What Penna's Governor Says

EXACTLY WHAT IS GOING ON AT HARRISBURG AND WHY BY OUR CHIEF EXECUTIVE, GIFFORD PINCHOT

In my economy budget submitted to the General Assembly last January there was only one item that met with the approval of the farmers of the General Appropriation Bill as passed by the House of Representatives. The appropriation for every department but one was slashed and cut from 15 per cent to 37 per cent below the Budget as part of the plot of the Republican Organization to disrupt every governmental service and thus discredit the administration.

My budget recommended reductions in the cost of government totaling \$60,000,000. This was the largest proposed saving ever recommended to a Pennsylvania Legislature. It represented deeper cuts in the cost of government than have ever been attempted in any state. But the House Appropriations Committee was not satisfied with it, except as to one item.

That one item approved was the \$1,863,783.00 recommendation for the General Assembly's own expenses for (Turn to page 8.)

The firm was organized by the late J. N. Brandt, Marietta banker, who committed suicide recently and who served as president of the J. N. Brandt, Inc., until the time of his death. He held 498 of the 500 shares of the concern while the two remaining shares were held, one each, by M. M. Truitt, vice president and treasurer, and R. Wisman, secretary.

ELIZABETHTOWN BUSINESS MEN ARE SETTING AN EXCELLENT EXAMPLE WHICH SHOULD BE ADOPTED BY OTHERS AS AN AID TO FARMERS

Everybody is well aware of the fact that the farmer has "been up against it" for some time. The least we can do for him, practically now, would certainly be appreciated.

Practically none of last year's tobacco crops thruout this section have been sold and as a result the farmer is without cash to pay his numerous annual obligations.

The business men at Elizabethtown have adopted the barter system, which in our estimation is a good one and should be encouraged in all tobacco growing communities.

Here's the gist of the plan as published in the last issue of the Elizabethtown Chronicle:

Under the plan—farmers swap their debts for their tobacco.

Operation of the system was put in (Turn to Page 4)

Friendship Fire Co's. Prompt Response Prevents Two Fires

That our fire company is "on the job" was proven in two instances within the past week when they prevented what could easily have been destructive fires.

Roof on Fire

The supposition is that a spark set fire to the roof of the frame stable in the rear of the Myers property, next to H. E. Garber's shoe shop, on East Main Street on Friday noon. The firemen extinguished the blaze. The damage was slight.

Our firemen were called out Monday noon to extinguish a fire at the home of George Germer, on East Main street. An overheated stove-pipe set fire to the partition and the prompt response and quick action of the firemen prevented a destructive fire. The flames were confined to the partition and were extinguished before much damage was effected.
