HAPPENINGS
 — of —
LONG AGO

20 Years Ago

Mrs. R. G. Heilig discontinued the baker business. This leaves our town with but one bakery, Wm. G. Scholing.

The Mount Joy Magnesia Company which was closed for the past few weeks has resumed operation and is running full time again.

According to government reports, there are 10,000,000 more hogs on the farms in this county now than in 1913 and storage houses are jammed full of dressed pork.

Flames completely destroyed a frame chicken house belonging to Mail Carrier Harry Smith.

The Farmers' Creamery Company has changed its name to that of the Hershey Condensing Company.

Christian Latchford employed at the New Standard Company, burned his hand while working around the furnaces.

The Lincoln Silk Company, from an adjoining state, purchased the large warehouse of the late Percy Paules at Marietta and will equip it in the most up-to-date manner.

The Lancaster County Poultry Company held a meeting in the Rheems School. Quite a number of local farmers subscribed for stock.

Manager E. F. Heiner's pets at Florin easily defeated the Rheems baseball aggregation by a score of 26 to 2. "Big Tom's" hitting was a feature of the game.

Chas. E. Ricksecker plumber and tinsmith of Mt. Joy, discontinued the business in that place and leased the building and fixtures of the late Jno. G. Beatty's restaurant and pool room and is open for business.

The Lancaster Automobile Club gave its approval to a renewal of the campaign to free the county of toll roads.

The Mt. Joy Branch of the Red Cross has closed its work room for the summer.

Miss Ada Rupp entertained the Landisville Sewing Circle of which she is a member.

33 Years Ago

Elizabeth Greenawalt is clerk at Newcomer's Hardware Store. There were four runaways in town on Friday, but no serious results.

The high school held its annual banquet at the Red Lion Hotel. Thursday was the coldest day in May in Lancaster County for twenty-five years.

Elizabethtown's oldest house is owned by M. G. Keller. It was a tavern and dates back to 1754.

It is quite likely that C. Hendrix will play third base for Maytown this summer.

Owen Brandt played third base for Litzitz and put up an excellent game.

Jno. E. Longenecker put a stone wall along his land on the public road leading to Newtown.

Over one hundred invitations are out for the May party to be given by Miss Maria Habecker at her home south of town.

Kauffman Keller gave an interesting talk of his recent trip abroad, at the Methodist Church.

From June until October the stores will close at 6 P. M. except Sat., Tues. and Thurs.

Clarence Schock has been issued a patent on a measuring vessel through Swift and Company, lawyers at Washington, D. C.

The junior class of the high school tore down the senior pennant and replaced their own on top of the school building.

Clayton Farmer, East Donegal farmer is the first one in this district to plant tobacco.

Levi O. Musser has been elected minister of the Brethren in Christ to fill the vacancy at the Cross Roads Church, caused by the death of Rev. Jonas Mumma.

The graduating class of 1905 were: John Givens, Bertha Webb, Hershey Longenecker, Sue Cunningham, Albert Longenecker, Maude Hershey, Charles Cassel and Nan Bowman.

Mount Joy To Be Saluted

(From page 1)

Cook's program is made up of a little bit of everything calculated to make an early-riser's day get off to a cheery start.

The Dawn Breakers open the 45-minute program by singing Cook's familiar theme song. Later, they blend their sopranos and baritone in three songs, selected especially for "Almanac" Sing Time.

Stark then discusses topics of today with the various Cook characters, among whom are Office Boy Pete; Sleepy Simpson, the porter; Tony, the boot-black; and one of the most important characters, Poptime. It is this character, Poptime, who keeps a mythical big book of facts on all the important dates of history.

Poptime also operates a prorturascop, another hypothetical invention of Cook's frugal mind which enables its operator to look into the homes of all who listen to the program.

A versatile performer, Cook spices the dialogue with a dozen or more of his own tunes, to which he is continually setting new lyrics. Old, and interesting almanac items are dug up to be commented on, and listeners' questions are answered with material furnished by Stanford M. Mirkin, Head of the Almanac's Research Department.

To enable the farmers in his audience to know when to hustle in their hay, and office-worker listeners to tell beforehand whether they'll need umbrellas and over-shoes before their return home in the evening, Charles Stark gives weather information during the morning "Almanac." The announcer gives a brief weather summary

Fiftieth Anniversary

(From Page 1)

years previously and used for all purposes until the church building was completed.

Bishop G. D. Batdorf, D. D., Ph. D., Bishop of the East Area of the Church of the United Brethren in Christ, will preach the Anniversary sermon at the morning service at 10:15. The local choir will render several anthems in honor of the occasion. The classes of the Sunday School will present their funds representing the increase of the two dollar gifts given them several weeks ago by Mr. H. N. Nissly.

