**Free Tire Inspection Timely Topic**

The new Pennsylvania state law which makes driving an automobile or other vehicle with badly worn tires illegal became effective here Sept. 1. Commenting on this legislation today, Mr. H. E. Garber of Mt. Joy and Columbia, Distributor for the B. F. Goodrich Company, manufacturers of tires, batteries and other automotive supplies, declared, "Even if this legislation was not on the statute books, every driver should give his family, himself and other highway users the protection that safe tires afford at all times."

"Good tires are one of the most important parts of any vehicle", continued Mr. Garber, "With unsafe tires, no driver can tell when a skid or blow-out may send his vehicle careening across the road, with possible loss of life or injuries to the occupants and others."

"In giving this service", says Mr. Garber "we believe in this area assisting our customers and friends in taking the necessary steps to comply with the law. Every motorist and vehicle owner in this area is welcome to drop into our establishment for this service."

**Applications**

(From page 1)  
the country as a whole 11,000 wheat growers, whose 1939 wheat crop was damaged, have collected indemnities of 2,670,236 bushels of wheat under the program. The value of the indemnities, disbursed to growers up to August 12, was \$1,424,616. In Pennsylvania approximately 75 wheat growers suffered losses and the first indemnity check in Pennsylvania was recently delivered to Frank App, Northumberland County farmer.

**Insurance Information**  
Must be placed before crop is seeded; last day, September 30, 1939.

To be paid when application is made; application is also the policy. Insures against all natural hazards from seeding to threshing, or until October 1, 1939.

Available to any wheat growers this year, whether or not a member of Agricultural Conservation Program, who have not exceeded their permissible wheat acreage.

Premiums may be paid this year and a like amount deposited for next year's premium.

Premium paid in Pennsylvania in cash equivalent of bushels of wheat. Losses paid in like manner. Cost determined from loss-table, or schedule, and based on average of county-loss rate and individual farm loss-rate.

Minimum cost; one-half bushel per acre for three-fourths crop coverage.

which dried up some good fields. About 25 to 30 acres are needed. They want some place where the crowd of spectators can be put up on a hill where they can watch the competitors work, and not get in the way. Plenty of parking space for cars also is needed.

Winners in county contests will be entered in the state meet. The Lancaster county meet is scheduled for Friday, October 20, at a place to be selected later. It will be in the Mount Joy vicinity. In the meantime, local corn huskers who think they are pretty good are urged to get in trim and file their names with John D. Roland, of Donegal Springs, who is chairman of the county committee.

Thus far, Northampton, Lehigh, Schuylkill, Berks, Chester, Lebanon, Lancaster, York and Perry have entered. Cumberland, Juniata, Mifflin, Beaver, Westmoreland, Greene and Fayette "are almost sure to come in," it was announced.

four varieties of annuals and two varieties of perennials.

Fourth and fifth year club members exhibit four varieties of annuals, two varieties of perennials, and one mixed bouquet.

Due to unfavorable weather conditions, a mixed bouquet may be substituted for a variety of annuals or perennials.

The evening program, which will begin at 8 o'clock, (D.S.T.), will include a program by club members, a short talk on achievements of 4-H club work by J. F. Keim, 4-H Club Department of State College, moving pictures in color of flowers and scenes of Lancaster County by H. H. Webster, Lancaster, and presentation of awards by the local leader, Mrs. Walter Engle.

**American Art Show Set for Paris This Summer**

Paris.—France will be treated this summer to a new version of America—as seen through the eyes of American artists from 1700 to the present day.

The exposition, which will be opened in May, will take place in the Jeu de Paume museum in Paris, under the joint auspices of the Museum of Modern Art in New York and the French National museums.

Most of America's "old masters," such as Whistler, whose famous "Mother" is now in the Louvre; the sculptor, Augustus St. Gaudens; Samuel F. B. Morse, whom most Americans know better as the inventor of the telegraph than as a painter; John Singer Sargent, and Benjamin West, will be represented—as well as many contemporary artists.

Ambassador William C. Bullitt is one of the honorary patrons of the Jeu de Paume.

Two Irishmen had worked in a quarry for years. Murphy was careless in handling dynamite one day and his friend Kelly was given the job of carrying the sad news to his widow.

Mrs. Murphy, said he, "isn't it today when the fellow calls for the payment on your husband's life insurance?"

"It is," was the reply. "Well now, a word in your ear. Sure ye can snap your fingers at him today."

**Corn Husking**

**More Information For Hobbyists**

Well, here we are, another week, another column.

There is still very little that I can give you this week, but next week I will be able to tell you all about the rules and regulations governing the model airplane show.

I am also sure that I will be able to state where the Hobby Show and the Model Airplane Show will be held.

If there are any questions or information any of you Hobbyists desire, do not hesitate to ask me. I do hope to make this part of the Farm Show even a greater success than it was last year.

How about hearing from you? Give your suggestions for improvements over last year. What did you think of the Hobby Show last year? Can it be improved, or is it O. K. just as it is? It's you exhibitors who make any exhibit a success.

So long until next week.

"JOE" SHEAFFER.
