#### Food Drinks

N interesting food booklet, A recently issued, classes all substitute children's meals, they drinks having milk as a should supplement them. Here base, as "food beverages." Any are some suggestione who has substituted a choc-school food drinks: one who has substituted a chocolate olate-egg-malted-milk at the soda-fountain for his usual lunch, on a Milk: Shake together six tablesyrup, plus an egg, are indeed food, in a very sustaining sense.

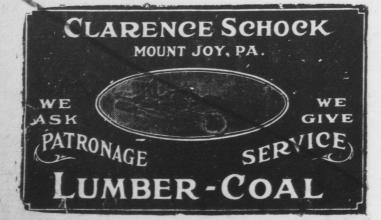

For Young and Old Make more of them for your children, for children are busy people and dislike lingering over food. Grown-ups may sit down to a long course dinner with anticipation and enjoyment, but to children it usually represents a whole lot of food to be consumed and a whole lot of valuable time wasted from play.

This makes five tall glasses.\*

While food drinks should not

Don't Keep **Your Dollars** Where They Can't See Daylight . . .

THE dollar down deep in

the sock; imprisioned in the boodle bag or locked up in the strong box is surely blinded to today's bargain opportunities. Get them out; get them working; give them the chance to see the light of today's bargain opportunities.

Give them the freedom to work economy marvels they'll find their chances at every hand for the American dollar has good sense. . . the American dollar has ever been bred to practice thrift . . . active, energetic thrift . . . idle hoarding of the dollar made this the world's richest and most progressive nation.

At today's prices...the lowest in 15 years that dollar can work for you as it never has before . . . in clothing, furniture, food, furs, almost all things it can deliver from 40% to double what it purchased in years when you spend it freely. Now is the time to store commodities, not

The purchasing power of the dollar is today at its fullest, hold on to it and it will shrivel up as surely as today's bargains will fade and disappear with the return of higher prices. That return is very near at hand . . . so near that the procrastinator is sure to be caught napping.
