FARQUHAR "ALL-STEEL" THRESHER 22x36

Farmers and Threshermen are not exempt in these highly competitive days. Each must go after business and the thresherman with the cleanest, fastest and most economic machine gets the job. Such a thresher is most profitable to both farmer and thresherman. This is why the Farquhar "All-Steel" has gained such a wide popularity; it has large capacity per horse power; does fast, clean threshing and does it most economically. Many farmers have already placed their order for an "All-Steel" Thresher and have engaged to thresh their neighbors' crops helping each other, thus saving extra labor costs. Now is the time to plan for the threshing season—send for Bulletin 529 and convince yourself of the earning power of a Farquhar "All-Steel"—and the profits awaiting you in your own community.

HAPPENINGS ON LOCAL DIAMONDS

HIGH SCHOOL NO MATCH FOR ELIZABETHTOWN HI

A home run by Morgan in the third frame, with the bases loaded, was the big factor as Coach Art Mayer's Elizabethtown High school nine shut out the Mount Joy High school, by a score of 20 to 0 on the Klein Athletic Field, Monday afternoon.

We often wonder what some people had to talk about before the prohibition laws were passed.

MAYTOWN LOSES TO LANDISVILLE

The Maytown High school team lost a close and hard-fought game to the Landisville High school nine, Thursday afternoon, on the Landisville diamond. It was the last inning rally that enabled the home-town team to finish on top of a 6 to 5 score.

FLORIN HAS A STRONG BALL TEAM THIS YEAR

The Florin A. C. base ball team has reorganized for the coming season and is ready to open its season Saturday. Teams interested communicate with Manager Raymond Hipple, 120 North Hanover street, Elizabethtown, Pa.

The club has decided to play all home games on Sundays on Brown's Athletic Field, west of town, and away on Saturdays.

Officers elected recently are as follows: manager, Raymond Hipple; captains Kraybill, of Lebanon Valley college, and H. Hipple.

Last season the Florin club won 20 out of 27 games and expect to surpass that mark this year with a veteran squad back on the diamond. The players are as follows: catchers, Miller and Penzell; pitchers, E. Hipple, Ginder, Stover; first base, Hipple; second base, Anderson and H. Smith; third base, Kraybill; short stop, Good; left field, H. Hipple; center field, Alwine right field, Germer and J. Smith.

Fur-Bearers Wiped Out by Forest Destruction

Fur-bearing animals are naturally creatures of forest and stream, and it is interesting to note the effect forest destruction, either by fire or lumbering, has on the fur-bearer.

Animals like the valuable pine marten and fisher are simply lost without green timber, and soon will rarely see tracks of either of these animals in burnt-over lands or slashings.

But, on the whole, forest destruction marks a wide devastation of the fur-bearing species. It is known of several instances in northwestern Canada when rival trappers, in order to drive their enemies out of a certain section, have stooped to the nefarious practice of firing large timbered areas.

Wide Belief in Virtues of Peony as Medicine

The peony is credited with medicinal power by peoples as far apart as the Japanese and the inhabitants of countries of western Europe. According to ancient herbalists it was an herb of the sun, and consequently prescribed for maladies caused by the moon. It was good for nightmares and melancholy and a preventive of insanity and convulsions. The flower simply came from Japan and traveled to Greece, where it gave the land of Paeonia its name, and was the origin of the word "peony," which originally meant a chant of delivery from illness or wounds—another indication of the belief that the flower had rare healing properties. The peony appears to have found its way to England by about 1000. It has frequently been made the subject for a poem, of which one by Bliss Carman is probably the best known.

Romantic French Castle

A castle which suggests the romance and magic of the age when knighthood was in flower should stand boldly on the summit of a precipitous rock or hide mysteriously among the shadows of a mighty forest.

Chambord, near Blois, for this reason is one of the most romantic of the French chateaux on the Loire. It is surrounded by mossy walls 24 miles around and its forest has nearly 3,000 acres.

The dozens of pinnacles, lanterns, and towers are visible for miles looking on the dim horizon like a misty Oriental city. The grand circular stairway which winds upward in two directions at once is the glory of its interior—but there are 64 staircases in all.

When it's job printing you need, anything from a card to a book, we are at your service.

OUR MORTUARY RECORDINGS

(From Page One) Refton. Interment in the adjoining cemetery.

Miss Ellen D. Harn
Miss Ellen Dorcas Harn, pioneer Nebraska teacher, died at Kenesaw, Neb., at the age of 101 years and three months. She had been ill two days and was unconscious all day Tuesday. Two nieces with her at the end were Miss Mary Williams, with whom she had lived for many years, and Mrs. Katie Thrall of Formosa Beach, Cal., who arrived here two weeks ago.

