EDITORIAL

There is no such a thing as spring fever, the doctors tell us, but they ought to come on out and explain to us why it is that a man has such an irresistible urge to go fishing as soon as the weather warms up a little bit.

Cheating is cheating regardless of its drama or lack of drama, regardless of its seeming importance or its seeming unimportance. There should be honor in the class room as well as on the athletic field. But evidently there isn't.

It takes some business men a long time to wake up to the fact that they must keep their names before the buying public to continue in business. There is no better way to do this than thru your local paper.

Some towns have a curfew that sends boys home at 9 o'clock. In most towns it isn't the boys who need to be sent home at 9 o'clock, it's the grown-ups. Most of the devilment done after 9 o'clock is done by the grown-ups.

SLAUGHTER OF THE INNOCENTS
The slaughter of the innocents still goes on. They are being crushed beneath the wheels of the modern juggernaut—the god of speed. More than 7,000 were killed on the roads last year thru motor vehicles, and of these victims 1,500 were children.
Can't we Americans drive slower and safer? Most of us go rushing about going nowhere with nothing to do when we get there.

GLORIOUS SPRING

The winter is past; the flowers appear on the earth; the time of the singing of the birds is come, and the sound of the carpet beater is heard in our land.
Spring is clean up time. Let each of us do our part this spring to make this the cleanest town in the state. It can be done if we take a pride in our home and our community. Let's clean up and burn all unsightly rubbish, plant more flowers, keep our yards better, cleaner and prettier. We will be amply repaid by the feeling of having had a great part in the beautification of Mount Joy.

BUY FARM LANDS NOW

One of the safest rules in buying stocks, bonds or anything else is to buy when everyone else wants to sell and to sell when everyone is anxious to buy. It is not safe to wait for the peak or the low spot in the market.
The time to have sold farm land was back in 1920 when prices were soaring sky high. Speculators were jacking up the prices and the boom craze went to the people's head. Following the same reason this is the best time to buy farm land if you intend to farm. The depression has lowered the price of produce and with it has brought down farm land values. This is bound to be a temporary condition. When prices start their upward march the cost of the acres will bound with them.
Five years from now people are going to look back and chide themselves for not investing in the farm lands when they were in the price valleys.

ELIZABETHTOWN

NEW STREET TO BE OPENED—HERSHEY DEBATERS WIN—FRENCH CLUB PRESENTS PROGRAM

Borough council is considering installing floodlights about the square here to correct the present inadequate illumination.

The French Club of the Elizabethtown College presented an "All French" program before the students and friends of the school on Wednesday.

Hershey High school debaters won both ends of a dual contest Thursday night with Elizabethtown High school, completing the schedule in the Urinus Debating League. Twenty-six persons were admitted to the membership of the Christ Reformed church by confirmation and transfer by letter, and ten persons received the baptismal rites during the Sunday morning services at the church.

Gabriel H. Moyer, prominent Lebanon attorney, will be the principal speaker at the annual election and reorganization dinner of the Elizabethtown Chamber of Commerce, on Friday night, April 10, in the Odd Fellows hall here, according to the word received by the committee.

Preparations are being completed for the opening of the newly accepted street between North Hanover and North Market streets, known as Linden avenue, with the installation of gas and sewage. This street was donated to the borough by Jacob and Abram Hofer, of this place, and will provide another avenue for traffic going from the Lancaster and Harrisburg pike to the Elizabethtown, Hershey and Mt. Gretna highway.

A district conference of the State Young Men's Christian Association will be held here on Monday, April 6, at 8:15 o'clock during a complimentary dinner in Hotel Kenwood. It was announced Friday by the local committee on arrangements. The purpose of this dinner conference is to discuss work accomplished by students. Dr. Robert C. Shaw, of the State department of Public Instruction at Harrisburg, will be the speaker on this occasion.

A protest against the manner in which monthly bills are rendered by the Marietta and Elizabethtown Gas Company, a subsidiary of the Associated Gas and Electric company, was forwarded Wednesday to Governor Pinchot by borough council. In the complaint it is stated that bills to local consumers do not include the meter readings but merely state the number of cubic feet of gas consumed and the amount due. Meter readings have been omitted from the bills for several months, it is said.

ASKS SPORTSMEN TO DEFEAT BILL

(From page 1)
foxes, the sportsmen's greatest vermin enemy which ravages more rabbits, pheasants and quail, by day and by night than any other vermin species of its size. This bill is a camouflage one against this game in the young stock of nests and squats, as it aims to prohibit killing of foxes on sight at any time. It also would threaten to displace our best game hunting by minority sports of fox hunting throughout Chester and Delaware counties where fox protection is tolerated. The Norton Bill embraces Montgomery, Berks and Lancaster counties as a rider to Chester and Delaware county's law and should be killed without reservations as it does not interfere with present bounty premium on foxes killed at any time.

Senate Bill No. 264, House Bill No. 480, House Bill No. 795, as one bill would handicap hunters carrying either shot guns, rifles, or pistols from bagging game at an opportune time by conveyance of automobiles and commercialize for license and permit purposes, the sportsmen's delight of being ready to shoot small or large game as it appears, in seasons and territory of hunting. This bill aims to force sportsmen to purchase licenses or permits from the Game Commission for carrying fully equipped firearms in conveyance over the fields, or else carry same empty, detached or in cases. The bill should be entirely voted down as too drastic within personal property and rights of nimrods who are so distinguished by their regular license plates and certificate numbers.

House Bill No. 1105, To Repeal Sec. 1103 and Amend Sections, 1101, 1102, 1103 and 1106, Of The Game Code, would impose extravagant fines on ignorant and innocent, or willful fish-game law violators alike, subject the hunter, game protector and State to a avoidable expense saved under present law of speed up system to apprehend and penalize known guilty violators at once when caught upon the fields or streams. This bill would also place less of such fines in the sportsmen's treasury and more of them in the politicians' treasury in districts where convictions are made, also create unnecessary charges for Aldermen, constables and other deputized officers, whose services are not required under present economic game laws. This bill would rip the Game Protectors from penalizing powers upon the fields and should die in the Committee.

House Bill No. 1052, would take bounty off the most destructive feathered vermin Goshawk upon turkeys, rabbits and squirrels, the forests and should be as a safe guard to this game stock.
