EDITORIAL

"Stop; look; listen!" won't prevent all motor car accidents but this practice if generally followed by motorists would probably reduce by half the crossing fatalities. And wouldn't that be well worth while?

The tallest monument on the highest hill, with lights flooding it at night and the grass kept green around it all the year round, should be erected to the man who finds a way to prevent or to quickly cure what we know as the common cold. He will be one of humanity's greatest benefactors.

MARIETTA

World Day of Prayer Was Observed Here Friday Evening

Mrs. William J. Daring has returned home after spending a few days in Philadelphia.

Mrs. John Mumma, Mrs. Wilson Bucher and Mrs. Emily Longenecker attended the Millersville State Teachers College over the week-end.

LOBATA

This fine spring weather gets farmers started with the spring work quite rapidly.

Quite a bit of changing around and moving will be done in our neighborhood this spring.

Mr. and Mrs. Samuel Ebersole spent Sunday with the latter's father in Columbia, Mr. Daniel Dupler.

Mr. and Mrs. Benjamin Miller and family were entertained to supper Wednesday evening in the home of Mr. and Mrs. Harry E. Hershey, Donegal.

OUR CONSTABLE

We feel free in saying that Mount Joy's officer of the law is one of the best to be found anywhere in this section of the State. Many men (and occasionally women) are brought to justice for violating our laws. He never shows partiality, whether friend or foe, and in every instance the guilty suffer.

There are numerous arrests in and around town each week, the careless or thoughtless autoist and the Volstead violators furnishing ninety-five per cent. of the cases.

We are voicing the sentiment of the majority of our citizens when we say that the money spent for Officer Elmer Zerpey's salary is money well spent.

WEAR AND TEAR

People who own a dwelling should make up their minds that that a house needs constant tinkering to keep it in order. Something is always wearing out. The care of a home is much like the care of clothing, and the prudent old maxim that a stitch in time saves nine applies very well to it.

IRONVILLE

METER THE INDUSTRIES

By the reports from month to month, any person who can read figures will readily see that our water consumption is gradually increasing. The question has been asked, why? There has been such a small increase in population here that the consumption would scarcely be noticeable.

UNEMPLOYED WOMEN

When a man with a family to support, is out of work, and after diligent effort can't find anything to do, something seems wrong. Everything possible should be done to find employment for all such.

Also the cases of unemployed women are often very pathetic. Many widows and deserted wives with one or more children to care for, have a most difficult problem to solve. Still, the average woman without a job is not quite so badly off as the unemployed man, as she does not in the majority of cases have a family to support.