Rev. H. S. Kiefer, pastor of the United Brethren Church at Elizabethtown, who was pastor of this church at the time of the building and dedication, will preach at the evening service.

On Saturday evening preceding these services at an All Church Fellowship Social to be held in the social rooms of the church, a collection of pictures taken at different times during the history of the church will be shown as a part of a varied program of local talent.

Rev. Ezra H. Ranck is the present pastor of the congregation.

LIGHT SEEDING OF OATS

Sowing more than two bushels of Patterson or Cornelian oats per acre may result in a thick stand having fine, soft straw that lodges easily, report Penn State extension agronomists. The straw in thin stands is usually coarse and stronger.

found out from hard experience that capital goes into hiding and stays there in the face of tax laws that take the bulk of the profit out of commercial undertakings, and regulations that so hamstring industry that it is no longer its own master. We know the sad truth that badgered, sweated industry can offer no jobs for the millions on relief.

We know all this—and yet we go on spending at the "emergency" rate. That "emergency" has lasted a good many years now, has cost us tens of billions, and has placed us high on the list of the debt-ridden nations of the world. Isn't it about time to actually put into effect those policies of thrift and economy which the politicians preach when seeking votes.

A "Preview" Of Sloan's Pharmacy

A few days ago we had the pleasure of a "pre-view" of Sloan's new pharmacy in the Theatre building on East Main St., which is owned and under the direct management of G. Walter Sloan.

A more delightful and inviting interior cannot be found. The woodwork, cabinets and counters are of maple. The soda fountain and booth tables are in straw color trimmed in blue with the same color scheme used in the linoleum. The fountain stools are chromium with blue leather seats. Fountain appointments are in chromium and include one of the very new Nu-whip devices for making whipped cream for sundaes.

The walls are very light straw color giving the impression of continuous sunlight.

Two large display windows, one featuring graduation gifts, the other prescriptions, are immediately inside the entrance. To the right, as you enter is a straw colored cabinet containing greeting cards and all along the walls are the display cabinets of toilettries, remedies, etc., and also a service counter.

In the center and to the rear are three booths and more display racks in modernistic design.

To the left is a service counter and the very modern soda fountain and toward the rear on the same side are three more booths. A large mirror at the rear of the fountain reflects the display cases on the other side.

Directly in the rear of the store is the prescription department, where doctor's prescriptions will be filled by expert pharmacists.

Mr. Sloan will feature a full line of baby gifts and supplies as well as graduation gift suggestions, toilettries and remedies.

On Thursday evening, from 7:00 to 10:00 Dolly Madison, resident in Colonial costume, will welcome new friends at an ice cream party. This is your invitation to "drop-in" and get acquainted.

"Welcome" to our midst Mr. Sloan.

GINGER SNAPS

by Howard Haynes

"Let all beware, we rule the air!" Boasts Nazi Hermann Goering, "We've special steel of soy bean meal in every airplane bearing."

I breezed into the hotel Swank To dicker for a flop; But all I got was icy stares And warnings from a cop.

The Senate is working on a measure barring uniforms to alien groups. It's too bad that so many people will knotwot to any tub of lard that struts around in a Sam Browne belt.

A Cleveland traffic sign reads: "Jeepers, creepers, Use Your Peepers." There should be an added line: Agile Leapers Won't Be Weepers.

"Science Penetrates Secret of Man's Brain"—headline. Does that mean they're really found one?

Perfect beauty is held non-existent by Hollywood make-up man. However, the average man considers Hedy Lamarr, and a few others, as acceptable substitutes.

A suggested psychology department is planned to keep 'nuts' out of the army. If the plan is carried out experts fear the standing army may be reduced to a Corporal's Guard.

Southern cotton farmers wonder Why they fell for 3-A thunder; Someone made a serious blunder—Plowing cotton markets under.

Once we solemnly and explicitly provided for the economic future of our descendants; now we are hustling to pay for today's dinner for ourselves.

shortly after the show goes on the air, and then, at approximately 7:40 A. M., EST, furnishes a more complete survey of climatic conditions, including 7:00 o'clock readings of barometer, humidity, temperature and wind conditions, as furnished by the local United States Weather Bureau.

FIRST TELEVISION PICTURE

NEW YORK—Amos 'n' Andy, famed blackfaced comedians, made television history at the New York World's Fair when they played the stellar roles in the first experimental television pickup of a commercial radio program. This is how they appeared on the television screen. Incidentally, that's Amos on the left. Later Mr. Whalen was interviewed on the national broadcast of the comedians.

SCHOOL PER CAPITA TAX

Beginning June 1, 1939, I am directed to proceed with the collection of the delinquent per capita tax by notification to employers or the filing of suits.

Costs of collection can be avoided by immediate payment.
