

## OWL LAFFS

## A WISE OWL

That man's here again. Ab Weaver had trouble with his car last Saturday. He tried very many times to start it but without success. Finally Sixty Groff turned good Samaritan and tried to start it but still no go. So they towed the car to a garage, told the mechanic their trouble and then the garage-man got in the car and put his foot on the starter with immediate results. Then Ab found out that both he and Sixty had been putting their foot on the floor instead of the starter. ....Nice work, fellows.

All through a basketball game at the gym recently, Mart had loudly urged the home team to victory. Finally she turned to the lady sitting next to her and said: "I believe I lost my voice for the moment." "Don't worry," replied the lady, "you'll find it in my left ear."

A man from town was feeling pretty bad and went to the doctors to learn the cause. He asked the Doc: "How are my chances?" The Doc, always encouraging, answered: "Oh, pretty good, but don't start any continued stories." ....What do you think he meant?

A bookseller sent a bill to Charley Eby for a book. Charley wrote a letter in reply and said: "I did not order the book. If I did, I didn't send it. If you sent it, I did not receive it."

If I did, I paid for it. If I didn't, I won't. ....And so that's that.

The teacher asked: "What did the Federal government do with the Negroes who fled to the North during the Civil War?" And Johnny answered: "They put them in Union suits."

Heagy used to think he was head-man up at his house but since his wife got a Charley McCarthy doll he doesn't get any attention at all. In fact, she doesn't even hear Heagy when he talks to her at the dinner table because she has Charley on a high chair aside of her and she's busy feeding him. ....It's sure tough to play second fiddle to a tree stump.

One of the boys was away at school and wrote to his girl at home but never received an answer. Monday he came home for spring vacation and the first thing he asked was: "Why didn't you answer my letters?" And the putting blonde answered: "I didn't get them, besides I didn't like some of the things you said in them." ....Oh-h-h-h-h!

One of the high school classes were having "gym". The instructor tried in vain to get them to march in a straight line but no amount of drilling would bring success, so finally, in exasperation, he shouted: "What's the matter with you? Can't you line up? All of you fall out and take a look at the line you've made!" ....Now try it sometime.

Jim Wolfe asked his G. F.: "When's your birthday?" She looked up at him expectantly and asked: "When would it be most convenient for you?" ....Well, he ask for it.

Recently when several local ladies were in New York they went sight seeing in a taxi. Being unaccustomed to the way those cab drivers run and cut in and out traffic, the ladies became quite nervous and the one complained: "Don't drive so fast around the corners. It frightens me." And the cab driver suggested: "Do what I do—shut your eyes when we come to a corner."

## Sportsmen's Association Held Interesting Meeting

Charles Run To Be Stocked With Trout; To Receive 157 Pheasant Chicks; Thirty Members Added

The Mount Joy Sportsmen's Association held a very successful and interesting meeting Monday evening in the Mount Joy Council Chamber with about ninety sportsmen present. Representatives from the following clubs and associations visited the Mount Joy Sportsmen: Lancaster County Sportsmen's Association, Mill Creek Sportsmen's Association, Eastern Lancaster Co. Rod and Gun Club, Manheim Sportsmen's Association, Southern Lancaster County Farmers and Sportsmen's Association, Hempfield Farmers and Sportsmen's Association and Lancaster County Fish and Game Association, Inc.

The program for the regular meeting was followed. During the business session the Fish Committee reported receiving notice of a consignment of brook trout to be stocked in Charles Run, March 21.

A motion was passed by the association to buy catfish for stocking in our nearby streams. The Game Committee reported receiving notice from Game Protector, Mr. Haverstick, that our application for 250 six weeks old pheasant chicks has been cut down to 157 due to the size of the pen. The association does not feel they are receiving full cooperation from the Game Commission, in view of the fact they raised 369 birds the past season in the same pen.

A motion was passed for members of the association to visit the farmers and landowners to secure permission to erect shelters on their land for feeding and sheltering game during the winter seasons.

Twenty three names were presented at this meeting for membership in the association and seven members renewed their membership for another year. This concluded the business session and the meeting continued with brief talks by the following members of the above mentioned visiting associations: J. A. Norris, Clyde Beahm, A. S. Myers, B. F. Newhouser, Geo. P. Sommers, A. J. Adams, W. R. Kauffman, R. W. Herr, Milton Herr, Walter Staley, J. Earl Way, D. R. Raley, Walter Gible and Harry M. Reed.

Mr. Allen Wiker, President of the Federated Sportsmen of Lancaster County, gave a very interesting talk on the work that is being achieved by the sportsmen's clubs and associations of the county.

Mr. Horace Pyle, a representative

woods district the minister's wife was being visited by one of the ladies of the congregation. The minister's wife excused herself and went about her weekly sewing when the lady exclaimed: "What nice buttons you are sewing on your little boy's suit! My husband once had some like that on his suit." And the lady of the house calmly explained: "Yes, I get all my buttons from the collection plate."

