GARBER'S TOMATO FARM SHOWN HERE IN MOVIES

Snively Garber's tomato farm at Willow Street R. D. 1, is the subject of a movie short, "Tomato Pickers' Paradise," which was shown at Joy Theatre Monday and Tuesday.

The short, one of a series entitled "Stranger Than Fiction," has a comment by Alois Havrilla. It shows young Garber's novel picking-machine, consisting of an old truck equipped with a long conveyor belt and hammocks for the workers, who recline with their heads supported in baseball masks and pick the tomatoes as the mechanism moves through the fields. Another worker sitting on the truck sorts the tomatoes as they are carried along the conveyor and places them in baskets ready for the market.

GIRL SCOUTS MAKE POSTERS

'ALL-AMERICAN IS NAME OF NEW GOODYEAR TIRE

Timed for introduction at the beginning of the year's four-month peak period in tire buying, Goodyear Tire & Rubber Co., today announces its new All-American tire, made in popular sizes to cover 70 per cent of the current market of automobiles in service.

Described as full size, bearing a lifetime guarantee without time or mileage limit, the tire is made in 6.00-16, 5.25-17/5.50-17 and 4.75-19/5.00-19. Its addition to the line makes a most complete grouping of tire and tube merchandising units, literally made to measure values to fit any car or truck, whether for a seven-year-old used automobile or a smart new deluxe car, a single truck or a fleet of high-speed transports. Mr. Clarence Grissinger, local Goodyear dealer, said.

"Affording an opportunity for the man who doesn't want to invest as much in tires, but yet enabling him to get products built by a recognized manufacturer, the All-American supplements the company's line of Double Eagle, G-3, Marathon and Pathfinder tires, providing one for every price range, to meet every driving need," said Mr. Grissinger.

Economies in manufacturing processes make the new tire possible at a net low price, Mr. Grissinger stated. The same materials are used as are employed in the manufacture of all Goodyear passenger car tires, and the carcass is made with low stretch Superstret cord, which has a higher tensile strength than did even the quality tires of two years ago. Double cord breaker of high-tensile cord has been included to give greater protection against bruises.

Tread design is new and known as the multiple-rib, which assures long even wear, easy steering and resistance to side slip. Tread compounds are of time-tested reputation for withstanding abrasion.

ABOUT THE SICK

Mrs. James Neal suffered several fractured ribs when she fell against a post in the yard of her home.

"Red" Roy Mateer, proprietor of the "Jitterbug Jungle", is improving nicely from a severe streptococcal infection of the throat.

Mrs. Samuel Eshleman, West Donegal St., was removed to the General Hospital at Lancaster for observation.

Mrs. Joseph Sheaffer was expected to return to her home on Tuesday after being under observation at the Lancaster General Hospital for several days. She was removed to the hospital by ambulance last week.

ATTEND CHURCH
