

For the Second Year!

WE have again been accepted for fellowship in one of our profession's best known groups. For the second time we have been appointed as members of the Order of the Golden Rule in this community.

The Order accepts but one funeral directing organization in each community. That organization must subscribe to a Creed which outlines the high ethical standards of the Order and its members.

It is not difficult to understand, therefore, why we are gratified that our symbol shows two service stars, in token of our second year of affiliation with the Order.

SAMUEL FREY
MEMORIAL FUNERAL HOMES
MEMBER, THE ORDER OF THE GOLDEN RULE
Marietta and Lancaster

Appointed For Second Year

Word has just been received in Marietta that the Samuel Frey Memorial Funeral Homes have again been appointed as the members of the Order of the Golden Rule in Marietta and Lancaster.

The order of the Golden Rule, as many of our readers know, is an international affiliation of funeral directors having certain high ideals of service, and rigid ethical standards.

Membership is not permanent, and may be revoked at any time by the Order. Each year affiliation with the Order automatically expires, and the record of each member for the preceding year is then taken into consideration before he is again accepted into this fellowship.

We feel that Lancaster County is to be congratulated upon having a funeral directing organization capable of being twice appointed to uphold the high ideals of the Order in this community.

The Symbol of the Order, by which one may, in nearly any community, identify the local member, represents a knight in full armor, supporting with his right hand a shield, upon which is emblazoned the motto of the Order: "Service Measured not by Gold but by the GOLDEN RULE." In his left hand the knight grasps a drawn sword, as though to signify his readiness to defend the sentiment his shield expresses.

WARNING!

A very large percentage of the newspapers of Pennsylvania, members of the hiring Tory Press, are bitterly opposed to the New Deal in Washington and Harrisburg. They are all engaged in a campaign of lies, propaganda and news distortion in their attempts to destroy the People's government—a government that makes open pledges to the People and keeps them instead of making secret covenants with the corporations. Do not be misled by your local Tory newspaper. Read every story and editorial in it with the thought that it is intended to wreck and destroy the government that has provided security for you. The People beat the money-dominated press in 1934 and 1935. They can beat it again in 1938. For the Real facts, listen to
