ONLY GRADE SCHOOL PUPILS EXCLUDING THREE LOWER GRADES, WILL PARTICIPATE—NO ADMISSION—SILVER OFFERING

The Mount Joy Public Schools present their last public concert for the current year this Friday evening at 8:00 o'clock when the Grade School pupils will present their Spring concert.

A program of about one hour in length will be given in which the Grade School Choir will be featured. This choir, which represents the entire Grade School with the exception of the three lower grades, will do several outstanding numbers including the well known solo and chorus "O Turn Ye" from the oratorio Gallia by Gounod and "Starry Night" from the opera Faust also by Gounod. Their part of the program consists also of numbers in a lighter vein.

A group of students from the Sixth grade will also make their first appearance and will do a group of a capella numbers. This group will feature a selection from the oratorio "Elijah" entitled "Lift Thine Eyes."

The Grade School Orchestra will conclude the program with several selections. It is believed that the program will be quite novel in that only grade school children will take part and they will endeavor to interpret very difficult numbers in a mature fashion.

McSparran Criticizes Our WPA

CLAIMS IT IS RIDICULOUS TO HIRE AND PAY WORTHLESS MEN 50c AN HOUR WHEN MECHANICS ARE GETTING 40c.

John A. McSparran, former State Secretary of Agriculture, Friday criticized the establishment of a 50-cents per hour minimum wage scale for WPA, effective May 1. "Farmers can't get the help they need," he said. "It's worse than war time. We don't need a WPA in southern Lancaster county and we've told the WPA that. We would be better off without it. But it's still here."

As a result men who have been working on farms and have been satisfied with their wages are quitting to take WPA jobs. The farmers can't afford to pay 50 cents an hour. They are left without available labor for planting, for harvest, and the busy summer season.

In addition, the WPA is giving the fellows that aren't worth anything any place the same wages as the good workmen. Fellows who never earned more than \$25 a month in cash before in their lives
