# WE'RE FORTUNATE

The Mount Joy Boro Tax duplicate amounts to approximately \$14,000. Tax Collector Metzler at the last meeting of Council, reported a trifle over \$800 outstanding of our 1931 duplicate and \$1,695.00 of the 1932 duplicate.

With many of the boroughs in Lancaster county having only col-lected about thirty percent. of the 1932 taxes and Mount Joy having Mrs. Martin Musser. collected nearly ninety percent., we are certainly far above the aver-Either, we have a more puncage. tual class of tax payers or a better tax collector. his home in Lititz.

We are pleased to note that these most excellent conditions exist here in Mount Joy.

### MUD SLINGIN'

We note occasionally that our worthy Governor Pinchot, as an economy measure, dismisses from typhoid fever. service, a number of state employes. That seems just and proper.

Then along comes the Right of Way, a Harrisburg publication, and says that the state's pay roll has multiplied several times over that of ten years ago.

Monday Senator Reed, of Dau phin Co., declared that rugs costing \$73.95 and silk flags costing \$225 were used in and on Picnhot's tent when he attended National Guard Encampments.

Of course politics is politics and as long as we have more than one political faction we'll have mud slingin.

### PAYING TAXES

Residents of Mount Joy Boro have proven conclusively that they can pay their taxes as readily as people anywhere. This is particularly troe of our boro tax but not quite so convincing on the school tax. Of course, the reason may be small bills are more easily paid than larger ones.

The school tax is 18 mills while the boro tax is 10 mills.

During this period when everybody is economizing, could we successfully conduct our school and boro affairs with a lesser tax rate.

**Electoral** College Not

Bound by States' Will

The electoral college is the device set up by the federal Constitution for the election of President and Vice President of the United States. It is composed of electors chosen by popular vote in each state, the number in each case equaling the number of congressmen--senators and representatives-to which the state is entitled. Each elector is bound by precedent and party loyalty, though not by law, to cast his vote in accordance with the will of his state as shown at the November election.

The college never meets as a body.
