

Fruit Cakes in Candied Grapefruit Shells Make Unusual Holiday Gifts

Fruit Cakes: Made in This Modern Manner Especially Attractive in Appearance and Delightfully Different in Flavor

THOSE who regularly send home-made gifts to their friends at Christmas time such as fruit cakes or plum puddings and have not yet heeded the slogan of "bake early" will be interested to learn about a new fruit cake recipe which can be made even a few weeks before Christmas and still be fully ripened.

One attractive feature of this type of fruit cake is that because of its size it does not require as long to bake as the larger cakes from three to five pounds in weight.

Fruit cakes made in candied grapefruit shells are not only especially attractive in appearance, but are also delightfully different in flavor. Fruit cake served with any of the fine American wines now available will make just the right refreshment needed when friends drop in unexpectedly for short, friendly visits during the holiday season. Although it takes but a moment to prepare this holiday favorite for serving, the impression of the delicious flavor combination of the fruit cake and wine will linger long in your memory.

Christmas Fruit Cakes in Candied Grapefruit Shells

Select large Florida seeded grapefruit of good shape and color. Wash, cut a slice from the stem end of the grapefruit; remove the inside, being careful to leave all of the thick part of the peel. Cover the shell with cold salted water; bring to a boil, cook about ten minutes. Drain off water. Repeat the process three or four times or until as much of the bitter flavor is removed as desired. Cool about ten minutes in a strainer. In a separate bowl mix equal parts of sugar and water. If a slight wine flavor is enjoyed, add a dash, such as domestic Sherry, to the

symp; allow one tablespoon of wine to each cup of water used. Be sure to use sufficient syrup to float the fruit. Cook to 220 degrees F. (medium thick syrup); let fruit stand in syrup at least 24 hours. Turn several times during this period. Then cook to 228 degrees F. (very thick syrup). Remove from syrup and cool. If the shell is large, turn it over a glass to shape. Of course you will want to use the sections of grapefruit removed from the shell, and here is the recipe for a most tempting salad you can prepare.

Grapefruit-Pineapple Salad
1 cup grapefruit sections
1 cup diced pineapple
Lettuce
1/4 cup pecan meats
Mayonnaise or Salad Dressing
Mix the grapefruit and pineapple and chill for several hours before preparing the salad, as it must be made just before serving. Arrange the fruit on the lettuce covered plates and top with a tablespoon of mayonnaise or salad dressing and cream. Sprinkle on pecans.

The recipe for the fruit cake is as follows:
Dark Fruit Cake
1/2 cup shortening
1/2 cup brown sugar
4 eggs
1 cup flour
1/2 teaspoon nutmeg
1/2 teaspoon cloves
1/2 teaspoon salt
2 cups seedless raisins
1/2 cup citron, chopped
1/2 cup candied orange peel, chopped
1/2 cup walnuts, chopped

Cream shortening and sugar, add eggs one at a time, beating vigorously after each addition. Mix and sift flour, nutmeg, cloves and salt; add to first mixture. Add raisins, citron, orange peel and walnuts. Fill crystallized grapefruit shell with the fruit cake mixture. Steam one hour, then bake thirty minutes. Roll shell in granulated or powdered sugar. This amount will fill two or three grapefruit shells.

smoke masks and rubber gloves; Quarryville, new chemical hose. One new member was added, being John H. Steffy, Littitz.

To Stop Destructive Acts
Fire Marshal Paul Z. Knier called attention of the fire chiefs to be on the lookout to stop the work of Halloween actors who destroy property. One fire reported caused the loss of many shocks of fodder, containing about 100 bushels of corn, carried onto the highway and fired. Efforts will be made to stop this kind of work in the future.

For Fewer Accidents
The County Supervisors' Association passed a resolution recommending that the twp's co-operate with Lanc. City and boro's in governing the sale and putting off of fireworks. About 180 cases of injury from fireworks were reported treated at the Lancaster County hospitals this year. There is desire to control the high-powered fireworks, thus aiding in saving the lives and limbs of children.

Many Interesting Views
Henry Weller, thru the courtesy of the Pennsylvania Water and Power Company, showed pictures of the exterior and interior of the Safe Harbor plant, as well as of Holtwood and the raging flood waters in March. The substructure at Safe Harbor is erected for 12 more units when the demand for electric current increases. At Holtwood two of the large transformers toppled over after the concrete retaining wall gave away. The wall has now been replaced with one that is five feet higher than the former one.

To Conduct Fire Schools
Mr. Stauffer, fire marshal of Lebanon County, told of the proposed change in conducting fire schools in the future. It is proposed to send a fire apparatus for two weeks and have two practical firemen and two instructors from the State Department of Education. Nat Alexander, of New Jersey Firemen's Association, gave an address.

Mr. Fleming the Speaker
The next meeting will be addressed by Alfred T. Fleming, when the Ladies' Auxiliaries of the

LANDISVILLE

John Swarr presided at the meeting of the Landisville Civic Association in the fire hall on Tuesday evening.

15 Fires In Co. During November

(From page 1)

der stack, 1; hitching shed and storage building, 1; wash house, 1; scrap lumber and tar paper, 1; auto, 1; garage, 1.

Causes of Fires

Causes of the above named fires: Sparks from railroad engines, 1; dirty and defective chimneys, 5; heating motor with torch, 1; Halloween prank, 1; unknown, probably collapse of building, 1; burning paint from house, 1; burning paper and brush, 2; short circuit, 1; overhead stovepipes, 1; spontaneous combustion, 1.

President R. Chandler Heagy presided at the meeting with J. Harry Grube, secretary, Rev. Alvin H. Stoner, Strasburg, gave the address of welcome. Miss Betty Breuninger gave xylophone solos, Miss Jean Breuninger being piano accompanist. Arthur Witmer, Quarryville, R. D., cleverly entertained as a ventriloquist.

Thirty-two fire companies were represented.

Fires at Christmas Season

Earl F. LeFever, Quarryville, gave a report for the fire prevention committee. Attention was called to guard against hazards created at Christmas season. The State Forestry Department was commended for the posting of many placards on State lands, aiding in the reduction of the number of fires.

Deaths of Three Members

George F. Weidler, of the memorial committee, reported deaths of three members since the last meeting: George Kuhlman, Lancaster; Harry Brown, Mt. Joy, and Jerry Mumma, Brownstown.

Making Purchases

T. R. Shenk told of the recent purchases by Fire Companies: Strasburg, buying lot 140 by 65 feet, as location for a new home; Bareville, 400 feet of hose; Blue Hill, 500-gallon pumper; Leola,
