

THRU THE EYES OF THE PRESS

Shear Co. Cigar Is Sold Widely

FAME OF MANHEIM SPREADS AS A RESULT OF WIDE POPULARITY OF J. H. P. AND EDGAR ALLEN POE BRANDS MADE THERE

A gathering of men anywhere in the world today without smoking would seem somehow out of key,—at fault. And certainly nothing is more conducive to masculine contentment than a really good smoke.

Men like a real cigar, however, made out of true broad leaf tobacco, properly and naturally aged, free from harmful adulterants, and rolled in sanitary fashion. They are particular about such things, and this very fastidiousness is responsible for the splendid advertising Lancaster County and especially Manheim, has enjoyed in the past nine years as more and more discriminating smokers throughout the country have turned to J. H. P. and Edgar Allen Poe cigars.

It is interesting indeed to find a local product making such a wide stir even in staid Boston, and much credit is due to Mr. Shear, founder proprietor of the Shear Cigar Company, 27 W. Gramby Street, makers of these popular brands, for so ably capitalizing his invaluable 25 years of experience in the tobacco business. Especially since by this enterprise employment is afforded to from twelve to fourteen Manheim residents regularly, to the benefit of the entire community.

Flinchbaugh Is Noted Jeweler

EVERY FORM OF JEWELRY IN VARIOUS AND BEAUTIFUL DESIGNS IS AVAILABLE TO MANHEIM RESIDENTS AT MAIN ST. STORE

For over sixteen years, during which he has seen styles in wedding rings change from plain gold to fine delicate platinum, and then to white gold, in ornate designs; and pendulum wall clock of yesterday become displaced by the neat electric table clocks of today, in short, all of the vast and sweeping changes which have taken place in the entire jewelry field, Mr. H. W. Flinchbaugh, who does watch repairing at 24 N. Main street, at the sign of the big clock, in Manheim, has faithfully and efficiently served his community.

As a result, he now occupies an enviable position in the confidence of his fellow citizens, who turn to him for every jewelry need with the assurance that whether it be flat silver, silverware, rings, watches, clocks, diamonds, or stones and settings of any description, he will provide them with the latest and best at fair and reasonable prices.

In addition by virtue of seven years apprenticeship with no less important a firm than W. W. Appel & Son, in Lancaster, augmented and enlarged by his own ripe experience and a natural aptitude for his craft, Mr. Flinchbaugh has won a notable reputation for skill and care in any sort of repair work, especially in fine watches and rings.

Two River Dams Make 790,000 H. P.

(From page 1) river side at Holtwood with an initial installation of 30,000 horse power but designed for an ultimate capacity of 200,000 horse power. The Safe Harbor and Holtwood plants are 8 miles apart and these two developments on the Susquehanna River being operated in effect as a single unit now have installed capacities of 350,000.

Two additional units are scheduled for installation at Safe Harbor in 1933 which will give the two river developments a capacity of 135,000 horse power. Provision has been made in building the Safe Harbor plant for six additional units of 442,500 horse power each which with the present capacity at Holtwood will bring the combined Safe Harbor-Holtwood capacity to 790,000 horse power.

These river developments are interconnected by the regional transmission network of the Pennsylvania Water & Power Company with the steam stations of the Consolidated Gas, Electric Light and Power Company of Baltimore, which now have installed capacity of 346,000 horse power. Operations of the plants are coordinated and a regional supply of power has been created which with the completion of the initial installation at Safe Harbor will have resources of 750,000 horse power to be increased to upwards of 1,100,000 horse power.

Construction at Safe Harbor is nine months ahead of schedule and with the additional units of the initial capacity is being utilized.

Pittsburgh—Examinations and surveys completed on five rivers for proposed canalization, according to J. W. Arras, U. S. Engineer of this district.

