| Mr. Clyde E. Gerberich, President | Mr. John M. Booth, Vice President |
| Mr. Joseph T. M. Breneman, Secretary | Mr. Lloyd Kline |
| Mr. Albert D. Selter | |

Reduction In Accidents Goal Of Safety Crusade

Those whose work it is to make America a nation of careful automobile drivers are evidently determined that the 1936 total of traffic fatalities on the highways and streets must be substantially reduced, is the belief of H. E. Garber, Goodrich tire dealer at Mt. Joy and Elizabethtown.

"As a result, safety is being dinned into the ears and eyes of motorists as never before; on the radio, in magazines, newspapers and pamphlets observance of traffic rules, common-sense driving, consideration of 'the other fellow' are among the chief topics of the day," Mr. Garber said.

In connection with this concerted nation-wide drive, it is of more than just passing interest to note that The B. F. Goodrich Company of Akron, Ohio, is continuing, in a very emphatic manner, the safety activities which it pioneered over a quarter of a century ago.

It will be remembered by many that Goodrich started America's original "Safety First" campaign back in 1913 while the automobile was still in its infancy. This movement called for the erection of signs along roads, such as they were in those days, to warn motorists of dangerous curves, intersections and other death traps.

Nearly every year since this time has been some new Goodrich effort in the interests of motoring sanity,

some improvement in tire and tube construction, developed by this company to bring greater comfort, safety and mileage to the automobilist.

Notable among these developments is the Life-Saver Golden Ply, a special layer of balanced, full-floating cords scientifically treated to resist internal tire heat. This ply is built into all new Goodrich Safety Silvertown tires to combat the danger of high-speed blow-outs.

During the coming year it is understood that Goodrich will strive to secure a million more members for its Silvertown Safety League. Motorists joining this organization, which already numbers nearly two million members pledged to safe driving, can secure through any Goodrich dealer a handy tail-light emblem free of charge. In addition to being a mark of distinction this handy emblem has a red crystal reflector which serves as a protection against rear-end smash-ups when the regular tail-light fails.

"The success of the present crusade by government, civic organizations and industrial agencies to reduce automobile accidents, depends, to a great degree, on the whole-hearted cooperation of every motorist in America. As safety experts point out, 'A safe driver is a life-saver,'" Mr. Garber said.

Use Land Right
Good land uses lead to a more prosperous agriculture.

BRETHREN CONVENTION TO OPEN AT HERSHEY

The Church of the Brethren will hold its 138th National Convention here from June 10 to June 17.

The headquarters will be in the Community Building Wednesday and Thursday June 11 the headquarters will be moved to the Convention Hall.

Dr. A. C. Baugher, of the Elizabethtown College, is the Conference Director.
Rev. Chester Ebersole, Hummelstown, is chairman of the lodging committee.

Sectional Conferences will open Wednesday afternoon June 10 at 2 o'clock in the Community Building.

Thursday June 11 a ministerial conference will be held in the Spring Creek Church of the Brethren.

The Convention proper will open its first evening session at 7 o'clock Thursday, June 11 in the Convention Hall, Friday evening June 12 the first business session will be held.

The convention moderator will be the Dr. D. W. Kurtz, of Chicago.

Rural Groups to Sing
Twenty-five rural community choruses have entered the state contest, finals which will be an entertainment feature of the Farmers' Field Day program at the Pennsylvania State College Thursday, June 11.

You can get all the news of this locality for less than three cents a week through The Bulletin.

Grow Good Pastures
Excellent pastures can be grown if the proper seed mixtures and adequate lime and fertilizer are used. The expense is not great, especially when the increased returns are taken into consideration. Farmers of Clarion county have some fine demonstrations of pasture improvement.

Clearly, concisely, briefly To Help You In Your Thinking

The United States News presents the news of national affairs organized for your convenience in special divisions as follows:
The Congress Week—what the House and Senate debated, measures passed, clarifies attitudes and implications.
The President's Week—the visitors the President saw, what he said and did, the meaning of these conferences.
State of the Union—a five-minute explanation of the highlights in the national news keeps you informed on the essentials.
The Political Week—up-to-the-minute reports on what the political leaders are doing and planning, the kettle boils.
What the Press of the Nation thinks a quick interesting survey of public opinion including the percentages of the press for and against on leading issues.

Washington Whispers and **Tomorrow** what is going on back of the scenes in the different departments, bureaus and administrations—the news behind the news!

Voice of the New Deal—signed articles by Administration spokesmen. **Voice of Business**—now business leaders view national problems and propose to solve them.

Trend of American Business—a remarkably complete statement of business conditions boiled down to a page.

AND IN ADDITION—A critical appraisal of the Washington scene by David Lawrence, written especially for The United States News and appearing in no other publication.

Special Introductory Offer
The regular subscription price of The UNITED STATES NEWS is \$5 a year. As a new reader you are invited to receive it each week for the next EIGHTEEN WEEKS for only \$1.00.
