Grow Christmas Trees
Some Pennsylvania farmers who have planted Christmas trees have found that they could start harvesting in 6 or 7 years. One farmer in Northampton county grew \$1250 worth of trees in six years on one-quarter acre which had been a garden.

Select Garden Site
Locate the garden where it will be convenient. Make it large enough for a 12-month supply of a large assortment of vegetables. If the garden is 100 feet long much labor can be saved by plowing with a team and planting in long rows for horse or wheel-cultivation.

Improve Dairy Herd
Remove scrubby animals from the next generation and make by using only good animals now.

Children Almost Hate Cross, Nervous Mother

"My children almost hated me, I was so cross. Thank to Vinol, my nervousness is all gone and we are happy again," Mrs. T. Johnstone.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver oil. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous, worn-out people are surprised how QUICK Vinol gives new life and pep! Tastes delicious. E. W. GARBER, DRUGGIST, Mount Joy, Pa.
