## DEFLATION...

Have your investments been affected by the general deflation of values we have experienced in the last few years? Are you aware of the losses that have been sustained by investors in practically every security and commodity, with the exception of BUILDING AND LOAN shares?

We quote losses that have been incurred in the following investments:

	Invested	Loss %	Now Worth
Average Stocks	\$1,000	80%	\$200
Average Bonds	1,000	35%	650
Merchandise Stocks	1,000	45%	550
Diamonds and Jewelry	1,000	50%	500
Real Estate	1,000	25%	750
Building and Loan Shares	1,000	None	1,000+

BUILDING AND LOAN shares have maintained their supremacy in the face of the greatest depression in the history of the world. They will never be put to a harder test.

If your money is invested in a BUILDING AND LOAN, keep it there. If not, put it there! The BUILDING AND LOAN plan of saving provides the finest thrift agency in the world.
