FOUR PEOPLE INJURED IN MISHAP SATURDAY

Two children were seriously injured, and two other persons were hurt when an automobile struck a tree on the Harrisburg pike at Landisville at 3 P. M. Saturday. They were admitted to St. Joseph's hospital.

The victims, all of Mechanicsburg Cumberland county, were Mary Margaret Miller, ten, fractures of the skull and nose and internal injuries; her brother, Neil Miller, nine, fracture of the right leg; their aunt, Miss Olive Brink, twenty-eight, fracture of the right leg and lacerations of the face, and Miss Bessie M. Bear, forty-nine, driver of the car, lacerations of the face and bruises.

According to Highway Patrolman John A. Aumon, the car was traveling toward Lancaster, when it skidded on the wet highway, and crashed into a tree. The party was enroute to the Baker hospital, North Duke St., to visit Dr. Luella Miller, of Mechanicsburg, mother of the two children.

The four persons, who were unconscious when taken from the wreckage, were carried to the home of Paul Weaver, Dr. J. S. Kending administered first-aid before the St. Joseph's hospital ambulance arrived.

GOOD ATTENDANCE AT CHILD HEALTH CLINIC

The Child Health Clinic was held in the American Legion Home. There were 32 babies, 22 mothers and one father, there were 5 new registrations.

Leroy Miller, son of Mr. and Mrs. Clyde Miller, aged 2 years.

Lois Jean Webb, daughter of Mr. and Mrs. Charles Webb, aged 5 weeks.

Marlene Barbara Halbleib, the daughter of Mr. and Mrs. George Halbleib, aged 19 days.

Thomas Richard Germer, son of Mr. and Mrs. George Germer, aged 5 weeks.

Charles Owen Brandt, Jr., son of Mr. and Mrs. Charles Brandt, aged 5 months.

The Health Clinic was in charge of Miss Kersey, R. N.

The hostesses were Mrs. Backenstoe, Mrs. O. G. Longenecker and Esther Henry. The next clinic will be held April 4th, hours 2 to 4.

Notice to Parents Will the parents receiving state milk (which is the milk that is being distributed free in Mount Joy and Florin) kindly bring their preschool children to the Child Health Clinic in the American Legion Home, April 4, from 2 to 4 P. M.

Local Farmers May Now Apply

(From page 1) Interest at 5 1-2 per cent deducted in advance, will be charged.

Since the loans call for a first lien on the crop as security, the borrower frequently has to procure waivers from prior mortgagees or rights. If the applicant is a tenant, or is farming land on a contract, or is leasing or so-called crop contract, or has given a prior mortgage on his 1933 crops, the regulations state he must secure the waivers of the actual owners of the land, and all prior mortgage holders. If the applicant is the owner of the land and farms it with tenants or share croppers, waivers of such tenants or share croppers must be secured. The regulations further specify that the person waiving his prior rights must agree not to dispose of his rent note mortgage or other security without the first having obtained the written consent of a duly authorized agent of the Secretary of Agriculture.

The regulations make it unlawful for any person to dispose of or assist in disposing of any crops grown as security for any crop loan, except for the account of the Secretary of Agriculture and provide for fine and imprisonment for violation of such regulation. The regulations also require that each borrower agree to plant a garden for his home use and sufficient acreage to furnish feed for his livestock.

Farmers who apply for loans this year from the \$90,000,000 fund authorized by Congress for crop reduction loans, should refuse to pay any fees for help in the preparation of their loan applications, it was declared by S. M. Wass, Field Supervisor of the Crop Production Loan Office, stationed at Harrisburg.

The law enacted by Congress this year specifically prohibits the charging of any fee for the preparation of the application and detailed information or for the recording of the lien given as security for the loan, and for searching the records for prior liens.

Prospective borrowers need not write to Washington for application blanks and detailed information about the loans but may get that material direct from their County Agent.

The application blank this year requires a statement of the amount of the loan desired, the number of acres for which seed and fertilizer are to be purchased, the amount desired for feed, and the amount desired for fuel and oil for tractors. The application also requires a statement of the amount of the loan which is to be used for making repairs or for the purchase of other supplies. The sum total of these several items must not exceed the maximum rates per acre specified in the regulations.

A legal description of the land on which the crops are to be planted is also required, together with a statement of the acreage of crops grown by the applicant in 1932, and the yields obtained. The applicant is required to file a statement of the seed and feed on hand at the time of applying for a loan.

To obtain the loan, the application blank stipulates, the applicant must agree to use the money loaned only for the purchase of supplies necessary for the production in 1933 on the land described. Prospective borrowers must also state that they have neither the means nor the credit with which to secure these production supplies, and that unless the loan is granted, they will be unable to farm in 1933.

Significant differences between the 1933 and 1932 regulations governing crop production loans are that this year the maximum permitted to any one borrower is \$300, and that, to qualify for a loan, the borrowers must agree to reduce their acreage of cash crops 30 per cent below their 1932 acreage, provided their farming operations are above a specified minimum. As in 1932, a first lien on the 1933 crop is required. Loans are to be repaid on or before October 31, 1933. The regulations make it unlawful for any person to dispose of or assist in disposing of any crops given as security for any crop loan, except for the account of the Secretary of Agriculture and provide for fine and imprisonment for violation of such requirement. The regulations require each borrower to agree to plant a garden for home use and to plant sufficient acreage to provide necessary livestock feed.

Wedding Bells Ring Locally

NUMBER OF VERY WELL KNOWN YOUNG FOLKS ARE JOINED IN THE HOLY BONDS OF MATRIMONY IN THIS LOCALITY.