One of the oldest women in the state, Miss Harn believed that she was the first woman to teach in a public school in the United States. "Public schools were opened before my time," she once told a World-Herald reporter, "but women were not considered worthy of positions as teachers. My sisters and I were the first to be granted the privilege, and the door of a public school has never been closed to women since."

When she was 91 she went up in an airplane, the first woman in her county to risk the perils of aviation. She was an ardent suffragist and criticized women for "playing too sweet with the men." She celebrated her ninety-eighth birthday by having her hair bobbed.

Lips that kissed George Washington had kissed hers, she often boasted, telling of a childhood friend of hers who had been killed by the first president as a reward for bringing him a drink of water.

Deceased was a graduate of the Cedar Hill Seminary at Mount Joy and taught in the public schools of our hore many years ago.

Weather Forecasts
The weather bureau says that within two hours after the morning observations have been taken, forecasts are telegraphed from the forecast centers to about 1,600 principal distributing towns, whence they are further disseminated by telegraph, telephone, radiograph, radiophone and mail. The forecasts are delivered early in the day, generally none later than 6 p. m. on the day of issue, and are available to more than 5,000,000 telephone subscribers within an hour of issue. This system of forecast distribution is wholly under the supervision and mainly at the expense of the government. The weather map is mailed immediately after the morning forecast is telegraphed.

Tyler's Old Well Sweep

An old well sweep which once belonged to the family of President Tyler of Virginia is now in the possession of the National Woman's Country club.

The sweep is in perfect running order, though it has seen about two hundred years of service. Its donor is anonymous. The club also possesses a clock of unusual type which stood in the living quarters of the White House during the Tyler regime.

Original "Pancake"?

Historians tell us that the first "baked bread" was made when some mush, probably consisting of ground wild barley and water, was accidentally spilled on a hot stone, which was protecting the fire in front of a cave. When the food was scraped from the stone it consisted of a pancake with a brown crust. Its improved taste and health-giving qualities over raw food undoubtedly led to experimentation with fire.

Monarch's Three Crowns

The king of England has three crowns: King Edward the Confessor's crown, the Imperial state crown and the Imperial crown of India. The first crown was made for the coronation of Charles II in 1662. The Imperial state crown of India owes its origin to the law which forbids the crown of England being taken out of England. When George V was crowned in Delhi a new crown had to be made.

Diamond Dust

Cornwall defeated Klein A. C. of Elizabethtown 10 to 8. The Young Judeaus gave Marietta a sound trouncing 20 to 6. Bainbridge won a corking good game from the Lancaster Athletics 3 to 2.

Will Present Play

"Little Miss Jack", a comedy, will be presented by the Kinderhook church under the auspices of the young people's classes and teachers May 23 and 24 in the Kinderhook school house. Proceeds will go to the piano fund.

Mr. Irwin Smith and son, of town Mr. John Weidman, James Weidman, Mr. and Mrs. Brady Hess and son, of Florin; Mr. and Mrs. W. H. Hess and family, Miss Sara Gelp, all of Elizabethtown, motored to Port Deposit, Md., Saturday on a fishing trip.

A dental expert predicts that in one thousand years the human race will be toothless. Well, most of us are born that way now.

They had a riot in Manila the other day after a ball game. Who says the Filipinos haven't become Americanized?

Mrs. Perry Hipple spent the week end of Middletown with her daughter, Mrs. W. M. Givens.

Wednesday, 7:30 P. M. Prayer service; Ladies' Aid and W. M. S. Friday evening, choir rehearsal.
Monday evening of last week, the Christian Endeavor held a business meeting at the home of the president, Earl Kaylor. A social evening was planned for the first Tuesday evening of June.

The Men's Bible class met at the home of Mr. Gingrich on Tuesday evening for the regular monthly meeting. Following the business session, the Sunday School orchestra entertained with several delightful numbers. A luncheon was served by the host.

The Wednesday evening prayer service was well attended and was a 100% testimony meeting. Mr. Eshleman was the leader.
The Sunday School attendance numbered 97 as compared with 101 a year ago. The Men's Bible class, Mrs. Reheard's class, and Miss Blanche Eshleman's class received banners for attendance, while the Women's Bible class gave the largest offering, which amounted to \$7.00, for the Herndon Home.

The pastor's morning theme was "Influences of Mother," evening, "Burning Hearts."
Christian Endeavor will be led next Sunday by Paul Peiffer. The topic, "What are the Causes of War?"—James 3:13-18; 4:1, 2.

A bouquet of flowers was presented by Dorothy Kaylor in memory of her mother; also another from Mr. H. B. Arutz and Mrs. Elsie Walters in memory of their mother.

Consistent and NOT spasmodic advertising always pays best. Each time you stop advertising, the public thinks you quit business.

It is always better to be alone than in bad company, even if you are in bad company when you are alone.
