EDITORIAL

WHAT A MAN WANTS
A man wants peace and comfort at home. He will fight his competitors and wrestle with the financial world but when he reaches home, like a ship that has ridden the storms at sea, he needs a safe and peaceful place to dock.

TOWN AND COUNTRY
A man who is running a farm not far from here remarked a few days ago that it seemed strange to him that many people are reported as unemployed in most any city, when out at his place he found it almost impossible to get any good worker to help him on the farm.

HOME TOWN SATISFACTION
The next time that you feel sore at yourself and your small town surroundings, go to a city and get in touch with city conditions. Spend a week there. If you are not then satisfied to go home feeling that your town is the finest place in the state in which you live, there is something wrong with the town or yourself—probably yourself.

PROFITABLE BUSINESS
It is surprising in view of the immense returns which it brings to Pennsylvania, that the tourist business of this state is so lightly regarded by the average merchant or business man. In this year of a grim struggle for business, this tourist trade should afford a means for the exercise of progressiveness and ingenuity, so that the home trade, still somewhat below normal, would be bolstered up by the returns from the money spent by tourists.

HE PAYS HIS WAY
The owner of an automobile receives no favors from anybody. He pays for the paved roads, for the traffic police—the machinery of control and regulation. He supports multitudes of public officials who have to do with the conduct of his affairs. He consents cheerfully to be taxed, regulated, directed, checked and prohibited. He is willing to be told where he shall park and when, and the speed at which he shall drive. He has no privileges for which he does not pay, and he is a powerful factor in the financial maintenance of the government.

ANOTHER WARNING
The accident to Mrs. Abram Shires of town when she was struck by a motorist Monday while walking on the concrete highway between here and Florin, is another warning.

There have been a number of near accidents on that thoroughfare recently and time and again we mentioned the fact that there should be a sidewalk for pedestrians between Mount Joy and Florin.

Won't some one make a move that will result in a pavement for pedestrians on this much used thoroughfare?
What better could either or both of our local service clubs accomplish that to be instrumental in having this work done in some way, shape or form?

SALT OF THE COMMUNITY
We have in mind a number of elderly couples in town who attend church regularly every Sunday, some of them twice each Sunday. Their religion means a good deal to them and a great deal to this community.

Some of them are not educated in a large way. They don't know much about the high spots of modernism, but the people respect them because they love their church and attend it regularly and try to live good, clean, honest lives.

These good old people are the salt of this community. Their example makes for peace and good will in the community whether their neighbors recognize it or not.

Weigh Fact vs. Fancy
"For lo these many years it has been the fashion in some quarters to call tariff bills 'iniquitous' and predict dire consequences from their enactment. We see no iniquity in protecting American workers and American payrolls, and so American prosperity, from low-grade foreign competition."

Fertilize Asparagus
Asparagus should be treated with commercial fertilizer at the end of the cutting season. If manure has been applied use 1,000 pounds of 4-8-4 per acre. Without manure, from 1200 to 1500 pounds of 5-8-8 fertilizer is recommended by vegetable specialists of the Pennsylvania State College.

MARIETTA

Master Charles Strohm, ten, son of Mr. and Mrs. Daniel Strohm, is suffering from a badly cut foot, which he received while swimming in the river Thursday afternoon. Three stitches were required to close the wound.

Charles Walker, thirty-four, of town, was slightly cut when a motorcycle he was riding collided with a horse and rider at the entrance to the Abbeyville Riding school, on the Columbia pike, Saturday afternoon. Walker was treated in the St. Joseph's hospital.

Sara Jones is suffering from a broken nose which she received in an unusual manner. She was running home from the river Friday and looked around as she caught up to another girl. As she turned her head toward the front she bumped her nose on the shoulder of the other girl.

Joseph and Roy Rettew, charged with disorderly conduct and surety of the peace by Charles Heiney, a neighbor, were arrested by Constable Bauer and furnished bail for a hearing before Alderman Trapnell. The charges developed over a row following the tossing of a ball into the Rettew yard.

The Westminster Guild Girls of the Presbyterian church will present a musical burlesque entertainment, "The Fasciators," in the social hall on Thursday evening, June 26. Those taking part are as follows: Elsie McKain, Edna Campbell, Kathryn McElroy, Mary Becker, Lucy Dettinger, Kathryn Baker, Alice Raub, Anna Dettinger, Esther Longenecker, Dorothy Ramsey, Emma Campbell and Ann Frey.

In default of bail he was lodged in the Lancaster County jail to await a hearing before Squire C. C. Hicks of Maytown, Wednesday evening. Haldeman also brought charges against his wife, Eva C. She furnished \$1,000 bail for a hearing at the same time.

CLEAN-UP OF CORN BORER WAS SUCCESS

The European corn borer clean-up in Crawford and Erie counties this spring was successful, according to R. H. Bell, director, bureau of plant industry, Pennsylvania Department of Agriculture. The requirements for complete clean-up of all corn remnants about the farm were followed out carefully by most farmers. The clean-up work which the Commonwealth had to do was largely on farms owned by persons living out of the State. Due to the decrease in infestation, only two counties were included in the area of enforced clean-up this year. Last year, the clean-up work was required in all or portions of four counties.

Pennsylvania farmers are ahead of growers in neighboring states in corn borer control efforts, according to entomologists who have observed conditions throughout the infested area. Much commercial loss occurred in one county in a neighboring state in 1929 which emphasizes the seriousness of this introduced corn pest, it was said.

The department proposes to make a field-to-field survey of the entire infested district in Pennsylvania this summer for the purpose of determining the rate of infestation and thereby be in a position to give farmers definite information as to the control requirements. Eighteen men will be employed in this survey.
