## GODS HELPER'S CLASS MET AT HOME OF EDNA SHELLY

The Gods Helper's Class held their meeting at the home of Edna Shelly on June 17th.

The meeting was called to order by the president. Scripture was read by Violet Andrew, which was followed by the Lord's prayer. The Secretary and treasurer gave their reports, followed by a poem by Caroline Schneider and a reading by Dorothy Habecker. The business meeting then adjourned and games were played and refreshments were served to the following: Violet Andrew, Edna Shelly, Misses Dorothy and Ernestine Webb, Ruth Gruber, Caroline Schneider, Dorothy Habecker, Mae Beamen-derfer, Margaret Schroll, Almada Stauffer and Ethel Felker.

## Gov. Earle Signs Stream Pollution Bill

(From page 1)

Ladner explained that municipalities dumping sewage into a river or stream may be required to build sewage disposal or treatment plants, if the Sanitary Water Board so rules.

Industrial plants discharging waste can be ordered to stop by the board, if the discharge is found to be "injurious to health, aquatic life, industrial or recreational use of the stream."

No new plants may be erected to discharge industrial waste except on condition that adequate treatment works are provided.

Waters now unpolluted will be protected from any but treated discharges.

Coal mine drainage is permitted until in the opinion of the board a practical means of disposing of the waste becomes known.

Petty pollution may be punished by fines for the first offense and jail sentences if repeated.

All sources of water supply, present or future, may be protected by the Sanitary Water Board.

## Registration Day Is Set For Lanc. County

ALL THE VOTERS TO ENROLL PERMANENTLY ON JUNE 29, FIRST OF THREE DAYS—OUR ASSESSORS RIPPED FROM OFFICE

The first of three days on which voters of townships and boroughs in Lancaster county must register under the new permanent registration system being set up in the county was announced as Tuesday, June 29, by the County Commissioners, Thursday. Persons must register on that day or the two remaining days, which will be in July and August, if they wish to cast their ballots. The dates for July and August have not been set.

Under the new act, patterned after the City Permanent Registration law, each voter must go on one of the days to get his or her name on the records. The name stays on automatically unless the voter fails to vote at least once every two years.

Will Name Registrars

Registrars for the respective districts have not yet been appointed. The registry assessors were ripped from office by the new act.

The registrars, one for each of the two major parties, will sit at the polling places or at some other place designated by the County Commissioners, who constitute the Registration Commission ex officio.

Hours Set

The hours will be from 10 A. M. to 3 P. M. and from 7 P. M. to 10 P. M.

Natives or naturalized persons 21 years of age or older who have lived in the district at least two months prior to the primary or election may register.

Any person may change their party enrollment but if challenged they must take an affidavit that they voted at the prior November election for a majority of the candidates of the party they desire to register.

Alfalfa should be cut in the early bloom stage. Early cutting gives the highest protein content, but harvesting before some bloom shows may weaken the stand and reduce later crops, according to Penn State agronomists.

## Perfected Hydraulic Brakes . . . Greatest Pulling Power in Their Price Range . . . New Steelstream Styling

Thousands of Chevrolet users will tell you that the best answer to your transportation needs is—Chevrolet trucks!

Chevrolet trucks have the greatest pulling power in their price range . . . because they have a New High-Compression Valve-in-Head Engine which wrings the last ounce of power out of every gallon of fuel.

Chevrolet trucks are the most economical for all-round duty . . . because they give maximum gas and oil mileage, and will keep on serving over a long period with minimum care and attention.

And Chevrolet trucks are safer, more modern, more durable . . . because they're the only low-priced trucks with Perfected Hydraulic Brakes, New Steelstream Styling, and extra-strong Chevrolet construction throughout.

Ask your nearest Chevrolet dealer for a thorough demonstration—today!
