## Bulletin Proverb Contest Winners

(From page one)

Her replies were returned in the most original manner of the many we received. She made a pen and ink drawing of all the cartons as well as the coupon. They were in neat book form.

**The Winners**

The reply of the winner of first prize, Robert S. Metzgar, of Columbia, is certainly very neat and original. They were presented in book form with silver cover lettered in gold. The proverbs are nicely arranged, neatly lettered with the fifth, "All is Not Gold That Glitters," lettered in gold.

Second prize, won by Joseph Shaeffer, of town, is also neatly compiled and he very uniquely displays his ability as an artist in addition to having all the replies correct.

The Proverbs by Mrs. Paul Weiser of Florin, winner of the third prize, are very well written.

So that everybody can see the result of this contest, all the leading replies are now conspicuously posted in our window where they are open for your inspection.

**The Correct Proverbs**

For the benefit of the contestants, appended are the correct replies to all the proverbs:

1. The early bird catches the worm.
2. A stitch in time saves nine.
3. You can lead a horse to water but you can't make him drink.
4. The pen is mightier than the sword.
5. All is not gold that glitters.
6. Too many cooks spoil the broth.

**Checks Were Mailed**

Checks were mailed to the winners today, as follows: Robert S. Metzgar, \$5.00; Joseph Shaeffer, \$3.00; Mrs. Paul S. Weiser, \$2.00.

## The Safety Glass Law Is Outlined

**ALL AUTOMOBILES MANUFACTURED AFTER JANUARY 1, TO BE LEGAL IN PENNA., MUST HAVE SAFETY GLASS THROUGHOUT**

All motor vehicles manufactured or assembled after January 1, 1935, must be equipped with safety glass in windshield, doors or windows to be legal in Pennsylvania, the Lancaster Automobile Club announced in explaining provisions of a law passed by the 1933 Legislature. This statute, however, does not affect vehicles now in use, except those operated as public conveyances.

The law is quoted as follows:—

It shall be unlawful, on and after the first day of January, 1935, to operate, on any public highway or street in this Commonwealth, any motor vehicle manufactured or assembled after said date, unless such vehicle is equipped with safety glass, whenever glass is used in doors, windows or windshields.

The penalty for violation is \$25 fine and costs or not more than ten days in jail and, in the case of a company or individual holding a Public Service Commission certificate, suspension of that certificate until the law is complied with.

The term "safety glass," according to S. Edward Gable, president of the Automobile Club, is explained in the law to mean "any glass or transparent product, approved by the Department of Revenue manufactured or fabricated in such manner as subsequently to prevent shattering and flying of the glass or transparent product when struck or broken."

Mr. Gable said that a law requiring safety glass in public conveyances, including taxicabs, buses, school buses and others carrying passengers for hire went into force January 1, 1934, affecting such vehicles manufactured or assembled after that date.

## A Modern Fight

Annually the tuberculosis societies throughout Pennsylvania affiliated with the Pennsylvania Tuberculosis Society conduct an educational campaign to stimulate the Early Diagnosis of tuberculosis cases. For several years case finding has been emphasized, but next year emphasis will be placed on the treatment of tuberculosis. The slogan for 1935 is:

**Fight Tuberculosis with Modern Weapons**

Various health and social agencies, industrial concerns, insurance companies and other groups will cooperate in this health education project. Leaflets will be available with these topics:

- Nature Aids the Doctor
- How the Sanatorium Protects You
- Splitting the Lung
- Making the Cure Stick
- Modern Weapons to Fight Tuberculosis

Another valuable leaflet obtainable through tuberculosis societies is entitled, "What You Should Know About Tuberculosis." This is an authoritative and interestingly written summary on tuberculosis, with striking illustrations.
