

WONDER HOW MUCH MILK THAT COW WILL GIVE?

HMM-M, WONDER HOW MUCH MILK THAT FEED WILL MAKE

You can't tell by looking. You have to try them both to find out.

But you do know this—a good cow will make you more money and more profit than an average one. A good feed will make you more milk and more profit than an average one.

The good cow may cost a few dollars more than the average cow but she's worth it. The good feed may cost a few cents more per bag than the average one, but its worth it.

Purina cow chow is just like the good cow—it will make you more milk and more money. It is a good cow feed; its cow tested. More than 1,000,000 cows have checked out cow chow and they report it makes more profit than other feeds.

Come in and let us figure with you on your dairy ration. Put your cows on the Purina dairy ration and you'll increase your profits.
