Carried \$46,000 In a Hand Bag

HOW MANY MEN COULD HANDLE A BAG CONTAINING AT LEAST ONE HUNDRED AND SIXTY-SIX POUNDS?

Within the past week the following item appeared in many of the dailies throughout this section, particularly Philadelphia, Lancaster and Harrisburg. Here is the article:

In a Satchel
Philadelphia, March 8—Fearing he might be fined for hoarding, an unidentified man appeared at the teller's window of a central city trust company and said he wanted to make a large deposit.

"We can take your deposit in a cus-

tomian capacity," said the teller. "It won't be credited to your account until the bank holiday is ended, though."

The customer reached down, opened a heavy black bag and began stacking, \$5, \$10 and \$20 gold pieces upon the counter. When he left the bank with his empty satchel, officials revealed he had been given a receipt for \$46,000. They refused to divulge his name or occupation.

Hard to Believe
To the average person that sounded like a believable story but to us it was more like one of those "believe it or not kind."

In the other, Judge B. C. Atlee and Schaeffer concurred in changing the rules of the local court, staying action on sheriff's sales one month, by ordering the return dates of writs in this county changed. The writs previously were returnable on the third Monday of April, August and November. The new ruling now makes the return dates the third Monday in May, August and November.

STARTED THE AUTOMOBILE AND ALSO A BAD FIRE

Efforts to start an automobile which had become frozen Thursday night were blamed for a fire which destroyed a barn and threatened a nearby house two miles northwest of Elizabethtown Friday at 4 p. m. The buildings were on the farm of George Hoffer, who informed firemen he left it running and returned to the house nearby.

Approximately 15 minutes later Hoffer gazed out a kitchen window and discovered the barn in flames. Though unable to save the barn, members of the Friendship Fire company of Elizabethtown, drenched the house which had caught fire but which was only slightly damaged.

According to Fire Chief Samuel Sheaffer, the loss was estimated at \$1,000.

What Penna's Governor Says

EXACTLY WHAT IS GOING ON AT HARRISBURG AND WHY BY OUR CHIEF EXECUTIVE, GIFFORD PINCHOT

You who read this can help mightily in the greatest matter now before the people of Pennsylvania—the matter of providing relief for the 2,000,000 men, women and children who must be fed with public money or starve. Your help is needed and needed at once. I am writing this to ask you for it.

There is no State appropriation for relief after March. There is no Federal grant for relief after March and we cannot get Federal money unless we appropriate State money first. We cannot ask the Federal Government to carry our whole load and it would very properly refuse if we did.

The General Assembly has been in session for eleven weeks. It has set a date for its final adjournment one month from now. Yet not one cent for unemployment relief has been appropriated by either House. We are facing the tremendous danger that our funds will be exhausted and that 2,000,000 people will lack even such daily bread as it is possible to give them now.

In message after message to the Legislature I have pointed out the need for action. Now I am appealing directly to the people, who are the masters of the Legislature.

THE HOUSE PASSES BEER
BILL BY 316-97 VOTE

President Roosevelt's third major proposal of the special session—the Cullen 3.2 per cent beer bill—was rushed through an enthusiastic House yesterday to the Senate, where Democratic leaders confidently predicted speedy approval.

Uproarious during three hours of debate, in which the minority prohibitionists hammered vainly against the Administration's revenue legislation, the House overwhelmingly passed the bill, 316 to 97.

Wildly supporting the measure that is expected to bring in from \$125,000,000 to \$150,000,000 annually in revenue, 238 Democrats, 73 Republicans and 5 Farmer-Laborites shoved the measure through with applause and cheers. The last House, on December 21, passed the bill 230 to 160.

Action came within less than 30 hours after President Roosevelt sent an unexpected message to Congress asking for immediate passage for revenue purposes and to fulfill the party's pledge to modify the Volstead act to permit the manufacture and sale of beer.

Do You Know That We Have
7 Different Types of Money

A good many people are talking inflation of our currency, which brings to mind that our money, the thing we use and want most, we know little about. Few people realize that there are seven types of paper money in the country today, as but a few see more than one or two types. The types are: United States notes, gold certificates, silver certificates, treasury notes, federal reserve notes, National bank notes and federal reserve bank notes. A new money authorized in 1929 was known as the new series. Bills of \$1 have the face of Washington, \$2 bills have the face of Jefferson, \$5 bills the face of

Lincoln, \$10 bills the face of Hamilton, \$20 bills the face of Jackson, \$50 bills the face of Grant, \$100 bills the face of Franklin, \$500 bills the face of McKinley, \$1,000 bills the face of Cleveland, \$5,000 bills the face of Madison, and \$10,000 bills the face of Chase.

Just how many of our readers would recognize or have ever seen the face of Madison or Chase on one of these notes?

The editor has seen the faces of Grant, Franklin, McKinley and Cleveland many, many times—but in newspapers and magazines—not on paper currency.
