THE EDITOR'S VOICE

This week our good citizens were solicited for funds to be used toward defraying the expense of our Memorial Day Celebration. We have always had a very creditable demonstration here and each year the committee does its very best.

Remember its the contributors who actually say what kind of a celebration we shall have and we sincerely hope you all were as generous as possible.

Congratulations, Mr. Grube

We want to commend John Harry Grube upon having been re-appointed and confirmed as postmaster at Landisville for another term. Mr. Grube is a faithful, accommodating and very efficient official and is deserving of the appointment.

Let Business Alone

The Supreme Court at Pittsburgh Thursday declared unconstitutional an ordinance passed at Philadelphia, stipulating hours when barber shops there must open and close. Lancaster City has such an ordinance.

Just such things as the above is what is wrong with business today. Let the business man alone—he will work out his own financial problems, but how on earth can he do it if Uncle Sam ties his legs and arms?

Our Views On Business

Business is marking time. The downward trend evident recently has been checked in most lines, but no significant upward trend has yet appeared.

Steel production is at a materially lower level than last year—due largely to the fact that production was ahead of consumption in 1939.

Automobile production is running ahead of the level of a year ago, and late estimates indicate that 4,250,000 cars will be made this year, as against 3,750,000 in 1939.

Domestic construction goes ahead. This year's houses generally are smaller and slightly cheaper than last year's houses. The result is that while more dwellings are being erected, the total value is somewhat less.

Most business men have given up hope of any big "war boom". This time Allied purchasing is orderly, and excessive prices are not being offered.

Churches Should Advertise

Can any person give us one good reason why churches shouldn't advertise. If you do we'll give you ten for each one why they should.

Trinity Lutheran Church at New Holland, used a 12-inch newspaper ad to invite people to its fourth annual home coming service and hear Dr. Melhorn; the Myerstown male quartet and a Sunday School Orchestra.

Not only wants, but needs your assistance. Your social, religious and financial assistance there is anything of unusual interest, that made known to the public.

The church expect people to attend its activities. Newspapers are full of ads inviting them to come and everywhere. Not only movies, but parties, festivals, bingo, musicals, all kinds of amusements and many, many other attractions.

Churches advertise in newspapers regularly. We have every reason to believe a little of that Mount Joy would not be amiss. Some newspapers charge special rates for religious advertising, and that is an incentive to inspire the "seldom goes" and that goes for the writer, too.

The Question

Will you remember that only recently it was pointed out that it may not be a bad plan to have a system here along with that town planning. Their relationship is similar to that of a coat and vest.

Every municipality in the State will be expected to have sewage to its people just as Mount Joy was compelled to build filter beds. Why not give the subject some thought at this time?

By Holland boro began talking sewage. Last week there was very little if any sewage project.

Some people have a sour taste in their mouths when sewers because there was such a stench when sewers were installed there. The sewer was assessed on the foot frontage as Mason's paid half the cost.

Entirely different and more economic and maintenance. Some talk of annexing that busy and our town. This, too, must be given some thought for town planning, sewage, or what.

You can get all the news of this locality for less than three cents a week through The Bulletin.

Our Coming

(From page 1)
State appropriation this year was \$12,118.

The annual organization resulted as follows:
President—Dr. E. W. Garber
V. Pres.—John Roland
Treas.—S. H. Horton
Sec'y.—Robert Hostetter
Supt.—Lester E. Roberts

Upon motion it was decided to discontinue booth prizes at next Fall's Fair. It was also decided to hold the corn husking contest again this year, even after it was reported a financial loss. Mr. John Roland will name an assisting committee whose purpose will be to make an effort to at least break even at the next show.

Friendship Fire Company's committee will be invited to attend the next meeting and state its desires. Norman E. Garber was appointed chairman of the implement committee.

Boro Council will be asked to close traffic that portion of Henry Street between Comfort alley and Lumber street during the progress of the Fair. Said street will be used for display purposes.

There was then some discussion of centralizing the next show instead of spreading it all over the town. This suggestion met with general approval but no action was taken.

Upon motion a committee of two was appointed for the purpose of reviewing last year's expense account and suggesting economy wherever it deemed advisable. The chair appointed Messrs. Joe Sheaffer and Lester Roberts. They will report at the next meeting.

The show will be held October 17th, 18th and 19th.

CHANGED THE DATE

The Mother's and Daughters' meeting being planned by the Women's Missionary Society and the Otterbein Guild of St. Mark's United Brethren Church, will be held Tuesday evening, May 14th, instead of May 6th, as previously announced.
