MILLION DOLLAR PAYMENT ON TAX BILL BY P. P. & L. CO.

A million dollar payment, in advance, on a tax bill for the year 1936 establishes a rather notable precedent.

This payment, according to an announcement by the Department of Revenue at Harrisburg, was made October 28th by the Pennsylvania Power & Light Company under the provisions of a law enacted at the last session of the legislature, and its receipt invoked in a letter of appreciation from the State officials who welcomed this addition to current receipts particularly in view of the fact that \$335,000 of the amount goes to the State Relief Fund, and comes at a time when it is very much needed.

The State tax bill of this Company for the year 1936 is only one of the tax bills of a large group of electric utility companies in the State, and is a very vivid reminder of the role played by the utilities as taxpayers.

To citizens who think, this incident suggests the advisability of refraining from any tampering, legislative or otherwise, with this source of revenue. Loss of tax income from the utilities necessarily would have to be made up from other sources. Locating new sources would inevitably be reflected in increased burdens to the taxpayers generally—a prospect which develops much apprehension.

that the State highway will supervise the expenditure of money, the purchase of material and the rental of equipment.

In 1934, the Parkinson Fund was depleted because of the drains placed upon the motor fund by diversion to finance direct relief, old age pensions and other State expenses.

Through the sale of tax anticipation bonds, Secretary Van Dyke on October succeeded in having the Parkinson Fund replenished and announces that in Lancaster County there is \$142,868 available for township road construction. The Works Progress Administration is proposed to expend \$500,000 in this county for township road work.

Townships of Lancaster county so far have filed WPA applications for \$87,618 the Works Progress Administration funds will be used. In these projects the townships are purchasing material and renting equipment. Allocation of Parkinson funds in each township of Lancaster County follows:
