

IF YOU WANT GOOD TEETH - By DR. J. M. WISAN

LET THE DENTIST HELP PREPARE YOUR CHILD FOR SCHOOL

THE time will shortly arrive when the children will renew their acquaintance with the school house. Then the schedule of daily chores will make it difficult for the parent to attend to the dental needs of their children.

All school officials are aware of the importance of health in the mental development of the child. That a healthy child learns best is an accepted truism.

Unfortunately most parents do not realize the importance of the health of the body. It is well to remember that unless teeth are healthy and sound the child will not chew his food properly.

However, there is one point that has not been called to the attention of many parents, namely, the role played by the teeth in the development of the mouth and face.

ASK U. S. FLYERS TO ENTER \$75,000 RACE

London-to-Melbourne Trip Planned for 1934. Sydney.-Well-known American flyers will be invited to enter the \$75,000 (875,000 at par) air race from London to Melbourne in October, 1934.

Sir Macpherson Robertson, a wealthy Melbourne candy manufacturer, has donated the money for cash prizes in the race under these main conditions:

The race is open to entries from all nations, for any make and size of engines, and crews.

Simultaneous start in London in October, 1934. A set course from London to Melbourne now being worked out.

First plane to Melbourne to receive \$10,000; the other \$5,000 to be awarded for other qualifications to be announced shortly.

Distance About 11,400 Miles. The approximate total distance is 11,400 miles, and it is expected that the route will cover these stretches:

London to Bagdad (2,500 miles); to Calcutta (3,000 miles); to Singapore (1,800 miles); to Darwin (2,000 miles); to Charleville, Queensland (1,300 miles); thence on the final stretch to Melbourne (800 miles).

The foregoing course is the one followed by the English aviator Jimmy Mollison in his record-breaking flight from London to Australia in 1930.

There are key landing grounds at Athens, Bagdad, Karachi, Calcutta, Alor Star (Malay states), Singapore, Darwin, Samarang, Soerabaya, Baravia, and Charleville. October, which coincides with the start of the Melbourne centenary celebrations, is accepted by experts as the best time for favorable weather conditions through the tropics.

Six of the pilots who have successfully flown the course started in October, including Sir Charles Kingsford-Smith, Bill, and Butler.

Kingsford-Smith, conqueror of the Pacific from San Francisco to Sydney in the Southern Cross in June, 1928, has signified his intention of entering the race and expressed the hope of dying a Lockheed-Orion with a supercharged Wright-Cyclone 60 horse power radial engine.

The British air ministry and the Australian department of defense are also co-operating with the centenary committee for the success of the venture, particularly in view of the fact that Britain anticipates a more thorough air survey of the route from England to Australia.

Invitations are to be sent to Colonel Lindbergh, Amelia Earhart, Maj. Jimmy Doolittle, James Wedell, Frank Hawks, and other American flyers. It is expected that from England will enter Sir Alan Cobham, Jimmy Mollison, Amy Johnson, Capt. Edgar Percival, Scott, McNully, and Achebery. Italy, France, Germany, and Russia are also expected to furnish flyers to compete in the air race.

Sauer Kraut Supper

The Ladies Aid Society of the U. B. church will hold a supper in the basement of the church on Saturday December 2nd. Tickets are now on sale.

Keep Farm Accounts

A good farm record book accurately kept will enable a farmer to know his business.
