## SPECIAL MEETING OF BORO COUNCIL

TOOK ACTION ON SEWER PROPOSITION OF CREAMERY CO.—WILL NOT ENLARGE THE POST OFFICE BUILDING

Mount Joy Boro Council met in special session Monday night for the transaction of such business as needs the attention at this time. Messrs. J. L. Murphy, S. H. Miller, Jos. Witmer, Harvey Hawthorne, and H. B. Arntz were present.

Chairman Murphy asked for a report on the sewer proposition. The new creamery company, thru Mr. H. S. Newcomer, proposed laying sewer pipe in a present open sewer, from Old Market street and along Manheim street and the Manheim road to Little Chickies creek, the company to pay half the expense if the boro paid the other half.

Mr. Miller, of the Street committee, reported that it would require approximately 1,800 feet of pipe and that the expense would be about one dollar per foot. However, he said that only about 750 feet of said sewer is in the boro and that he did not favor laying sewer pipe in the township at the boro's expense. All the other councilmen were of the same opinion.

The Street committee was instructed to see representatives of the creamery and agree to pay half the expense of laying sewer pipe to the boro line.

## TOBACCO BRINGS 19 CENTS THRU

OTHER CROPS SELL FOR 20 AND 6 OVER AROUND EPHRATA—DEALERS ARE INSPECTING AROUND HERE

Although they are not buying, neither are they making offers, but just the same there is considerable activity among the tobacco dealers thru this section. Especially is this true since the recent rains. They are interested in knowing just how the crop is developing and maturing.

The rain did not help the early crops but it has made a wonderful difference on the later ones. A week's growth made marked changes on many of the crops thru this locality.

More buying of the present tobacco crop, much of it green in the field and still unharvested took place last week when additional sales were made by northern county farmers. A new buyer for this year, an independent packer, other than the firm which picked up a number of crops in late August, is responsible for the recent activity.

Former prices of 20 and six cents for leaf to be assorted were equalled and the previous high of 17 cents through for crops sold on a flat price basis some weeks ago, was surpassed when Monroe G. Herney, of Ephrata, R. 2, recently sold a three-acre crop for 19 cents "around."

George Zartman Ephrata, R. 2, sold his nine-acre crop on Wednesday for 16 cents through to the same buyer and John Zartman, also of the Lincoln vicinity, is reported to have accepted the 16 cent price.

John Frantz, Ephrata, R. 2, sold six acres for 20 and six cents this week under the agreement that the leaf need not be sized and all but a few of the lower filler leaves is to go into the wrapper grade.

A neighbor, John Zimmerman, is said to have sold six acres at the same price and conditions.

A Very Rare Flower  
A night blooming cereus, raised by Mrs. Morris Ream, of Newville, produces flowers annually. This year, the streak had two flowers, which measured seven inches in diameter, and of a cream color. In the center of the flower, a cross was visualized.

## "DOC" CHANDLER WAS NOMINATED

WILL HEAD THE REPUBLICAN TICKET FOR BURGESS—VOTE HERE WAS VERY LIGHT YESTERDAY

Practically no contests, not even candidates for many offices, accounted for the little interest in yesterday's primary here in town. There are 791 voters in the East Ward and over 800 in the West Ward. Only 119 voters voted in the West Ward and less than that number in the East Ward.

The only contest on our ticket was between E. B. Toppin and Dr. W. D. Chandler for Burgess. Even these candidates themselves were not very active. Dr. Chandler was nominated. He lost the East Ward by two votes but carried his own ward (which is also Mr. Toppin's ward) by a majority of 24.

There were two errors on the ballots supplied for our boro. In the East Ward there was but one candidate for Council and the ballot specified "vote for one," when there were two to be elected.

The same was true in the West Ward. The ballots had only the name of one Councilman when there were two to be elected.

There were no candidates for a (Turn to Page 8)
