STRANGE ruling! Yet a ruling that is adhered to strictly by every church. The bundles in question are WORRY, CARE. They must be left at the door when you enter your Church. When things are darkest, and you are weary, and the hill ahead looks too steep, and you feel that you cannot take another step, remember your

Leave Worry and Care at Home

Your Church offers you strength, rest, courage. Let your Church help you. Come Let you Church help you. Come often. Come in sorrow, but come, too, in joy. For though the Church can make your sorrow less bitter it can also make your joy more sweet. Come to Church next Sunday and leave WORRY and CARE at the door.

Official testing of purebred Holstein cows continues unabated, according to a report including 161 records just issued by The Holstein-Friesian Association of America. The more progressive cattle breeders are continuing to test their cows for production for they realize that the present market de-mands highly efficient dairy cows. When business conditions improve these breeders who have carried on a consistent testing program will be in the best position to supply the demand for seed stock backed up by proven production.

In the list referred to above there were six Pennsylvania Holsteins owned by three breeders which all made 10 months records in Class B and averaged 411.7 pounds of fat and 11,884.7 pounds of milk.

Meta Hengerveld Colantha, a senior 4-year-old, owned by Ashley Farm at Newton Square headed the list with a yield of 514.5 pounds fat and 14,679.8 pounds milk testing 3.5%. Another senior 4-year-old in the Ashley Farm herd Doris Duchess Ormsby, made 437.7 pounds fat and 13,851.5 pounds milk. Ashlea Pontiac Korndyke, a senior 3year-old, produced 376.7 pounds fat and 11,647.9 pounds milk. A senior 4year-old, Brynhilde De Kol Ormsby produced 342.1 pounds fat and 8,639.4 pounds of 4% milk.

J. A. Bell, Jr. of Sewickley, had a enior 3-year-old, North Star Mabel Tritomia, to make 426.4 pounds fat and Laura Aaggie Segis Josephine, a sen
