**PROTECTION FOR YOUR COMMUNITY**

Tuberculosis is the enemy of all. Your safety from it lies in the health of everyone else. Education, nursing service, medical advice and children's fresh-air camps are provided by the funds from the sale of Christmas Seals—the little seal of good-will to men. Every dollar you invest in Christmas Seals is devoted to effective health protection.

The National, State and Local Tuberculosis Associations of the United States

**FIGHT TUBERCULOSIS WITH CHRISTMAS SEALS**

**"Watch the Light," Says Santa Claus**

Among the thousands of children hurrying daily to school or play, many need to heed the signal of Santa Claus, who directs the Christmas Seal traffic.

"Watch for the red light," says Santa. "When you see it, stop. The red light means danger to health; it means too much strain; short hours of sleep, ill-chosen food; neglected teeth and tonsils; too little sunshine.

"Tuberculosis usually begins in childhood, and may be endangering health long before any symptoms appear. Fully half the cases of adult tuberculosis in later years show X-Ray signs of having had this early condition called childhood tuberculosis at an age under 15. Such children can usually be discovered by the X-Ray and the tuberculin test and given special care.

"Parents should see that children take the well-marked detours around the steep grades during the years when the child is becoming a man; when school life is most intense and the temptation to excess is greatest.

"On the road to health, keep your brakes in good condition, stop at the red lights and proceed cautiously when you see the blinker of overstrain."

"Santa, did you put Christmas Seals on every gift? We did!"

**BUY CHRISTMAS SEALS**

Get plenty of them. Their cost is trifling. Their good far-reaching. The fund from the sale of Christmas Seals will help to fight tuberculosis all year round in every community.

Let your joyous Christmas spirit reach out to help the thousands who are bravely and hopefully fighting against tuberculosis. Protect the children. Get your share of Christmas Seals today.

THE NATIONAL STATE AND LOCAL TUBERCULOSIS ASSOCIATIONS OF THE UNITED STATES

**FIGHT TUBERCULOSIS**

**Underground Church**  
The picturesque crowd, the variety of costumes and the scene in the open market place at Sarajevo on market day baffles description. One of the quaintest in all Yugoslavia is the little Serbian church in Sarajevo built in the sixteenth century after the Turks had overrun the country. It was sunk below the level of the street so its roof would not be visible from without and hidden behind a high wall to avoid suppression by the Mohammedans.

**Observe Tuberculosis Days Urges Governor**

The observance of November 30 as Tuberculosis Sunday and December 12 as Tuberculosis Day in the schools is suggested by Governor Fisher, in announcing his acceptance of the honorary chairmanship of the 1930 Christmas Seal Sale in Pennsylvania. Governor Fisher referred to health as one of the greatest gifts that can be provided for Pennsylvanians, saying:

"The Pennsylvania Tuberculosis Society and its 100 affiliated organizations throughout the State are engaged in a year round tuberculosis prevention and health promotion effort. This work is made possible by the annual sale of Christmas Seals and Health Bonds.

"The 23rd annual Christmas Seal sale will begin Friday, November 23. In connection with this campaign Tuberculosis Day in the churches will be observed on Sunday, November 30, and Tuberculosis Day in the schools on Friday, December 12. It is fitting that this should be done. Tuberculosis daily wrecks homes—a condition in which our churches and schools are vitally interested. Information will be given on the disease and how to prevent it.

"The Christmas Seal this year pictures a jovial Santa Claus, with a tree on his shoulder, announcing he brings 'HEALTH TO ALL.' Health is one of the greatest and most lasting gifts. This is the only Seal devoted to health work.

"Disturbed economic conditions, like the present, help to break down resistance to tuberculosis. The use of these bright stickers on all letters and packages will aid this life saving work. It is a task that calls for the help of everybody."

**State Conference**

The Pennsylvania Tuberculosis Society will hold its 39th annual meeting in Bethlehem on Tuesday and Wednesday, January 29 and 31 next. The speakers will include prominent medical men of Pennsylvania and other states.

In connection with this State tuberculosis conference the Bethlehem Tuberculosis and Health Society will observe the 21st anniversary of its founding.

**Foe of Youth**

Early diagnosis is a most important factor in curing tuberculosis. Failure to discover the disease or admit its existence until too late means death or delayed and difficult recovery.

The state and local tuberculosis organizations will participate in April, 1931, in a fourth nation-wide campaign to find cases early. The slogan will be: "Tuberculosis, the Foe of Youth."

**Medical Man Named**

Dr. Samuel O. Pruitt has been named medical secretary of the Pennsylvania Tuberculosis Society. He is a graduate of the University of Maryland in medicine, served as a medical officer with the U. S. Army in France and has been connected with the Rockefeller Foundation and the International Health Board.

**Difference**

Sunny, driving through the countryside with his grandmother, observed some pigs eating greedily in a field of clover, and inquired what they were doing. "They are eating clover," his grandmother, informed the little fellow. "They like it just like you like spinach." Sunny was instant in his disclaimer: "But I don't like spinach at all," said he.

Advertisers may use our WNU CUTS at all times—NO EXTRA COST

THE COUNTRY NEWSPAPER OF GREAT VALUE ACCORDING TO STATEMENT OF NOTED EDITORIAL WRITER—PROVEN BY FACTS

Arthur Brisbane, one of the best minds of the time, says:

"H. Z. Mitchell's 'Sentinel,' published at Bermidjii, Minn., wins the prize as best weekly in the National Editorial Contest. This is a good time to remind the public in general, and national advertisers in particular, that country weekly newspapers are the most important organs of public opinion and protectors of public welfare.

"And, their advertising per mill line, is not excelled by any publication, of any kind.

"The reader of a country weekly buys everything from shingles on the roof to cement in the cellar floor, and every advertiser has in him a possible customer."

**The BULLETIN**  
MOUNT JOY, PA.

I won't buy a stick of candy. I buy no newspapers nowadays. I can't even go to Sunday-school alone. I can think of more things I used to do that I am no longer allowed to do than my husband in the world. Eleven months of the year I am good for nothing. I put in December—oh, boy! when I come into my own. I buy the most beautiful decoration for a Christmas gift package. I buy hope for the sick. I buy health for a child. I buy a CHRISTMAS SEAL.
