IANY FAMILIAR NAMES APPEAR AMONG THE DIRECTORATE OF THE MT. JOY BUILDING AND SAVING ASSO.

How many of you know or ever leard of the Mount Joy Building and Saving Association? The writer would say comparatively few. In 1869 there was such an organization in Mount Joy. Its objects were exactly same as those of our present Building and Loan Association, namely: "To loan money to its members for the erection of houses buildings, or to purchase real este and to remove liens or other icumberances upon real estate own d by its members, etc.'

Shares sold for exactly the same amount then as they do today-\$1.00 per share per month.

The one vast difference between the Association then and now was-Whenever there was \$200 in the treasury, instead of loaning it to an applicant, it was put up for bidding among the members of the Association and the one paying the highest rate of interest, was given the loan. Today all borrowers pay the same rate of interest.

The old company imposed a penalty of 25 cents upon each of its directors for non-attendance at the hour appointed.

Officers and Directors

It may be of interest to read the list of officers and directors of this Association of sixty-six years ago. They are appended:

- J. R. Hoffer, president. Henry Shaffner, v. pres.
- P. A. Pyle, treasurer.
