The Mount Joy Playground Centennial Baseball League closed its 1939 season last Thursday. Jim Shatz's team was declared the champion by virtue of having won both the first and second half titles.

Friday the playground team journeyed to Lititz only to be defeated by the Lititz Playground by a score of 15-14. The boys are hoping for a better game Tuesday afternoon when Lititz plays on the Mount Joy field.

OWL LAFFS

—BY— A WISE OWL

"Toots" Mateer can't remember the name of the Fire Company that won first prize at Oxford last Friday night.

This is Kulpy's own little masterpiece. There are meters irochaic, And meters iambic, And meters of musical tone.

A Florin lady met a local acquaintance in at Eshleman Brothers. The former inquired: "Do you always pick your hubby's clothes?"

Met "Red" Metzler's Spouse in at Brubakers buying some elastic. I asked her what it was for and she told me she's sewing a chin strap on Red's Firemen hat so that he stops loosing it after every parade.

On the Sea of Matrimony, it's friendship, courtship, and battleship. It's not all clear sailing.... At least that's what the boys tell me. Now I wouldn't know cause my ship was sunk long ago.

A gushing bride met her hubby at the door last Saturday and elated exclaimed: "Look, honeybug," I saved \$2.19 out of the week's allowance this week." Surprised and pleased, hubby said "Why, that's splendid! How did you do it?" And wife explained: "One of the installment collectors didn't show up."

Some girls paddle their own canoes, while others just drift.

That certain lady on Marietta St. says: "When a girl boasts that she has a wonderful husband, that's just beginner's luck."

Not for the world would I even tell you what street this particular man lives on for his own safety, because when asked to explain what he meant when he said "this wife's a regular circus" he explained:

She's as big as a tent, acts like a clown, chatters like a monkey, and is always parading down Main St. Does that explain?

A surly fellow from Meietta, met an acquaintance from town, and the latter asked: "How's your wife?" The fellow snapped: "That's

The local tennis team captured the Inter-County Tennis Championship on Saturday, when they defeated Harrisburg by a score of 6 to 3.

The local team won the league with fifty-nine games and lost twenty-one, while Manheim who finished in the runner-up position and Harrisburg Club, were in third place.

This record is one which the boys should be proud, and is the best record ever made in the league.

Although this is the third year for the Mount Joy lads in the league, it is the first time they won it.

The team is entirely composed of Mount Joy boys. They started the season with only one defeat at the hands of Manheim and have won every game since that time.

They are the youngest team in the league, which is composed of seven players. The first man on the team this year was John Fellenbaum, second, Eugene Crider, third, Franklin Zink, fourth, Joe Germer, sixth, John Schroll and seventh, Manager Donald Somers.

Few people realize the exceptional tennis material we have locally. But followers of the sport can verify that it has placed Mount Joy on the "sport map."

The team record is as follows:

The Low Down From Hickory Grove

By IZZY WISE

A couple years ago this country, it figured that the folks were going a little too far, there in Old Spendthrift City on the Potomac, so everybody up and writes his Senator. And brother, it worked wonders.

But they are kinda getting in a rut again, down there, and it looks like they have maybe half-way forgotten about the Supreme Court.

We expect our Congressmen to go down there and look out after our interests and be as smart as they claim they were, during the campaign. But when some of 'em get so far from home, they forget who sent them there, and also whose money they are spending—kinda like a freshman away from home.

But most Senators and Representatives, they understand arithmetic, and if they were to get enough post-cards telling them to lay off passing any more laws, and come on home—or else not get re-elected—they would savvy.

And for the ones who cannot count any too well, tell them the melons are ripe, or the sweet-corn is in or anything—but get them home. And then, maybe, we can all take a long breath.

Yours, with the low-down,