Esbanshade—Frey Miss Anna M. Frey, daughter of Mr. and Mrs. John Frey, Elizabethtown, was married to Mr. William D. Esbanshade, son of Mr. and Mrs. Park Esbanshade, Lancaster R. 6, on Sunday morning.

Shiffer—Kauffman William Carl Shiffer, son of Mr. and Mrs. I. A. Shiffer, of Elizabethtown, and Miss Grace G. Kauffman, daughter of Mr. and Mrs. Arthur Kauffman, of Milton Grove, were married at the parsonage of the Evangelical church, Anville, by Rev. W. A. C. Eby, the pastor. The ring ceremony was used and the attendants were Miss Verna Shotzberger, of Rapho, and Stanley Meyer, of Manheim. The bride was attired in a hyacinth blue suit. The bride and groom were classmates at the Elizabethtown High School and were graduated in the class of 1930. The bride was in training at the General hospital and was a practical nurse. A wedding luncheon was served at the home of the bride to the immediate families. After a trip they will go to housekeeping along the Ridge road.

GRATITUDE

To our friends and citizens of Mount Joy.

We are indeed grateful to you for your kind patronizing visits to our church, and for your generous liberality in heading our solicitors' plea from time to time, and in grateful acknowledgment thereof. We consider it our duty to caution you, the hereafter stated condition, which we have reason to believe justifies its publication.

On several occasions one of our ex-pastors here has canvassed the town soliciting funds. And while we do not consider his action incrementing to us if he justly states the purpose and object of his appeal. But if in the event he do so, as representing Macedonia A. M. E. Church, of Mount Joy, his action then becomes an infringement of justice to you and to us also.

Therefore, we wish to advise that no person or persons other than our own members, who are known residents of our town, are authorized, commissioned or permitted to solicit in the name of the above mentioned church.

And we further advise that the pastor, officers and members of said church, do not concur with any solicitations by any other than is herein stipulated. Nor do said pastor, officers or members of The Macedonia A. M. E. church, profit directly nor indirectly therefrom, and we advise our friends and citizens to endeavor asserting the purpose and object of such solicitations that it may not be assumed to be for the benefit of our church, nor the endeavors of our members misrepresented.

Thanking you again for your kindness, we pray for your Heaven's blessings.

Respectfully submitted, REV. JAS. W. KING, Pastor mar.22-11-p

ANOTHER RATE REDUCTION

Pennsylvania Power & Light Company announces that it has VOLUNTARILY FILED a NEW GENERAL TARIFF for electric service applicable to its entire system. Its two subsidiary companies, the Pine Grove Electric Light, Heat and Power Company and The Carlisle Gas and Water Company have also filed new tariffs.

These new General Tariffs, replacing existing General Tariffs, make changes in the charges for electric service, as well as modifications of the Rules and Regulations.

These changes, together with other rate changes for electric and gas service already made during the past year, will in the aggregate result in a reduction of approximately \$1,000,000 per year to consumers affected.

It is estimated that over 270,000 electric consumers in the Company's entire territory will be benefited. This group includes most of the consumers previously billed under Standard Rates classified as Residential, Domestic, Rural, Commercial, Commercial Cooking, Small Power and Large Power.

The only consumers whose bills will not be affected by these changes are the ones now paying minimum bills, or now being billed under present rates which are still lower than these new general tariff rates. The filing of these new Tariffs is another step in the standardization and simplification of uniform practices, charges and rates, under which the Company is welding into one unified system the practices and charges of the many local operating companies that have from time to time been merged into the Pennsylvania Power & Light Company. There will be no increases as a result of these changes.

The Major Changes in these Standard Rates are:—

- IN THE RESIDENTIAL RATE R-14 (for residential lighting service and the use of small domestic appliances) the 8 ct. block is reduced to 7 1/2 cts., and the 7 ct. block is reduced to 6 1/2 cts.
- IN THE DOMESTIC SERVICE RATES R-1-3 AND R-1-9 (residential lighting service used in connection with large domestic appliances such as ranges, refrigerators, water heaters and furnace motors supplied through one meter) the 35 cts. per room charge for the first four (4) rooms is reduced to 32 1/2 cts. per room.
- FOR COMMERCIAL COOKING a new and lower rate is made available.
- IN THE COMMERCIAL SERVICE RATE CS-1 (commercial or store lighting) the 8 ct. block is reduced to 7 1/2 cts. In addition, where small power is furnished to the same consumer at the same premises on a separate meter, the new rate makes optional the combining of the lighting and power services through one meter. Many consumers will find that they can reduce their bills by making the necessary changes in wiring and in the study of each installation the consumer will be assisted by the Company's employees.

Read—The Bulletin

The new rate changes will be EFFECTIVE APRIL 20, 1933, and will apply to all bills rendered on or after that date. In some cases, with domestic, commercial and small power consumers, where wiring changes will have to be made to connect light and small power through one meter, the consumers will not receive the full benefit of these changes until they have made the necessary wiring changes so that all service will be measured through one meter.

This is the THIRD general reduction in rates, since the beginning of the present economic depression, benefiting consumers in Lancaster and portions of Berks and Lebanon Counties now served by this Company. Consumers in this territory received a reduction on May 1, 1930, as well as participating in the January 1, 1931, reduction which saved consumers over the Company's entire territory approximately \$1,500,000 a year in the cost of electric service.

Substantial rate reductions for the various classes of gas and electric service have been regular occurrences since the formation of the Company in 1920. By the end of this year, the result of these reductions during the years they have been in effect, combined with this year's reduction, will be a saving to consumers of nearly \$20,000,000.

Copies of the new tariff were filed with The Public Service Commission March 21, 1933. They are also on file in all of the Company's commercial offices, where they may be inspected by any consumer, and where they will be explained by the proper employee of the Company.