Standard Brand Hardware Litzenger Slogan

BY SELLING BEST, MOST RELIABLE MAKES STORE MAINTAINS 75 YEARS RECORD FOR HONEST SERVICE

As the Litzenger Hardware Company enters upon its 75th year of usefulness to Manheim one may well ask by what method or practice did this noted business house survive so many stormy periods in business history, while others were falling by the wayside in large numbers.

The answer is plain enough. To succeed in business one must have a genuine desire to render service needed by one's fellows, for only in that spirit of enthusiasm and interest can one hope to find joy and profit in the work to be done.

So Howard Litzenger throughout the fifty years in which he has been active in the affairs of this fine establishment (fifty years on April 2) has always been animated first and foremost by this purpose, and where others were led astray by false lights of greed and avarice, he has continued the policy upon which his uncle W. L. Litzenger, founded the business, and has handled only those brands of hardware which were sure to give good service throughout a period of years, brands which were backed by names of highest repute in the hardware manufacturing field. This policy of service manifests itself also in the free delivery maintained, and in the fine courteous competence of the four assistants of Mr. Litzenger. Like other good things it has multiplied itself and become manifest in Mr. Litzenger's civic and social career, as a member of the Odd Fellows, Junior Mechanics, and Senior Mechanics.

Three Clinics For Cripples This Year

(From page one) crippled children of the community. The work grew so rapidly that it became necessary to turn the program over to the Welfare Federation. Later the whole comprehensive program was turned over to the Visiting Nurses' Association.

At the close of 1931 there were 442 active cases of cripples from Lancaster city and county, many of these revealed for the first time due to the interest of the county branch. Three clinics were held by Dr. Rugh in the past year, at which he performed 41 operations, examined 209 children and re-applied nine casts. To date there are 57 registrations for the February 3 clinic, to be conducted by Dr. Rugh at the Lancaster General hospital.

Leaders of the county organization of the Crippled Children's association were listed Thursday at the office of the Visiting Nurses, as follows:

- D. W. Geist, Blue Ball.
- Chas. V. Walters, Bowmansville.
- E. C. Seldomridge, Quarryville.
- Mrs. Frank S. Barr, Narvon.
- C. W. Habecker, Hopeland.
- Benj. Herr, Lampeter.
- S. A. Wolphill, Reamstown.
- Rev. C. G. Bachman, New Holland.
- William Mink, Farmersville.
- C. Z. Sheaffer, 942 Virginia Ave., Lancaster.
- Earl M. Godshalk, Landisville.
- Mrs. Harrison Nolt, Columbia R. 1.
- Ernest Miller, 319 East King street, Lancaster.
- George Souder, 1028 Wheatland Ave, Lancaster.
- Harry Buckwalter, Lancaster, R. 6.
- Jos. Wentz, Leola.
- Victor Kling, Intercourse.
- Mrs. C. S. Pretzman, Millersville.
- Ad. Moore, Glen Moore.
- Mrs. Park C. M. Mowery, Paradise.
- Mrs. Parks Hair, Gap.
- Mrs. Walter Russel, Christiansa.

In the borough organization, leaders are:

- H. C. Zeamer, Columbia.
- Mrs. Walter Russel, Christiansa.
- William Barnes, Elizabethtown.
- Lloyd C. Moore, Ephrata.
- Dr. Yoder, Litzitz.
- Dr. E. W. Newcomer, Mount Joy.
- H. M. Witmyer, Manheim.
- Mrs. C. N. Gable, Mountville.
- Rev. C. G. Bachman, New Holland.
- Harry C. Kauffman, Strasburg.

Coopersville—Work about completed on rebuilding public road from Smyrna via Coopersville to Noble Road.

Palm—W. G. Conway became sole owner of Mill-Side park, having purchased share of H. A. Heck.

Plans underway to make Hilltown to Sellersville road one of first improved highways on spring program.

Hummelstown—Gher meat and grocery establishment at Main and Water streets remodeled.

About one-half mile base stone still to be laid and broken on Panic-Wishaw road.

Big Run—Work started on road between here and Twin Churches.

Blairsville—Chamber of Commerce making effort to get local glass plant in operation.

