THE COUNTRY NEWSPAPER OF GREAT VALUE ACCORDING TO STATEMENT OF NOTED EDITORIAL WRITER—PROVEN BY FACTS

Arthur Brisbane, one of the best minds of the time, says:

"H. Z. Mitchell's' 'Sentinel'," published at Bermidjii, Minn., wins the prize as best weekly in the National Editorial Contest. This is a good time to remind the public in general, and national advertisers in particular, that country weekly newspapers are the most important organs of public opinion and protectors of public welfare.

"And, their advertising per mill line, is not excelled by any publication, of any kind.

"The reader of a country weekly buys everything from shingles on the roof to cement in the cellar floor, and every advertiser has in him a possible customer."

School Merger Is Gaining Impetus

(From Page One) The curricula in many consolidated schools have been enriched by the addition of music and art upervision and the organizing of orchestras and bands. Physical education is receiving much attention.

Many parent-teacher associations have been organized in connection with these schools.

Close 1,500 Schools The report shows that approximately 1,500 one-teacher schools have been closed and the children are now being transported to con-solidated schools. The records also show that during the past year 23,000 children were transported to consolidated schools for which the districts maintaining them will reeive imbursement for transportaion from the State.

From July 1, 1927, to July 1, 1928, forty-seven sites were approved by the State Council of Educaion for new consolidated schools. The following factors were cited chools in Pennsylvania: Reimbursefor transportation by the State; bonus of \$200 per year for each closed school; the State's assistance in maintenance of transportation vehicles owned by the school districts; the State road building means of transportation by motor
