### TELEPHONES IN PENNA. INCREASE BY 307,687 IN FIVE-YEAR PERIOD

**Bell Company Now Has In Operation 1,228,536 Instruments in State, Statistics Show.**

Growth of the Bell Telephone Company of Pennsylvania and other telephone organizations in this State during the five-year period beginning with 1923 is reflected in figures recently released by the Department of Commerce in connection with the quinquennial census of the electrical industry.

In 1922 there were 1,085,651 telephones in Pennsylvania, compared to 1,393,323 at the end of 1927, or an increase of 307,687, according to the Department's figures.

Statistics just compiled by the Bell Telephone Company of Pennsylvania show that it alone had in service a total of approximately 1,228,536 telephones on April 1 this year.

The census gives 18,522,767 as the number of telephones in the United States on December 31, 1927, representing a gain of more than 29 per cent. over the five-year period—a rate of growth nearly four times as large as the rate of increase in the population.

The decided growth of the telephone industry is further reflected in a quarterly summary of statistics recently issued by the American Telephone and Telegraph Company, which estimates there were 19,596,000 telephones in the country on April 1, this year, or a gain of more than 1,000,000 compared to the census figures for 1927.

Of that number, 14,784,000 were operated by the Bell System, 4,670,000 by connecting companies and 1,200,000 by telephone companies in rural districts.

The statistical summary states that the Bell System has in use 63,515,000 miles of wire in underground and aerial cables, and in open wire, the greater portion of the mileage being in underground cable systems. The investment in plant and equipment amounts to \$3,415,000,000.

Analysis of the traffic figures shows that approximately 60,350,000 conversations are completed each day over wires of the Bell System, and that of these 2,902,000 are toll calls. A total of 349,000 persons are in the employ of the associated Bell companies, 217,000 of them being women. The monthly payroll of the entire system amounts to \$42,426,000.

During the first quarter of the present year, the daily average expenditure for telephone construction work was \$1,300,000, clearly reflecting the extent of the Bell System's construction activities.

## INDUSTRIAL NOTES

**Harrisburg**—Bids opened for the construction of new bridge on the State Highway No. 88 over Mingo creek.

**Stroudsburg**—Plans underway for improvements costing more than \$50,000 at State Teachers' College, Mt. Carmel — Pennsylvania Colliery Breaker Mine reopened.

## NOTED HOTEL MAN SAYS GOOD-BYE TO KIDNEY AND BLADDER ACHES

**Had to Get Up 6 Times Nightly, Until He Found Out About Matamel, Containing Mexican Maguery Plant Sap**

**NOT A DRUG**

**DIET BOOK FREE IN EVERY PACKAGE**

**SEE THE MATAMEL DRUGGIST**

Reading, Pa.—Doctors here are amazed over the remarkable recovery of one of the prominent residents here, Mr. Edwin G. Fries, 135 S. 3rd St., connected with the Colonial Hotel, and well known at the Trinity Lutheran church. In explaining how he won his long battle for health, he stated here today:

"My back was just stiff with pain. I thought it never would stop aching. It made a wreck of me. I was afraid I would have to give up my job. Night after night, for the past few months, I was forced to rise for bladder relief, due to faulty kidney action. I couldn't get my proper sleep. No wonder I was all in when it came time to get up in the morning. 'Then my feet became swollen. They seemed twice the size. I had awful pains in my legs, and at times I was so stiff I felt like a cripple. For years I have been constipated. Physicians no longer helped me. I felt all bloated up. It sapped my strength. I constantly felt 'doped.' My breath was foul. I had a bad taste in my mouth. I was a wreck from constant headache. The rheumatic pains settled in my joints. My knuckles, wrist and elbow were like red-hot coals. And talk about pain! I stayed awake right after night. I could not work. Nothing helped me. I was losing weight.

"Now my back feels as fine as silk—not a pain, not a kink, not a bit of stiffness anywhere. I sleep 100% better. I rarely have to rise to relieve my bladder. I can't say what a blessing this means to me. I awake feeling fresh and full of pep—ready to put in a day's work with the best of them. Have no more trouble with my feet being swollen. My shoes fit me once more. And best of all, the aches in my legs and the soreness in my joints have disappeared.

"Now my bowels work fine. Matamel got them regular again. That bloated-up feeling has disappeared. My skin is clearer. My breath is sweet and clean. I have not had a headache for weeks. My arms and hands are now completely free of my rheumatic pains. I can use them as well as ever—no kinks, no redness or swelling. Am putting on weight and everyone says I look fine.

Reading what Matamel has done for others will never help your case. The only way you can get its benefits is by taking it as the people you read about have done. Decide now to give your system the help of Matamel.

Why not call today and have a confidential talk with the specially appointed Matamel druggist?"

**W. D. Chandler & Co.**
