Home Disasters That Needn't Occur

Institute of Thermology of Holland, ures available. Mich., or the conflagration of as many houses as there are in Buffalo. Y., with a population exceeding half a million.

At least three-quarters of these fires may be classed as preventable, and chief among the preventable fires are those caused by heating plants J. in need of repair and cleaning. Defective chimneys and flues are the third greatest cause of the total fire loss in this country. Stoves, furnaces, boilers and their pipes take place and fires originating from sparks on the roof come eighth. Another significant fact is that in

year somewhere in the United States one of these three preventable causes a home catches fire, and there is loss than from any other single cause. of property, if not of life. This had national annual fire-loss from makes a total of 131,400 residential these three causes combined is \$59, The national annual fire-loss from fires every year, says the Holland 261,679, according to the latest fig-

> A thorough cleaning out of the furnace, pipes and chimneys every year will tend in a large measure to re duce these losses, says the Institute. and is, therefore, a civic responsibility on every householder. modern giant power suction vacuum cleaner, all the dirt is removed from the heating system, and the removal of carbon from the chimney eliminates the possibility of sparks falling on the roof.

At the same time, the whole heating and smoke-pipe system is inspected for defects, which, when discovered, may be repaired before they result in disaster.

Canned Foods On The Farm

on the farm have more than an academic interest to many farm housewives. Some foods, such as pineapples and fish, cannot be canned on the ordinary farm. Some farmers do not plant kitchen gardens, so the staple fruits and let a farm woman, Mrs. Gertrude M. Elliott of New Paltz, New York, tell her story:

Real Farmers

"In the vegetable line for winter's use we stock up with cases of peas, corn, string beans, beets, tomatoes, corn, string beans, beets, tomatoes, was paragus and pumpkin (for pies).

"As for fruit, we preserve plums and pears because we have them, and apples are available practically all the year. The other fruits like peaches, pineapple, grapefruit and huckleberries, we buy by the case.

"We always have a supply of canned shortening, soups, pork and beans, and salmon on hand.

"We this such a supply of canned foods, together with our home canning, we are prepared for unexpected.

OMMERCIAL canned foods "In the vegetable line for winter's

She says, "Our farm, comprising one hundred fifteen acres, embraces dairying, poultry raising, fruit growing and forage crops. I say this in introduction to prove we are farmers. Since we have no garden, we find it advisable to buy canned foods to great deal of unnecessary fatigue."

foods, together with our home canning, we are prepared for unexpected callers at a minute's notice. Then, too, we are always sure that our canned foods won't spoil as home canning often does, and it is just as cheap ultimately, since it saves time, energy and a great deal of unnecessary fatigue."

Now on Display in our Showroom

Today you can see the most sensational automobile ever introduced—The Outstanding Chevrolet of Chevrolet History, a Six in the price range of the four!

This new car is now on display in our showrooms and we cordially invite you to come in for a personal inspection!

When you lift the hood and see the new six-cylinder valve-in-head engine you will realize that a new era has dawned for the buyers of low-priced automobiles. Representing four years development and testing, this new power plant is a marvel of advanced design. It develops approximately 32% more power than any previous Chevrolet engine. It displays sensationally greater speed and faster acceleration. And yet, despite this brilliantly improved performance, it maintains Chevrolet's worldwide reputation for economy-averaging better than twenty miles to the gallon of gasoline!

Great Array of New Features

Matching this spectacular advance in performance is the greatest array of new features Chevrolet has ever announced.

The new four-wheel brakes not only assure positive safety, but are exceedingly quiet in operation. The new two-beam, headlamps with foot control dimming device were never before available in Chevrolet's price class. And so on throughout the entire chassis, you will find feature after feature demanded in the finest automobiles and now offered on the Outstanding Chevrolet.

Distinctive New Beauty

But, however impressed you may be by the mechanical superiority of the Outstanding Chevrolet, your admiration will reach even greater heights when you study the car's distinctive beauty.

The marvelous new Fisher bodies represent a masterful example of artistic coachwork. Never in Fisher's long and illustrous service to the automotive industry has Fisher style supremacy been more clearly revealed!
