FORCE IN PENNSYLVANIA

RESIDENTS of Pennsylvania have increased their life insurance protection approximately 117 percent in the last seven years.

Life insurance in force in the state now totals approximately \$6,300,000,000 according to the most reliable estimates obtainable. In 1920 insurance in force amounted to \$2,900,000,000.

Life insurance measures the financial well-being of any community, economists believe. This is because it stands for the form of provision against future needs. Few states carry as much insurance in the same proportion as Pennsylvania. Here is sort of protection has been built up in Pennsylvania is shown in the following table:

Year	Insurance in Force	Percentage Increase From 1920
1920	\$2,900,000,000	100%
1921	3,200,000,000	110%
1922	3,500,000,000	121%
1923	3,800,000,000	131%
1924	4,100,000,000	141%
1925	4,400,000,000	151%
1926	4,700,000,000	161%
1927	5,000,000,000	171%

These data are based on the business of legal reserve companies conducting ordinary life and group insurance policies.

### ADVERTISING

Advertising and not competition is now the life of trade, according to the advertising experts who met to attend the International Advertising Association convention. The delegates at this meeting heard a number of interesting things. Among these was the statement by Charles Stelzle, New York expert, to the effect that if churches do not advertise their "ware"—spiritual upbuilding and moral betterment for both the individual and humanity—they cannot hope to arouse interest among the masses and fulfill the obligations placed upon them as parties to the general spiritual movement.

Another speaker declared that "advertising is greater than any single moral force we know of today. Advertising brings about changes for the betterment of life itself, changes which fuse into the social and political life of the nation."

It is now generally admitted by economic forces everywhere that advertising is the most important development of modern business. And it is also coming to be realized that newspaper advertising is the best kind of paid publicity. In the convention just mentioned the delegates who were advertising experts, agreed that newspaper advertising affords the best publicity medium for the churches and all church activities.
