MAYTOWN

Town Will Have a Community Christmas Tree

Using part of the funds raised at the very successful Sample Fair held last Saturday, the Maytown Civic Association this week will begin the erection of a community Christmas tree in the public square. A program of carol singing is being arranged for the Yule season. One afternoon will be devoted to children. The choirs of the various local churches will unite for the singing of familiar Xmas songs. Last year a tree 30 feet tall was erected and lighted. A tree similar and possibly larger will be placed this year and the community program will be expanded.

While the returns from the fair have not been completely tabulated, it was indicated yesterday that between \$200 and \$300 will be realized. This money makes up a community fund to keep the square improved and to care for the town pump upon which many citizens depend for their water supplies. More than 600 people attended the fair in the high school when 20,000 samples were given away, 10,000 by the committee and 10,000 by exhibitors. There also were 30 general prizes awarded during

The Maytown fire company responded to a call at 5 p. m. Tuesday at the home of Christian Brandt South River street where an overheated stove caused a slight chimney fire, according to Fire Chief Harry Frank. Chemicals were used to good effect and the damages were slight.

a raid on a house where bingo was played under these terms just as I would on a place where poker or dice games were played. It's gambling, pure and simple."

Chief of Police Albert F. Montgomery pointed out that the city police for years have been forbidding bingo or beano to be played where the player has to pay or "ante up" for each game played.

The fad recently spread to church groups, fraternal organizations and even to parent-teachers associations in the schools.

Bingo games were held in Mount Joy Hall here two nights a week for some time.

Among the new raspberry varieties available are Taylor and Marey, red berries, and Sodus, a purple variety. All three varieties are said to be worthy of trial planting. Comparison with satisfactory old varieties is a good way to learn about the new kinds.
