Entered at the post office at Mount Joy as second-class mail matter.
The date of the expiration of your subscription follows your name on the label. We do not send receipts on subscription money received. Whenever you remit, see that you are given proper credit. We credit all subscriptions at the first of each month.
All correspondents must have their communications reach this office not later than Monday telephone news of importance between that time and 12 o'clock noon Wednesday. Changes for advertisements must positively reach this office not later than Monday night. New advertisements inserted if copy reaches us Tuesday night. Advertising rates on application.
The subscription lists of the Landisville Vigil, the Florin News and the Mount Joy Star and News, were merged with that of the Mount Joy Bulletin, which makes this paper's circulation about double that of the paper's ordinary week.

EDITORIAL

Another thing which would help business take an upturn would be for everyone to pay his or her debts, or at least pay a part.

The one lighter invites accidents. It never tells the truth about itself. You never know whether the one light it shows is on the inside of the road or the outside. For that reason it is a menace.

PAY LIVING WAGES

In this time of depression, it is especially necessary that a living wage be paid. All efforts to beat down wages are efforts to prolong the industrial depression. Good wages maintain the purchasing power of the workers who are employed, and thereby help to bring the depression to an end.

MEMORIAL DAY

Next Saturday is Memorial Day and nothing has been left undone to commemorate the memory of those who have been called to the Great Beyond.

A fitting and appropriate celebration has been arranged. Lay aside your cares, come to Mount Joy and help us do honor to the departed heroes.

All roads in this section should and will lead to Mount Joy next Saturday.

THE SABBATH

The Sabbath, once the day of rest, is now fast becoming known as the day of eternal rest. For more people now go to an untimely death on that day than any other day of the week. Mad motor-ing is responsible for this ghastly change.

The Sabbath was made for man, to be sure, but not for the exercise to his utmost folly. Yet as surely as Monday rolls around we have the gruesome front page news of the dead, the dying and the injured who have apparently gone mad over Sunday and have paid the price.

A WISE MOVE

Beginning next Monday, June 1st, the Bidselbacher bill, which became a law with Governor Pinchot's signature last Thursday, a new method of collecting gas tax in Pennsylvania will be inaugurated.

Several years ago Mr. Clarence Schock, head of the Sico Oil Co. here together with a number of associate oil distributors, put up a big fight at Harrisburg to have the gas tax paid by the distributor instead of the retailers.

That's what they do in many other states and they get their tax. In Penna. it requires an army of collectors and many times the retailers "sticks" the state.

After next Monday we will have the proper method here.

FIFTY YEARS

The world has changed more in the past 50 years than in 1,000 years before that.

Fifty years ago, if you are that old, your house did not have electric lights, telephones, electric heaters, gas stoves, electric irons or toasters, washing machines, aluminum ware, electric fans, radios, artificial ice or baker's bread. The farm did not have cream separators, tractors, trucks, combines, husking machines, milking machines, gang plows, automobiles, alfalfa, soy beans, winter wheat, or rural free delivery of mail.

There were no paved, graveled or graded roads in this vicinity. Printing offices did not have linotype machines, automatic presses, printer telegraphs or casting machines.

The automobile, motorcycle and safety bicycles had not been invented. Skyscrapers were unknown. Airplanes were figments of imaginations. Fires were fought by public spirited citizens with buckets and ladders. Cartons had not girls ran their legs off making change for customers. People hunted and fished when and where they pleased. Everybody kept his own cow or went without milk. Cigarettes had not been introduced into America but most everybody smoked a pipe and drank liquor.

Hospitals were rare and the country doctor found more babies to the pair than the stork brings to a whole city block these days. Diphtheria and smallpox swept people away by the thousands to keep pace with birth rate. Poison gas, machine guns and submarines had not been thought of for warfare. Typhoid fever was the scourge of war. Sanitary methods of living had not been started and we all ate dirt galore along with

SALUNGA

Mrs. John Cooper of near Harrisburg spent the week end with Mrs. Lizzie Cooper.

ENJOY THIS NEW

COOL power

A T L A N T I C

WHITE FLASH

for summer

YOU'VE never known such all-around power as you get with ATLANTIC WHITE FLASH for summer.

This great new gasoline has an anti-knock rating that ranks with the very highest. It is made by new-type refining equipment, designed and built especially to produce a premium fuel. And its secret, scientific formula lets your motor stay cool under the hardest punishment.

ATLANTIC WHITE FLASH for summer has every essential for supreme performance; it is not a "one-point" gasoline. Extra mileage—flashing pick-up—unusual hill-climbing power—these are blended in perfect balance. Heavy, sluggish substances that drag down performance and overheat your motor are entirely eliminated.

Try this great gasoline today. It's liquid lightning, ready to obey your every wish.
