

My Pledge

as a Member of

THE SILVERTOWN SAFETY LEAGUE

I agree:

- 1 To drive at speeds in keeping with the safety of others as well as myself.
- 2 To keep on the right side of the road, except when passing.
- 3 To pass only when I have clear time and space—never on blind curves or when wearing the cross of a hill.
- 4 To go through intersections only when I have the right of way.
- 5 To observe all traffic signals.
- 6 To give signals myself that can be clearly seen and understood, before turning or stopping in traffic.
- 7 To keep my brakes, lights, and horns in good condition.
- 8 To operate my car in a way which insures a positive grip on the road—safe traction—and freedom from hazardous tire failures.

WOOD ROAD BILL PASSED SENATE

MEASURE DIVIDING DAMAGES WOULD SAVE LANCASTER COUNTY THOUSANDS OF DOLLARS YEARLY.

Lancaster county will save thousands of dollars a year in road construction if a bill passed by the Senate Monday night is signed by Governor Pinchot.

The measure, known as the Wood bill would compel the State Highway Department to bear one-half the damages sustained in changing the width or relocating State highways.

County Pays All Now
At present the county pays the entire expense of damages sustained in widening or relocating a State road, although the work is planned and done by the State Highway Department. The new bill, sponsored by Representative Norman Wood, of Lancaster county, would share the damage costs in this and other counties.

Lancaster county paid out \$40,732.23 for damages last year and \$19,712.33 during the first four months of this year, according to figures supplied at the Court House today. The amounts paid out in '29 and '28 were well below these figures, but a big road building program in this county starting in 1930 has caused the additional burden, it is pointed out.

Homsler Bill Passes
Another road measure, sponsored by Senator John G. Homsher, Strasburg, passed the Senate and was sent to the House. It authorizes townships to lend or lease road machinery and to contract for the building and maintaining of driveways on lands of school districts.

CONTRACT AWARDED FOR FILTRATION PLANT

(From page 1)
sign the contract at the engineers' office at Harrisburg today and the contractor must begin work within ten days thereafter. The work must be completed Sept. 1st.

Location of Standpipe
The matter of a location for a standpipe was then considered.
At a special meeting of council last Wednesday evening, the special committee appointed to interview Mr. F. G. Shelly made its report. He offered them a lot for \$400, which in the opinion of council, was not large enough. Mr. Shelly was then asked to put his proposition in writing, which was presented at Monday night's meeting. Here it is:
He offered to sell the boro a lot a few feet from the trolley line and about midway between his dwelling and the late Milton Miller house. The lot will be 50x60 with a 13-foot alley leading to it from Donegal Springs road. If this is too small he will sell them an additional lot 20x37 at the same rate per square foot as he asked for the other lot.
In addition to this the boro must furnish a man to assist in moving all grape vines, current bushes, etc. off the plot and before the boro starts operations it must erect a fence the entire distance between his ground and that which he sells.
Upon motion Mr. Shelly's proposition was rejected because it was unsatisfactory.
A motion was then made to exercise the option taken on the Mumma lot and it carried by a vote of 4 to 2. Had not this lot been purchased Council would have been obliged to readvertise for bids, etc. as the blueprints specified the location of the standpipe on the Mumma lot.
Sale of Bonds
Upon motion Council decided to advertise for bids for the sale of these water bonds. The advertisement appears elsewhere in the Bulletin.
Council then adjourned.

EXHIBITED WEED AT MEETING HERE

(From page 1)
Twenty per cent of the 1930 tobacco crop is still in the hands of farmers, according to reports presented at the meeting last night. In addition, 15,000 cases of the 1929 packing are still being held. Drought and depression were blamed by the farmers for the inactive market.
Discussing the situation, Association president, Lewis C. Creamer, told farmers that "as long as the purchasers don't stand by us any better than they did this year, what's the use of putting our money in tobacco growing?"
P. W. Baker, Landisville, reported that 100 carloads of Ohio tobacco were received at a county warehouse by a buyer who didn't purchase a crop in Lancaster this year. Mr. Baker added that last week the General Cigar Company purchased 5,000 cases of the 1928 crop from the Bayuk company and added that the sale was evidence that buyers will take tobacco if the growers produce good crops.
Secretary Otto Olson, Ephrata, urged farmers to use cottonseed in "bird seed beds" to combat wild fire. He recommended that it be used at the rate of one teaspoonful to three gallons of water to be sprinkled on each 40 square feet of seedbed at ten day periods.

STRICKLER BARN BURNED MONDAY

(From page 1)
sustained painful burns of his left arm and hand, when he fell against a hot iron rod while fighting the blaze.

The other two injured were Foster Conner and William Miller, both of whom suffered minor burns from flying timbers. Both Conner and Miller were helping to save livestock when injured.

A total of 14 cows, four horses, five pigs and approximately 600 chickens were saved. A calf which firemen could not reach perished in the flames. Crops and the barn, one of the largest in that section, were completely destroyed.

The fire was discovered by members of the Simon Zeager family, tenants on the farm. Fire companies from Mount Joy and Manheim were summoned. Mr. Zeager is a son-in-law of the owner, who resides in Mount Joy.

The Mount Joy firemen succeeded in preventing the spread of the flames to other buildings, although a smaller barn and a pig shed were on fire several times. The residence and several times. The residence and several small buildings were threatened by the blaze.

The firemen had considerable trouble in fighting the flames, because of a lack of water. They were forced to dam the water in the Back Run creek, lay 950 feet of hose and pump the water up a steep hill. The loss was partly covered by insurance.

THE MENNONITE HOME ELECTS

(From page 1)
Mount Joy; N. M. Weber, Adams-town; S. E. Martin, Goodville, and Tobias Bomberger, Annville. Three auditors elected were Aaron Hess, New Holland; Isaac Martin, Goodville, and Jacob Brubaker, Central Manor.

The board of trustees reorganized by selecting the following officers: S. H. Hiestand, Salunga, president; S. S. Kraybill, secretary, and A. K. Mann, Lancaster, treasurer.

President Hiestand presented a report of the work done during the past year, and made a plea to increase the interest of the denomination in the home at Millersville.

Visitation work during the past year was reported by the 1930 committee of trustees, including A. K. Mann, Lancaster; Benjamin Kaufman, Gap, and Martin E. Rutt Elizabethtown. This committee visited every home where children from the institution had been placed.

The effects of these visits as seen by the foster parents were set forth in a discussion by those who have adopted children from the home. Mahlon Witmer, of New Holland opened this feature.