It seems that tea and coffee are the only two drinks never associated with the toast of the town.

Heard in the boro lock-up. First hoboe: "I smoke nothing but quarter cigars." And the second sneered: "Cheap skate! I never pick them up unless they're only half smoked."

Add to this to your theme songs—Nudist Chorus, "Footloose and Pansy Free!"

A little old gray lady bent over the chubby baby in the cradle and cooed: "O-o you look so sweet, I could eat you." And the baby looked up and said: "The heck you could, you don't have any teeth."

Then there's the young man from Florin who was being auditioned for an amateur program. The master of ceremonies announced: "Young man, you're to play a stool-pigeon." The Florin fellow refused saying: "Nothing doing. I can't do bird imitations." ....And he was such a nice fellow, too.

Then there's the absent minded professor who turned on his wife and kissed the ignition.

Aw, spring, bee-u-ti-ful spring, when a young man's fancy turns to love, a nose turns to a hanky and winter underwear turns on you and itches.

of the State Fish Commission also gave a very interesting talk on the propagation and stocking of fish. He also told how the state has increased the production of fish for stocking over the previous year.

Following the various talks Mr. Harry Webster of Lancaster entertained the group with motion pictures of scenic views, wild life and flowers of Pennsylvania. Also views and big game hunting in Canada. The pictures proved Mr. Webster's talent in taking motion picture and we feel sure that every one of the group thought the pictures were interesting and educational.

## HI SCHOOL WILL ENTER NORTHERN E. B. LEAGUE

At a recent meeting of all candidates for the baseball team, of Mt. Joy High School the group decided to enter the Northern League of the county and to raise money for the purchase of uniforms. The final basketball games of the season netted the group a start for the uniform fund, but seventy-five dollars is needed to complete the transaction.

The group voted to sponsor a food sale, bazaar and auction sale in the school auditorium, Friday night, March 31. There will be one hour of free movies and an auction sale of unusual articles. Foods of all sort will be on sale, according to Director of Athletics, Carryl E. Stauffer, who is in charge of arrangements for the event.

## DO YOU KNOW WHY --- Sour Grapes are Always So Awfully Sour?

## Aunt Liz SEZ:

Sure I used to ride a bike! I was a regular whiz on wheels—back before automobiles cluttered up the roads like they do now. I'll never forget my first ride! I was spending my thirty-fifth birthday in the city with cousin Mame. Her man kept a bike store. There stood all them pretty, shiny, bright colored bicycles in a row—then there was a beautiful tandem, built for two people. Well, Mame was full of tricks and I had plenty stickin' behind my ears too, so we decided to sneak out and take an early Sunday mornin' ride on that tandem. Nuthin' could happen, if we could stick on the thing. We got started off at a terrible speed—down the Main street, 'till we were goin' so fast we couldn't see right nor left. Mame said "fer Heavens sake Min, die down, die down!" I can't I hollered back, we're goin' too fast. (I was too dumb to stop peddlin'!) Then a nice bright fire plug struck my eye and before I could say "boo" we were goin' right towards it to a dead stop. I can see Mame yet, sittin' on top of that plug wavin' her arms in the air, me flung up against her scared to death, with the pretty new tandem down beside us like a dead deer in huntin' season.

Yep, we got the bike back before the Church people took notice, but what griped me was the next day a fresh reporter wrote "Two Women on a Fire Plug Waitin' Fer a Fire to Happen!"

## HI TEAM DEFEATED

E. DONEGAL PING PONGERS

Mount Joy High school defeated East Donegal High School in an exhibition ping pong match Wednesday noon here by a score of 3 to 0. Zink Mount Joy defeated Braun 21-11 and 21-10, and Fellenbaum Mount Joy, defeated Gingrich 21-10 and 21-2. In the doubles Zink and Fellenbaum teamed together to defeat Braun and Gingrich 21-13 and 21-15. This was the second match played between teams of the two schools, Mount Joy winning last week at Maytown.

## In the Feed Lot

Potatoes to be fed to pigs should be cooked for best results.

Purebred pigs gain a third faster than scrubs, and on a fifth less feed for each pound of gain.

For best results in curing the meat, hogs should not be fed for 24 hours before slaughtering.

Disease bacteria hold annual reunions in uncleaned poultry houses and on contaminated ranges.

Eggs with a large amount of thick albumen poach better and stand up longer under storage conditions.

Approximately one out of every twelve pounds of meat produced in the United States is made into sausage.

South Louisiana farmers grow a squishlike vegetable of the cucumber family called the vegetable pear.

Keep farm machinery under cover and it will grow old gracefully, advise agricultural engineers at Massachusetts state college.

Tennessee farm women are estimated to have saved \$8,000 in a year's time by making their own bed mattresses.

About one-third of the farmers in the United States don't put all their eggs in one basket, but have an outside business or industrial income.

Some people believe that scrubs of purebred stock can not be given a pedigree. This is not true. Scrubs occur in all breeds of purebred stock.