Cameron—Cameron State Bank opened for business recently.

Elkland—New cancelling machine installed at local post office.

Manheim Farmers Aided By Jones

POPULAR FEED STORE ESTABLISHED THERE SEVEN YEARS AGO IS FURNISHING QUALITY PRODUCTS AT LOW COST

With the prices for his products at their lowest level in many years, the farmer of today is faced with the alternative of either cutting his costs to a minimum consistent with proper production standards, or going out of business.

It is only right therefore that mention should be made in the lexicon of the business life of this vicinity of the notable aid being rendered to Lancaster and Lebanon county agriculturists by our noted feed merchant, Mr. William E. Jones, of 133 West High Street, Manheim.

Mr. Jones has always been esteemed among farmers in this neighborhood for his efforts in purveying exclusively high quality feed such as Quaker Oats feed, Checker Board Feed and the best quality mill feeds, brans, oats, corn, wheat and rye.

But it is only recently that the splendid service he has been rendering in making such products available at reasonable prices has been properly recognized.

A competent staff of two assistants who are remarkably familiar with feed technique and methods, two fine trucks and a very efficient system of management, are the forces which Mr. Jones has marshalled together in the public services which he is performing. These factors, plus careful buying have so increased his business that at present he sells from twelve to fourteen cars of feed per year, thus enabling him to buy in quantities which save his customers even more hard-earned money to devote to other needful purposes.

County Firemen Banquet March 19

(From page one) Banquet on March 19

During the business session of the program for the annual banquet and reunion of the County Association was outlined. The annual affair will be held in the Odd Fellows' Hall, on Saturday evening, March 19. Emory P. Wagner, Litzitz, announced that prominent officials of the State Firemen's Association will be guests at the banquet.

"Lancaster county night" will be observed by the Lebanon County Firemen's Association Tuesday evening, March 15, and a large delegation of Lancaster county firemen is expected to attend.

T. R. Shenk, Nefsville, chairman of the Apparatus Committee, urged every company to install first aid kits on their apparatus. He announced a meeting of the fire chiefs of Lancaster county to be held in Quarryville February 10. The annual convention of the Lancaster County Firemen's Association will be held in Ephrata Saturday, June 4. The Pioneer Fire Company will be hosts to the delegates and guests.

THE STATE COMMISSION ENDORSES COUNTY GAME FARM

Co-operation of the Pennsylvania State Game Commission in the establishment of a game farm in Lancaster county has been promised the committee of the Lancaster County Sportsmen's Association planning the farm, A. C. Grove, chairman, announced today.

Mr. Grove and the committee members, John Reese, M. G. Dietrich C. Chester Forrey and G. E. McMullen went to Harrisburg recently and secured the co-operation of the State Game officials. He said the officials have promised to send a man here to aid in the plans.

The farm which will be used for stocking purposes will be located near Conestoga Center. The five acre tract has been donated to the association by Charles Gantz, a member of the association.

The Sportsmen plan to put this tract in condition for re-stocking purposes and will erect a fence around the area. Thirty-four directors of the association and members are soliciting funds for the expense of this work.

Industrial Notes

The following record of industrial activity lists items showing investment of capital, employment of labor and business activities and opportunities. Information from which the paragraphs are prepared is from local papers, usually of towns mentioned, and may be considered generally correct.

Philadelphia—Robert E. Lamb Company received contract for construction of additional building for Blumenthal Bros., candy manufacturers, at James and Margaret Street.

Millersburg—New Moose Home at Market Street completed and dedicated.

Costesville—Contract for clearing site for new post office let to Globe Wrecking Co. of Chicago.

Hazleton—New coal mine will be opened on No. 6 Hill, south of here.

St. Marys—Portable plant for making snow fencing now operating here.

You are always invited to worship at the Methodist church. Come out and enjoy our services.

Wilmington—New construction project for this city will be new sewage disposal plant, plans for which are now in hands of contractors.

Montgomery—Specifications prepared for proposed sewer extension.

