Birthday Celebration For Christian Gerber

Last Wednesday the Bulletin congratulated Mr. Christian S. Gerber on his birthday, but on Sunday his home was a place of high spirit when all his children and grandchildren and many friends gathered to wish him many more happy years. There existed that hilarious and carefree atmosphere of friend meeting friend, brother meeting brother and sister, father and mother greeting children, grandchildren and friends.

All ate heartily of the splendidly prepared and appetizing dinner which was placed before them. The afternoon was spent in the old-home fashion. There was much music from the talented young people present. There were selections from the string instruments, piano and vocal renderings. Those present to enjoy the birthday celebrations were: Mr. and Mrs. Christian S. Gerber; Mr. and Mrs. Elwood Gerber and children Evelyn, Betty, Robert, Christian and Irvin; Mr and Mrs. Irvin Gerber, Mr. and Mrs. Guy Spitzer; Mrs. Phares Shenk and sons Robert and Warren; Paul Gish; Rev. and Mrs. Clarence C. Reeder.

Will Interest Our County Tobacco Men

LANCASTER COUNTY'S THREE REPRESENTATIVES INTRODUCED A BILL TO CONDUCT EXPERIMENTAL WORK HERE.

Representatives Wood, Trout and Royer, Republican members of the House of Representatives from Lancaster County, have introduced jointly a bill of considerable interest to tobacco growers.

The measure, which has been referred to the Committee on Agriculture, would set up a fund of \$25,000 with which the Department of Agriculture would be authorized to conduct experimental work for the improvement of types of tobacco and shade grown wrappers, for the overcoming of tobacco diseases, the perfecting of the process of curing, fermentation, sweating and packing tobacco, and developments in the field of fertilizers.

This bill has the backing of tobacco growers who believe that it might result in such improvement in their line of agriculture as similar experiments have brought in Pennsylvania's grown potatoes, where the yield has been greatly enlarged, the quality vastly raised and grading, packing and marketing standardized among the more advanced potato raisers.
