RINGNECK PHEASANTS

RIGHT HERE IN TOWN

One day last week a fine large ringneck pheasant hen put in an appearance on the lawns of several Marietta street homes. Later it wandered into the street, was frightened by a passing auto and flew against a window at the home of Mr. John Grosh. The window screen and

window were broken. The bird was stunned but after a short time it flew away.

Hossler's School Reunion

The First Reunion of the Hossler's School will be held on Thursday evning, Oct. 30 at 7 o'clock. A splendid program has been arranged for the occasion. The main feature of the program will be an address by Rev. P. B. Gibble of Palmyra a former pupil, followed by short talks by other former teachers of the Hossler school All pupils, former teachers and patrons are cordially invited to attend.

LET'S HAVE BETTER WATER

The voters of the Boro will have an opportunity of expressing their wishes, as to whether they want good clean water at all times, when they vote on the Proposed Bond Issue for improvements to our Water system

There is no reason for any voter not to be familiar with all the facts of the issue. Boro Council, thru its two public meetings, "laid the cards on the table" and did its utmost to inform all on the subject. Approving this bond issue will not only insure the Boro of the best water, but will be an expression of confidence in its Boro Council.

With the past season of muddy water and all its dangers still fresh in our memory, we cannot help but believe that only one thing can be done. Filter our water, and to do this we must approve the Bond Issue.

Finally—by approval of the Bond Issue, there will be no necessity of increasing taxes. Without the approval, the only means left is by tax increase. The wisest and most economical plan is to vote Yes for the Bond

Let us hope the citizens of our Boro will be keenly alive to this opportunity to assure for themselves that in the future our Water is Pure, Clean and Good.

VOTE YES NEXT TUESDAY.