Educating the Motoring Public

PRESIDENT GABLE URGES MOTORISTS TO DO THEIR FULL SHARE IN MOVE TO REDUCE SCHOOL CHILDREN TOLL

Headlight requirements of the Pa. Vehicle Code—of particular interest at this time with the official inspection of motor vehicles in progress—are explained by the Keystone Automobile Club.

To comply with the law, headlights must under normal atmospheric conditions and on a level road, produce a driving light sufficient to render clearly discernible all vehicles persons or substantial objects 160 feet ahead, but shall not project a glaring or dazzling light.

It is pointed out by the club that numerous cars seen on the highways do not comply with the provision requiring sufficient illumination. This may be due to bulbs that have lost their efficiency or to dull reflectors in the headlamp. Many other cars offend by projecting a dazzling light, and still others are operated with only one headlamp burning. The "one-eye" car is a distinct menace to the highway safety. Motorists are cautioned to carry extra bulbs so that replacements can be made immediately upon the failure of a headlight bulb.

While the law requires a driving light sufficient to show objects 160 feet ahead, it recognizes the advisability of using the titled beam or auxiliary driving lamps in passing other vehicles, provided that such lamps shall give sufficient illumination unobscuredly discernible persons and objects 75 feet ahead of the motor vehicle. At no time is it permissible to drive an automobile at night without two lights displayed on the front of and on opposite sides of the vehicle. Dimmers or cow light may be used by motorists driving on the lighted streets or highways where persons and objects may be seen 200 feet ahead.

The penalty for violating any of the provisions relating to the headlamp requirement is a fine of \$10 and costs or not more than five days in jail in default.

Included in this section is the provision that every headlamp reflector shall have a polished silvered or glass or other reflecting surface and shall be free from dents, rust and other imperfections.

Two 'Musts' Now Face All Owners

(From page 1) The work of the Bureau of Motor Vehicles will be greatly facilitated if every operator in the Commonwealth will apply for his license now. Remember, the fee is \$2.

"The second 'Must' is that every operator in the State must have his passenger car or motor truck inspected by an official inspection station between this and midnight, March 31. Not only is inspection required by law but the necessary repairs, corrections or adjustments suggested by the inspection station must be made before that date. As in the case of the operator's license, motor vehicle owners will save themselves much inconvenience and the danger of arrest by complying with the inspection ruling now.

"Frequently the first impression one has of a State wide compulsory motor vehicle inspection campaign is that it may be promoted for the advertising of certain equipment for testing motor vehicles, or may be subject to commercialization by those agencies assisting the Commonwealth.

Proper Regulation
"Any means which can be legitimately used under the sponsorship of the State or any assistance which can properly be regulated, as we are regulating the present campaign, would be obtained from outside agencies, it seem to be justified if it does nothing more than periodically attract the attention of motorists to those factors in their automobiles which may be potential accident hazards or may become contributory to accidents.

"Traffic safety is 95 per cent education and 5 per cent enforcement. Our biggest problem is in the education of automobile owners and drivers. When they can be reached en masse, the complexities of the problem are proportionately reduced, and when we are able to sell the idea of safety to a sufficiently large per cent of motorists then we will begin to notice an appreciable decrease in motor traffic accidents.

"Compulsory inspection campaigns, when conducted under the proper auspices, and with a right appreciation of the real principles behind them, are a means to this end, and for his own satisfaction as to the condition of the equipment on his car which may prove a potential accident hazard, I would urge every motorist to take advantage of any opportunity he may have for such assurance as this method of safety maintenance education provides."

Dry Run—Path Valley State Bank and Citizens National Bank merged. Williamsport—Reading Transportation Co. inaugurated bus service from this place to Shamokin.

Elizabethtown—Plant of Farmers' Protective Dairy Co. of Dauphin County, located here, now in operation.

Erie—Gale A. Marsh purchased Service Drug Co., 12th and State streets, and changed name to Marsh Drugs, Inc.
