Correct Information Furnished Weekly by the Bureau of Markets for the Bulletin

Fat Virginia grass steers of good quality, have been moving thruout the week at firm prices or 10 to 25 higher than week ago. All other fat grass steers of lesser quality, have been moving thruout and prices in these grades are just about steady with a week ago. Several lots of shorted local steers here this week have not met with much favor from buyers and have been neglected to some extent, the trade preferring good grassers to short-fed locals. Heifers with quality, selling at steady prices but plainer grades, also heiferettes, are moving slow since last Monday at prices a shade lower. Cows of the better grades, in only fair demand. These selling just a little lower for the week, low-cost cows or those selling under 5.00 are moving at steady prices. Bulls with quality are commanding steady prices, plain to medium grade bulls selling 10 to 25 lower for the week.

Stockers and feeders in moderate receipts, all grades commanding firm prices compared with week ago. Calves in light supply, demand slow, all grades selling at steady prices, compared with Friday's close. Choice 12.50, medium to good 12.00 to 12.25.

Hogs in fair run, demand fair, all grades selling steady, choice Western 9.00 to 9.50, choice locals 8.25 to 8.50.
